From

THE HONOURABLE MR. F. S. P. LELY, I. C. S.,
Commissioner, Northern Division;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

Ahmedabad, 28th September 1900.

SIR,

I have the honour to submit the Annual Report on the administration of the Local Boards in the Northern Division for the year 1899-1900, together with the following statistical returns compiled in my office in the prescribed form:—

I.—Statement showing the constitution of the Local Boards.

II.—Statement showing the income of the Local Boards.

III.—Statement showing the expenditure of the Local Boards.

IV.—Statement showing the details of works for the improvement of sanitation.

Ahmedabad Collector's No. 321, dated 16th August 1900.
Kaira Collector's No. $\frac{L.B.}{277}$, dated 12th August 1900.
Panch Mahâls Collector's No. $\frac{L.F.M.}{274}$, dated 21st July 1900.
Broach Collector's No. $\frac{L.F.}{189}$, dated 13th August 1900.
Surat Collector's No. 495, dated 31st July 1900.
Thâna Collector's No. 8020, dated 11th August 1900.

2. I also append the reports noted in the margin submitted by the Collectors and Presidents of the different Boards.

STATEMENT No. I.

3. The area remained the same as last year. The population has been shown as per the Imperial census of 1891.

4. There was no change in the number of the Local Boards, there being six District Boards and forty Táluka Boards as in the preceding year. The former are presided over by the Collectors of the different districts and the latter by Assistant and Deputy Collectors in charge of sub-divisions. The Panch Mahâls is the only district in this division to which the elective franchise has not been extended owing to its backward condition.

5. The triennial term of the Táluka Local Boards of the Broach District expired on the 31st March 1900, and new elections were held during the year. The interest evinced in the elections may be judged from the following table:—

District.	Names of Boards.	Number of persons entitled to vote.	Number of voters who attended the poll.	Percentage of voters who attended the poll to the total number of voters.	Number of seats.	Number of Candidates.	Number of votes obtained by successful candidates.
Broach...	Broach ...	3,509	232	6·6	6	8	232
	Wágra ...	1,524	266	17·4	6	13	172
	Amod .	1,822	305	16·7	6	10	198
	Jambusar ...	3,215	336	10·4	6	14	272
	Ankleshwar ...	2,433	203	8·3	6	10	170

The results were meagre, the highest percentage of voters who attended the poll being 17·4 in Wágra.

No fair inference can be drawn in a year of famine.

6. The number of *ex-officio*, nominated, and elected members was the same as last year, *viz.*, 11,391 and 328, respectively. Out of 730 members 174 were officials and 556 non-officials against 173 and 555, respectively, in the preceding year. It will thus be seen that the non-official element has remained predominant. The number of Europeans and Eurasians fell from 41 to 37, while there was a proportionate rise in the number of natives.

7. The following table shows the number of meetings held in each district the number of official and non-official members on the Boards, and the average attendance :—

District.	Number of meetings.	Members.			Average attendance.		
		Officials	Non-Officials.	Total.	Officials.	Non-Officials.	Total.
Ahmedabad	59	53	100	153	3·8	4·3	8·1
Kaira	34	32	112	144	0·94	3·29	4·23
Panch Mahâls	6	11	21	32	2·5	3·3	5·8
Broach	17	19	77	96	3·4	5·7	9·1
Surat	33	27	108	135	2·18	6·11	8·29
Thâna	53	32	138	170	1·8	6·9	8·7
Total ...	202	174	556	730.	2·45	5·19	7·64

8. The number of meetings held by the several Boards fell from 218 to 202, and the average attendance on the whole shows a corresponding falling off. The attendance of non-official members in the district of Panch Mahâls and of official members in the district of Broach shows a slight improvement, the former rising from 2·8 to 3·3 and the latter from 2·3 to 3·4.

The number of meetings adjourned for want of a quorum has been included in column 14 of Statement No. I, and they have also been shown separately in the column of remarks. There were in all 12 such meetings—5 in Ahmedabad, 3 in Kaira, 1 in Surat and 3 in Thâna, against an aggregate of 4 in the year previous.

These poor results are due to famine, which engrossed the attention of every one.

Excepting Panch Mahâls, none of the District Boards failed to hold the prescribed minimum of two meetings, as will be seen from the following table :—

District.	Number of Meetings.	Average attendance.
Ahmedabad ...	3	14·0
Kaira	3	13·0
Panch Mahâls ...	1	9·0
Broach	3	11·3
Surat	2	11·5
Thâna	4	12·0
Total ...	16	...

The Collector of Panch Máhals states that one meeting was sufficient to enable the Board to carry out all the necessary business, looking to the disorganized state of the district in consequence of plague and famine. The law however required two meetings to be held.

Daskroi.	Amod.
Mehmdabad.	Jambusar.
Mátar.	Ankleshvar.
Godhra.	Bárdoli.
Kálol.	Bulsár.
Dohad.	Sháhápur.
Broach.	

The Táluka Local Boards noted in the margin failed to hold the minimum of four meetings. But in all these cases the Collectors report that the number was sufficient for the disposal of the ordinary business of the Boards.

STATEMENT No. II.

9. The total income of the several Boards amounted to Rs. 9,86,500-4-5 against Rs. 12,38,999-8-7 in the preceding year, giving a decrease of Rs. 2,52,499-4-2, almost wholly owing to the non-realization of the local cess due on land revenue uncollected. Adding to the total income the opening balance of Rs. 5,79,022-7-8, the aggregate amount available for expenditure during the year was Rs. 15,65,522-12-1 against Rs. 19,06,471-12-9 in the preceding year.

10. The following table exhibits the principal items of income as compared with the receipts in the preceding year:—

Heads.	1899-1900.			18981899.		
	Rs.	a.	p.	Rs.	a.	p.
VI.—Provincial Rates	4,57,805	15	9	7,71,290	0	11
XIX.—Education	27,351	9	4	31,297	8	4
XX.—Medical	51,058	6	0	5,755	9	5
XXXII.—Civil Works	1,48,292	7	6	1,66,197	7	11
Contributions	2,54,343	10	3	2,22,659	0	0
XXV.—Miscellaneous	4,713	7	4	7,301	4	5
Cattlepound receipts ...	16,848	14	4	21,043	1	8
Debt	13,678	2	9	4,240	0	0

The causes of fluctuations are briefly as follows:—

11. *VI.—Provincial Rates.*—The net proceeds of the one-anna cess levied under the Bombay Local Funds Acts 1869 and 1884, constitute the principal source of income under this head. The following table shows the proportion of the net receipts to the total income, and the incidence of the cess per head of population:—

District.	Total Income.			Revenue derived from One-anna Cess.			Percentage of Column 3 to Column 2	Incidence of One-anna Cess per head of Population.		
1	2			3			4	5		
	Rs.	a.	p.	Rs.	a.	p.		Rs.	a.	p.
Ahmedabad	1,29,638	7	4	40,579	10	9	31·3	0	0	8
Kaira	1,25,107	13	6	67,708	0	8	54·1	0	1	3
Panch Mahals	47,957	1	9	17,099	11	4	35·6	0	0	10
Broach	1,75,506	14	5	88,070	14	11	50·1	0	4	1
Surat	2,80,594	9	8	1,64,600	3	8	58·6	0	4	0
Thána	2,27,695	5	9	79,747	6	5	35·0	0	1	7
Total ...	9,86,500	4	5	4,57,805	15	9	46·4	0	1	10

12. As compared with the preceding year there is a net decrease of Rs. 3,13,484-1-2 which is distributed over all the districts, and indicates the effect of famine on the collection of land revenue. All districts shared in it, but Surat and Thána only to a limited extent.

13. *XIX—Education.*—There is a net decrease of Rs. 3,950-8-0 spreading over all the districts. In Ahmedabad and Broach during the year under report some of the schools were closed. In Kaira the decrease was highest, amounting to Rs. 1,378-1-4, chiefly due to the fall in the number of school-going boys owing to the prevalence of plague and famine. The fluctuations in Panch Mahals, Surat, and Thána are small and call for no remarks.

14. *XX.—Medical.*—The income from this source amounted to Rs. 51,058-6-0 against Rs. 5,755-9-5 in the preceding year showing an increase of Rs. 45,302-12-7. Most of this is merely nominal being due to the unaccountable inclusion under this head of Rs. 47,872 from realizations by sale of grass to cultivators, &c. In Thána there was a real increase of Rs. 2,007 due to additional receipts on account of the funds of the Andheri Dispensary opened during the year. In Surat there was a small increase of Rs. 112. On the other side there was a deficit of Rs. 722 in the Panch Mahals due to full grants having not been awarded by the District Board for want of funds.

15. *XXXII.—Civil Works.*—The main sources of income under this head are road and ferry tolls, and contributions from private individuals. The total receipts under the head amounted to Rs. 1,48,292-7-6 against Rs. 1,66,197-7-11 in the year preceding giving a net decrease of Rs. 17,905-0-5 which is shared by all the districts except Thána where in road tolls and popular contributions there was an increase of Rs. 7,026.

Toll Collections.—There was a net decrease of Rs. 16,780-6-1 under this sub-head due to famine which interfered with general traffic. In Surat in addition a decrease of Rs. 5,439-12-4 is accounted for by the payment of the Local Fund share of the Hope Bridge toll received from the Municipality representing only a year's dues, whereas last year arrears swelled the item.

Civil Works Miscellaneous.—The receipts under this head amounted to Rs. 8,699-14-6 against Rs. 5,936-3-1 in the preceding year showing a net increase of Rs. 2,763-11-5. There is an aggregate increase of Rs. 4,065 in the districts of Ahmedabad, Panch Mahals and Thána, while there is an aggregate decrease of Rs. 1,301 in the remaining three districts. The sale-proceeds of road-side trees, grass, &c., are credited to this head as per Government Resolution No. 5130, dated 22nd September 1897.

Contributions under XXXII, Civil Works.—Revenue under this sub-head shows a net decrease of Rs. 4,792-3-4 being 20,803-11-2 against Rs. 25,595-14-6 in the preceding year. The decrease is confined to the distressed districts of Gujarát, while Thána shows an increase of Rs. 4,565.

16. *Contributions.*—The receipts under this head show this year a net increase of Rs 31,684-10-3 due chiefly to overdrawals which have been treated as "Contributions" of Rs. 26,480-12-5 and 6,009-4-1 by the District Boards of Ahmedabad and Broach, respectively, to cover their debit balances as per Government Resolution No. 1210, dated 10th March 1900. Gross increase amounts to Rs. 35,197 distributed over Ahmedabad, Panch Mahals, Broach and Surat, while there is a corresponding decrease in the Kaira and Thána districts of Rs. 7,474. In Panch Mahals the increase is explained as due to the receipts during the year of the Government grants, in consideration of the charges on account of the Primary Schools and Dispensary situated within the limits of the defunct Municipality of Kálol which have been borne by the Local Board from January 1899. In Surat, the increase is due to larger receipts from sand and quarry fees, while the decreases in Kaira and Thána are attributed to smaller realizations from the same source.

17. The following table furnishes details of the items comprising these receipts:—

District.	Government Grant to cover debit balance.	Fees for permission to remove Sand or to Quarry.	Fixed contributions in lieu of one-anna cess on Excise Revenue.	Government Grant for Village Sanitation and Water-supply.	Government Grant for Primary Education.	Fisheries fees and fines.	Government Grant towards the construction of School Buildings.	Government Grant towards the construction of Roads or other public works.	Government Grant towards the Veterinary and other Dispensaries.	Total.

* Exclusive of Rs. 2,000 on account of contribution from other Boards.

18. *Miscellaneous.*—The receipts amounted to Rs. 4,713-7-4 against Rs. 7,301-4-5 in the preceding year, and are made up of the following items :—

	Rs.	a.	p.
Sale of old stores and materials ..	226	8	5
Staging bungalow fees	1,180	4	0
Serái fees	924	4	11
Other receipts	2,382	6	0
Rs.	4,713	7	4

These items are in themselves of a very fluctuating nature, and consequently the decrease of Rs. 2,587-13-1, which chiefly occurs under "Other receipts," calls for no remark.

19. *Cattle-Pound Receipts.*—The receipts under this head amounted to Rs. 16,848-14-4 against Rs. 21,043-1-8 in the preceding year, showing a net decrease of Rs. 4,194-3-4 which is shared more or less by all the districts except Surat where there is an increase of Rs. 934. The falling off of this source of revenue in the other districts is due partly to high mortality among cattle, and partly to total absence of grazing which made it not worth while to search for it.

20. *Debt.*—There is a net increase of Rs. 9,438-2-9 under this head, the receipts being Rs. 13,678-2-9 against Rs. 4,240 in the year previous. The proceeds represent for the most part the moneys deposited by Contractors and others and not repaid. Surat and Thána show increases of Rs. 10,970 and Rs. 1,182-2-9, respectively, due in the first case to greater number of deposits having been received from Contractors, and in the second case to the Wadia Water-Supply Fund at Andheri being shown as "Debt account" under the orders of the Accountant General. Panch Mahâls has neither increase nor decrease. The decreases in Ahmedabad, Kaira and Broach are attributed to a falling off in the number of deposits from contractors.

21. The incidence of income per head of population in the several districts is represented in the following table :—

	1899-1900.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.
Ahmedabad	0	2	3	0	3	11
Kaira	0	2	4	0	4	8
Panch Mahâls	0	2	5	0	3	4
Broach	0	8	2	0	8	9
Surat	0	6	7	0	6	9
Thána	0	4	5	0	4	6

The same cause has operated to reduce the average incidence in all the first four districts, though it is concealed in the case of Broach by the credits for grass, the import of which from West Khándesh and sale to cultivators was undertaken in that district by the Local Board.

Statement No. III.

22. The total expenditure of the several Boards amounted to Rs. 12,72,480-14-8 against Rs. 13,27,449-5-1 in the preceding year, showing a net decrease of Rs. 54,968-6-5. In the following table are given the various

items of expenditure under different account heads for the last two years for the purpose of comparison :—

23. *Administration.*—The expenditure under this head amounted to Rs. 35,175-9-3 against Rs. 34,738-9-4 in the preceding year, showing an increase of Rs. 436-15-11. The increase is more or less spread over all the districts except Panch Maháls, where there is a small decrease of Rs. 27-1-10. The high charges on account of travelling allowance to Local Fund Overseers and payment of grain compensation to low-paid servants account for the increases in Ahmedabad and Surat. The fluctuations in Kaira, Broach and Thána are too insignificant for remark. As usual the expenditure under this head includes charges on account of establishments entertained by the several Local Boards under Section 38 of Bombay Act I of 1884, as also the pay and allowances of clerks employed on Local Fund work in the offices of the Divisional Commissioner, the Collectors, the Accountant General and the Educational Inspectors.

24. *Police.*—The increase of Rs. 709-10-0 under this head occurs in Ahmedabad only and is due to the refund of cattle-pound receipts to Government by way of adjustment under the orders of the Accountant General.

25. *Education.*—The following comparative table furnishes details of the expenditure incurred under this head during the year, showing a small decrease of Rs. 380-12-6 :—

	1899-1900.	1898-99.
	Rs. a. p.	Rs. a. p.
Primary Schools	4,02,050 5 1	3,97,526 13 10

Miscellaneous	14 0 0	4,225 0 10
Refunds	289 9 0	375 0 0
Total ...	4,21,784 13 1	4,22,165 9 7

The districts of Panch Maháls, Surat and Thána exhibit an aggregate increase of Rs. 2,503-10-9, against which there is an aggregate decrease of the remaining districts amounting to Rs. 2,884-7-3, the net deficiency being Rs. 380-12-6. In Panch Maháls as has been said before the Local Board had to bear the cost of primary schools formerly managed by the Kálol Municipality which ceased to exist during the year. The rise in expenditure in the Surat District is due to the payment of the arrears of salaries of school masters em-ed on plague duty during the preceding year. The decreases in Ahmedabad ...ch are respectively due to the abolition of some of the schools, and the

employment of school-masters on Plague duty in infected villages. The fluctuations in Kaira and Thána are comparatively small.

26. *Medical.*—The charges under this head are comprised of the following items :—

	1899-1900.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.
Grants to Hospitals and Dispensaries ...	41,167	10	10	36,275	4	2
Vaccination Establishments and Charges ...	20,616	8	4	19,998	5	6
Sanitation Charges	476	12	3	56	13	6
Plague Charges	48,982	6	11	65,889	15	10
Total ...	1,11,243	6	4	1,22,220	7	0

Although there is considerable increase under the first three sub-heads, a heavy fall of Rs. 16,907-8-11 in plague charges resulted in a net decrease of Rs. 10,977-0-8 under the major head. Excepting Kaira where owing to the prevalence of plague there was an increase of Rs. 22,380-5-10, all the districts exhibit a marked fall in this expenditure. As the whole interest of the Dholera Dharamtaláo fund with a deduction of Rs. 1,000 was paid to the Dholera Municipality as per Government Resolution No. 6556, dated 30th October 1898, the usual grant of Rs. 1,300 to the Dholera Dispensary has been stopped. The decreases in the remaining districts are accountable by the extinction of plague and the consequent reduction in such expenditure.

27. *Scientific and other Minor Departments.*—The following contrasted statement gives details of expenditure under this head for the last two years :—

	1899-1900.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.
Veterinary Charges	7,787	1	1	4,512	10	6
Bull and Stallion Charges	1,560	13	1	1,251	5	0
Total ...	9,347	14	2	5,763	15	6

The expenditure under this head occurs in Ahmedabad, Kaira and Surat only, all of which participate more or less in the increase of Rs. 3,583-14-8. In Ahmedabad an increment was made to the salary of the Veterinary officer, a new appointment of a Veterinary graduate was created, and additional stalls for cattle and a kennel for dogs were constructed. In Kaira the increase is due partly to similar increment to the pay of Veterinary officers, and partly to the cost of medicines received in the dispensaries during the year. The increase in Surat is not worth noticing.

28. *Superannuation Allowances and Pensions.*—The expenditure under this head is found in Surat and Thána only, and exhibits an increase of Rs. 68-15-9 which is insignificant.

29. *Stationery and Printing.*—The charges under this head amounted to Rs. 2,189-12-8 against Rs. 2,868-1-7, showing a net decrease of Rs. 678-4-11, due to less expenditure having been incurred in the printing of forms relating to plague during the year.

30. *Miscellaneous.*—This head includes charges on account of Dharmshála and staging bungalow establishments, and other minor expenses. When compared with the preceding year the expenditure exhibits a net increase of Rs. 4,605-9-11. Large fluctuations occur in Ahmedabad, Kaira and Panch Maháls where, owing to (1) larger miscellaneous refunds, (2) filling of water troughs for cattle for a longer period than usual on account of scarcity of water in tanks, &c., and (3) payment of grain compensation to low paid servants, the expenditure shows a marked increase. The remaining districts, on the other hand, show a petty decrease. The grant of Rs. 814 to Municipalities under Section 47 of Bombay Act I of 1884 in the Broach District has been transferred

from this head to that of "Contributions," sub-head "To other Boards," as per Accountant General's instructions conveyed in his letter No. L. F.—27, dated 7th December 1898.

The charges on account of petty establishments amounted to Rs. 9,521-13-7, out of which Rs. 4,965-4-10 were spent on account of the pay and contingencies of establishments entertained to watch and clean staging bungalows and dharmshálas, &c., the remaining sum of Rs. 4,556-8-9 is made up of the following items :—

	Rs.	a.	p.
Charges on account of water-bearers' establishments ...	2,720	13	1

31. *Famine Relief.*—This is altogether a new item of expenditure—marked feature of the year's administration. The following table furnishes details of expenditure in each district :—

District.	Charitable Relief.	Public Works.		Miscellaneous.	Total.
		Water-supply works.	Other works, *e. g.*, road repairs.		
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	41 10 3	75,852 3 9	4,398 1 10	44,004 3 6	1,24,296 3 4

The aggregate charges amount to Rs. 1,24,296-3-4, *i.e.* 9·7 per cent. of the total expenditure of the year. In Broach, owing to the inclusion of charges on account of grass supplied at about cost price to poor cultivators, &c., shown under sub-head "Miscellaneous," the expenditure is nominally higher than in other districts, where it mostly consists of repairs to tanks and other sources of water-supply. In Surat, besides five tank excavation works costing Rs. 13,422-14-2, the following test relief works were carried out under the supervision of the Public Works Department :—

Dihen Tank, Olpád Táluka.

Fanaswada Tank, Bulsár Táluka.

Samroli, Chikhli } Chikhli Táluka.

The cost of these latter works has not yet been brought to account. The actual total expenditure under this head is, therefore, considerably in excess of the amount shown in the statement.

32. *Civil Works.*—The total expenditure amounted to Rs. 5,06,279-0-5 against Rs. 6,71,610-12-7, showing a net decrease of Rs. 1,65,331-12-2. The percentage of charges under this head to total expenditure during the year comes to 39·8 against 50·6 in the preceding year. The following table furnishes details of the amount expended on Public Works carried out (*a*) through the Agency of establishments entertained by the Boards and (*b*) through the agency of the Public Works Department as required in paragraph 2 of Government of India's

letter No. 20, dated 26th May 1899, printed in the preamble of Government Resolution No. 2584, dated 19th June 1899 :—

33. *Communications.*—It will be seen from the foregoing table that Rs. 3,04,771-6-6, or 23·9 per cent., of the total expenditure were spent on the construction and maintenance of roads against Rs. 4,26,990-10-8, or 32·2 per cent. in the preceding year. The fall in the percentage is due to the postponement of certain works in favour of famine test works.

34. The following statement gives the expenditure incurred in each district by the Public Works Department and Civil Agency on communications :—

37. The total expenditure under the sub-head of "Water-supply and Water-works" amounted to Rs. 1,16,934-1-2, the details of which are given in Return No. IV which includes famine works also.

38. The expenditure under the sub-heads "Establishment and Contingencies" (Rs. 49,148-15-5) and "Tools and Plant" (Rs. 11,703-10-9) explains itself and calls for no remark.

39. Besides the above expenditure under Civil Works some minor works of improvement were executed at an aggregate cost of Rs. 3,207-4-3. In accordance with the principle laid down in Government Resolution No. 3847, dated 5th June 1891, only such minor works as are of a permanent nature are shown in columns 22 and 23 of Statement No. IV.

40. Looking to the fall in revenue in consequence of famine, and to the opening of relief works at considerable cost, the amount spent on Civil Works is satisfactory.

41. *Contributions.*—The total expenditure under this head amounted to Rs. 23,572-15-0 against Rs. 45,264-12-2, showing a net decrease of Rs. 21,691-13-2. The decrease is distributed over all the districts except Ahmedabad, where owing to full payment of the interest of the Dhollera Dharam Talav Fund to the

Dholera Municipality there is a set-off of Rs. 5,101-10-8 in the form of increase. In Kaira the decrease is attributed partly to there being no charge on account of contribution to Municipalities, and partly to less amount having been assigned to Municipalities under Section 47 in consequence of smaller recovery of cess owing to failure of rains. In Panch Mahâls the decrease is accounted for on the ground that no special grants towards irrigation works and Godhra Municipality were made during the year. Similar reasons are assigned for the decrease in Surat and Broach. The fluctuation in Thâna is too small to deserve any remark. As has been already remarked in paragraph 30 *supra*, the grant of Rs. 814 to Municipalities under Section 47 in the Broach District has been transferred to this head from "Miscellaneous."

42. *Debt.*—There is a net increase of Rs. 10,611-13-2, which is contributed mostly by Surat and Thâna. In the former district a sum of Rs. 5,746-3-10, being an advance to the Executive Engineer for the iron work indented for from England for the Jubilee Bridge at Ichhapore, for which regular accounts have not been rendered, is treated under suspense accounts. In Thâna the expenditure on the water-supply at Andheri, the funds for which were transferred to the District Board during the year under report, and are treated in the Local Fund accounts as deposits, explains the increase of Rs. 780.

43. *Interest on Debt.*—There was no payment under this head during the year, and hence the decrease of Rs. 221-13-9.

44. *Balance.*—The actual balance at the close of the year was Rs. 2,93,041-13-5 against Rs. 5,79,022-7-8, showing a decrease of Rs. 2,85,980-10-3. The following table exhibits the balances at the credit of the several Boards on the 31st March 1900 (and 1899):—

District.	1899-1900.	1898-99.
	Rs. a. p.	Rs. a. p.
Ahmedabad	.....	81,565 2 3
Kaira	29,165 11 0	1,57,096 5 6
Panch Mahâls	11,289 15 1	12,362 11 4
Broach	.....	74,672 14 4
Surat	1,72,257 11 10	1,53,821 4 1
Thâna	80,328 7 6	99,594 2 2
Total ...	2,93,041 13 5	5,79,022 7 8

As was premised in the report for the past year, the accumulated balances of the several Local Boards have been considerably reduced to meet the exigencies of famine. In Ahmedabad and Broach, owing to non-realization of one-anna cess, coupled with the pressing demand for famine expenditure, the surplus balances were exhausted towards the end of the year, and Government permitted the Local Boards of these districts to overdraw to the extent of Rs. 48,000 and Rs. 10,000, respectively. The overdrawals, however, amounted to only Rs. 26,480-12-5 in Ahmedabad and Rs. 6,009-4-1 in Broach, and these sums have been treated as temporary contributions from Provincial to Local as per orders conveyed in Government Resolution No. 1210, dated 10th March 1900. It may fairly be expected that in view of the favourable prospects of the current year, the Local Boards concerned will be in a position to repay this debt to Government. The balance of the Kaira District Board has been reduced far below the prescribed minimum (*viz.*, Rs. 61,000), but the Board was fortunately not compelled to overdraw. In Panch Mahâls the closing balance has nearly reached the minimum limit. In the remaining two districts the balances have not been so seriously affected, and the Boards are left with a sufficiency of means to undertake works of public utility, or to meet unforeseen expenditure without borrowing. The large balance in Surat is, however, not without its encumbrances. The Public Works charges for test relief works are yet to be paid, and about Rs. 8,000 are included in the balance which belong to the ryots

for works not taken up. Moreover, road works which otherwise would have absorbed some part of the balance were not undertaken owing to the failure of the rains.

Statement IV.

47. The total expenditure on water-supply amounted to Rs. 1,92,786-4-11 against Rs. 1,33,305-13-3 in the year previous. Out of this a sum of Rs. 75,852-3-9 was spent on water-supply works undertaken for famine relief, and the remaining sum of Rs. 1,16,934-1-2 was debited to "45—Civil Works." From the aggregate amount, Rs. 77,260-12-7 were spent on new tanks, Rs. 33,570-15-6 on new wells and troughs, and Rs. 81,954-8-10 on repairs to the existing sources of water-supply.

48. Kaira and Broach spent Rs. 449-5-0 and Rs. 987-3-2 respectively on the improvement of village sites. A sum of Rs. 476-12-3 was spent on conservancy of towns and villages in the Thána District. Besides these, Broach spent Rs. 160-11-5 on repairs to a jetty at Borbhatta; and in the Surat District an expenditure of Rs. 144-5-1 was incurred on providing lamps on the road from Jalálpur to the Navsári Railway Station for the convenience of the rural population. Some minor works of temporary expediency, such as the construction of dams in the Daskroi and Prántij Tálukas at a total cost of Rs. 581-3-11, and repairs to drains in Dholka and Viramgám at a cost of Rs. 234-8-0, have not been shown in the statement.

49. I append the notes of the several Executive Engineers in this Division showing the original cost, mileage and the present state of the Local Fund roads as required by Government Resolution No. 779, dated 30th January 1890.

50. The following brief resumé of the district reports regarding the progress made during the year in material improvements in the several districts is given in accordance with the orders of Government conveyed in paragraph 15 of their Resolution No. 3179, dated 30th July 1895.

Ahmedabad.—Besides large expenditure of Rs. 6,829-2-1 and Rs. 827-5-2 on metalling the Ahmedabad-Bavla and Ahmedabad-Bareja Roads respectively, the following important works were carried out:—

Re-making the road from Ahmedabad to Dholka to mile No. 8.

Construction of a bridge across the Khari Cut Canal.

Dharmshálas at Modása and Kanbha.

Extension to the school-house at Sitápur in Viramgám Táluka.

Additions and alterations to the school-house at Dhansura in Modása Táluka.

Large and small tanks were excavated. Other projects had to be abandoned partly on account of large sums having been expended on ordinary repairs to the main roads in charge of the Public Works agency and partly on account of non-realization of the Local Fund Cess.

Kaira.—The total expenditure on original works of communication was Rs. 8,334-10-5, of which Rs. 4,833-3-4 were spent on metalling the 2nd and 3rd miles of the Mehmdabad-Kaira Road, and Rs. 1,169-4-4 on the construction of the 1st section of the Matar-Cambay Road. A new culvert was constructed over the water-way on the Petlád-Cambay Road at an outlay of Rs. 6,474-9-0; 24 new wells were sunk and 149 existing sources of water-supply repaired. The District Board also maintains two Veterinary Institutions—one stationary at Nadiád and the other itinerating throughout the district with the help of contributions from the Nadiád Municipal Funds and a grant-in-aid from Government. These institutions are every year growing in usefulness.

Panch Maháls.—No important original work was carried out in this district. The expenditure on Public Works was mostly incurred on repairs.

Broach.—The improvement of a portion of the Broach-Jambusar Road at an outlay of Rs. 6,155-15-4, and the construction of a culvert over the Dolia creek on the Jambusar-Tankaria Road at a cost of Rs. 782-8-11, are the only important original works under "Communication." The Dispensary building at Kávi was completed during the year. No new school buildings were erected, but the existing ones were repaired at a total cost of Rs. 1,596-11-5. The sum of Rs. 69,210-11-9 was spent for maintenance and management of vernacular schools, and Rs. 1,840-10-9 for vaccination charges. The District Board also maintained three Travelling Dispensaries for some months during the fever season. As to water-supply Broach has comparatively incurred the highest expenditure. Sixty-four new tanks were excavated at an outlay of Rs. 26,085-13-4, and 10 wells and troughs were newly constructed. Besides, Rs. 14,089-4-6 were spent for the improvement of the existing sources of water-supply.

Surat.—The following works of importance were in progress during the year:—

Road from Olpád to Sahole.
Low-level bridge across the Tenna river near Itchhapur.
Road from the Bárdoli town to the Tápti Valley Station.
Additions to and alterations in the school-house at Sultánpur.

Besides ordinary expenditure of Rs. 14,371-4-6 on the improvement of village water-supply, the following test-works were opened for famine relief:—.

Sáthwán Tank—Mándvi Táluka.
Kachholi „ —Jalalpur „
Ambach „ —Párdi „
Wankaner and Gotasa Tanks—Bárdoli Táluka.
Dihen Tank—Olpád Táluka.
Fanaswada Tank—Bulsár Táluka.
Sámroli and Chikhli Tank—Chikhli Táluka.

Thána.—Under "Communications" the following are worth noticing :—

Road from Sanján to Nargol.
Do. from Ambali to Vajreshwari.
Do. from Wangaon to Chinchni.
Do. from Kalwa to Belhapur, 2nd Section.
Dharamshála at Murbád.

There was no expenditure on original buildings. Under water-supply 4 new tanks were dug and 201 wells were newly constructed, 192 existing sources of water-supply were repaired at a cost of Rs. 12,775-0-1.

The subjoined table furnishes statistics of original works under various heads executed in the various districts during the last five years :—

51. Works Committees were duly appointed in all the districts in accordance with rule 2 of the rules under the Local Boards Act, and their working is on the whole reported to be satisfactory. In the Kaira District, the following scheme is adopted :—

"Each Táluka is divided into a certain number of groups and the Committee is formed of as many members as there are groups. To each member is assigned a particular group and he is informed whenever a work is to commence in that area. All bills for materials or labour are paid only if signed by the member for the group concerned. Visitors' books are kept at each work wherein the member in charge makes inspection memoranda. These memoranda are read at the meeting of the Táluka Board whenever the Sub-Divisional officer presides in person ; and votes of censure or thanks are carried according as the members have been slack or active and these are communicated to the members concerned. This practice has been found to have the effect of stimulating the interest of members."

In Thána most of the members are reported to have shown a good deal of energy and keenness, especially as regards the improvement of water-supply.

52. The following is a brief summary of the remarks made by the several Collectors in this Division as regards the extent with which it has been found possible to interest the villagers in the execution of works in the manner explained in paragraph 2 of Government Resolution No. 2870, dated 19th May 1898:—

Ahmedabad.—All the Presidents of the Táluka Boards report more or less favourably on the subject. However, owing to want of funds during the year under report, Local Fund works in charge of the Local Boards' Agency were a few only, and accordingly there was not sufficient chance of judging the question properly.

Kaira.—There was little opportunity to make an observation on this point owing to the stopping of important Local Fund works.

Panch Maháls.—In consequence of plague and famine, the villages having been more or less disorganized it was impracticable to do anything in the way of encouraging the residents of villages to take greater interest in the execution of works.

Broach.—As a rule villagers do not take proper interest on Local Fund works and as the year under report was of famine, most of the Local Fund works, which could be conveniently postponed, were not carried out.

Surat.—Villagers continue to show the same interest in the execution of Local Fund works in their villages by contributing some portion of the cost, by giving carts gratis for bringing materials, and by superintending progress of the works.

Thána.—It appears from the reports of Sub-divisional Officers that the residents of villages in which works were in progress took little interest in their execution except in the talukas of Bhiwndi and Wáda. In the Bassein Sub-division the villagers are very ready to petition for works, but as a rule they cannot be induced to assist in any way in their execution.

I have the honour to be,
Sir,
Your most obedient Servant,

F. S. P. LELY,
Commissioner, N. D.

Thána, 11th August 1900.

No. R.—4619 OF 1900.

From

SIR A. WINGATE, K.C.I.E.,
Commissioner, C. D.;

To

THE SECRETARY TO GOVERNMENT,
General Department.

Poona, 29th November 1900.

SIR,

I have the honour to submit the report on the administration of Local Boards in the Central Division for the year 1899-1900, and to append the prescribed Statements Nos. I to IV.

STATEMENT No. I.

2. There was no change in the number of Boards in office, which remained stationary at 6 District and 66 Táluka Local Boards.

3. The total population within the jurisdiction of the several Boards is the same as in the previous year. But the area shows a decrease of 415 square miles owing to the adoption for the Khándesh District of revised figures furnished by the Survey Commissioner and Director of Land Records and Agriculture.

4. The total number of members serving on the several Boards has fallen from 1,232 in 1898-99 to 1,230 in the year under report. The decrease was due to the fact that the vacancy caused on the Táluka Local Board of Karád and the District Board, Sátára, by the death of an elected member who held both seats was not filled up until after the close of the year.

5. Of the 1,230 members referred to, 6 were *ex-officio*, 574 elected and 650 nominated. The number of official and non-official members was 310 and 920 respectively. The *ex-officio* members are confined to the Peint Táluka of the Násik District, inhabited by hill-tribes who are not fitted for the exercise of the elective franchise.

6. The average attendance of the official and non-official members at meetings of the Boards calculated in accordance with the instructions contained in Government Resolution No. 2843 of the 25th May 1897 is exhibited in the following table:—

District.	Number of Meetings.	MEMBERS.			AVERAGE ATTENDANCE.		
		Official.	Non-official.	Total.	Official.	Non-official.	Total.
Khándesh	100	64	254	318	3	8	11
Násik	62	90	121	211	4·1	4·2	8·3
Ahmednagar	82	50	152	202	2·38	5·72	8·1
Poona	40	31	124	155	2·05	6·72	8·77
Sholápur	28	30	108	138	2·69	6·68	9·37
Sátára	60	45	161	206	2	7	9
Total ...	372	310	920	1,230	2·7	6·3	9

7. As compared with the preceding year the attendance of official members remained stationary in all districts of the Division save Ahmednagar, where there was a slight falling off. Considering the calls on their time imposed by famine work it is satisfactory to find that there was no appreciable decrease anywhere. The results in respect of the non-official members are not as good, as the attendance in Násik, Ahmednagar and Poona shows a substantial decrease.

8. The rules framed under Act I of 1884 require the holding of at least two general meetings by District Boards. There is no similar provision in respect of Táluka Boards, but the standing orders of Government require the holding of four meetings a year. The usual practice is for Boards to meet at least twice during the 12 months and this none of the District or Táluka Boards failed to do, some of them having met oftener during the year. The funds at the disposal of many of the Táluka Boards are so limited that there is probably no necessity for the members to assemble more than once after the annual Budget meeting has been held.

STATEMENT No. II.

9. There was a heavy decrease in receipts during the year. The total income from all sources was Rs. 11,30,780-6-1, being smaller by Rs. 2,48,176-0-7 than the preceding year's realizations. The loss may presumably be ascribed to the famine. The total amount available for expenditure during the year, inclusive of the opening balance, was Rs. 16,58,787-11-7. In the following statement are contrasted the receipts under the several heads of accounts for the past two years:—

10. The causes of the fluctuations in the various items are briefly explained below:—

I.—Land Revenue.—The sale-proceeds of trees and grass which used to be credited to this head having been transferred to "XXXII Civil Works in charge of Civil Officers" in accordance with the directions of Government contained in Government Resolution, General Department, No. 4509, dated 28th August 1900, there are no receipts under this head.

VI.—Provincial Rates.—The proceeds of the one-anna cess are brought to account under this head. The collections during the year show a decrease of Rs. 2,70,766-4-11 owing to loss of revenue on account of the Famine. The incidence of the cess per head of population shows a proportionate decrease, having fallen from Re. 0-2-2 to Re. 0-1-6. These particulars as well as the proportion which the proceeds of the cess bear to the total income of the District Boards in the Division are exhibited in the following statement:—

Year.	Total Income.	Net revenue derived from the One-anna Cess.	Percentage of Column 3 to Column 2.	Incidence of the One-anna Cess per head of population.
1	2	3	4	5
	Rs. a. p.	Rs. a. p	Rs. a. p.	Rs. a. p.
1898-99	13,78,956 6 8	8,60,387 8 3	62 6 4	0 2 2
1899-1900	11,30,780 6 1	5,89,621 3 4	52 2 3	0 1 6

XII.—Interest.—The receipts under this head represent the interest received on invested funds in the Násik and Sholápur Districts. The increase of Rs. 184-2-8 appearing under this item is due to the interest which accrued on the sum of Rs. 10,000 contributed by Sir Dinshaw Manekji Petit towards the cost of a Dispensary at Nándgaon in the Násik District which, pending the commencement of the work, has been invested in Government Promissory Notes.

XVII.—Police.—The net receipts from cattle pounds, which are brought to credit under this head, fell from Rs. 63,445-3-9 in the year 1898-99 to Rs. 50,395-4-10 in the year of report. The decrease is observed in all the Districts of the Division except Poona and Sholápur and is what might have been expected in a famine year in which there is free grazing in forests and largely diminished impounding of cattle.

XIX.—Education.—The receipts under this head were derived from school fees (Rs. 38,303-4-9), contributions (Rs. 328-12-6) and miscellaneous credits (Rs. 629-9-8) and amounted in all to Rs. 39,261-10-11. The realizations in the preceding year were Rs. 42,013-7-10, the decrease of Rs. 2,751-12-11 being due to a falling off (*a*) in fees from primary schools as the result of smaller attendance during a famine year and (*b*) in public contributions towards the cost of school buildings.

XX.—Medical.—The receipts under this head comprise the following items:—

	Rs.	a.	p.
(i) Hospital and Dispensary receipts ...	505	13	0
(ii) Contributions	2,207	8	0
(iii) Miscellaneous credits	130	1	3

The total amounting to Rs. 2,842-2-2 is smaller by Rs. 2,322-4-8 than the realizations in the year 1898-99. The decrease is due principally to diminished receipts under the first item in Khándesh and under the second item in Khándesh and Sátára owing to the famine.

XXI.—Scientific and other Minor Departments.—The total receipts have fallen from Rs. 2,634-7-3 in 1898-99 to Rs. 2,005-4-1 in the year under report. They are made up of the following sums:—Rs. 1,536-11-7 in Khándesh and Poona on account of Veterinary receipts; Rs. 436-6-6 on account of interest on the Mahiji Exhibition Endowment Fund in Khándesh; and Rs. 33-2-0 on account of ground rent recovered from stall-holders at the Naitala fair in the Násik District. The decrease referred to above occurred under the first item, Veterinary fees having decreased both in Khándesh and Poona.

XXV.—Miscellaneous.—Until last year Staging Bungalow and Serai fees used to be included under this head. This item, however, has since been transferred to "Civil Works" and the receipts under "Miscellaneous" are now composed of small items of a fluctuating character. They show an increase of Rs. 689-12-6, which does not call for any explanation.

XXXII.—Civil Works.—The total under this head comes to Rs. 1,42,108-4-1 and is comprised of the items detailed below:—

	Rs.	a.	p.
(i) Tolls on ferries	1,30,360	11	6
(ii) Rent on buildings and lands ...	590	0	8
(iii) Sale proceeds of stores and materials ...	169	3	6
(iv) Miscellaneous	9,484	15	0
(v) Contributions	1,503	5	5

No. (IV).—Miscellaneous.—Includes sale-proceeds of trees and grass and Staging house and Serai fees transferred to this head for the first time during the year under report. The receipts as a whole fell short by Rs. 35,350-7-4 of

the previous year's realizations, the decrease being chiefly due to loss of revenue on tolls, apparently the result of diminished traffic in a famine year.

Contributions.—These fall under two heads, *viz.*; Contributions from Provincial to Local Funds and Contributions by one Board to the revenues of another. As usual, the latter is a very small item. It appears only in the accounts of one district, *viz.*, Násik, which received a contribution of Rs. 340 from the Ahmednagar District Board. Contributions from Provincial to Local Funds amounted to Rs. 2,70,325-9-5. They were made under a number of heads, details regarding which will be observed from the subjoined statement:—

Districts.	Fees for permission to remove sand and to quarry.	Proceeds from fees, fines and penalties under Bombay Act VIII of 1866.	Fixed contributions in lieu of one-anna cess on excise revenue. A comparison with the previous year's figures shows a net increase of Rs. 48,066-5-5 under this head, due in great measure to temporary advances drawn from Government to make up Local Fund deficits caused by delays in the recovery of the one anna cess.

Debt.—The total of this head shows an increase of Rs. 28,494-7-2 as compared with the previous year's figures, which is due to Book adjustments in the Sholápur and Sátára Districts not requiring detailed explanation.

Statement No. III.

11. The expenditure of the year under all heads amounted to Rs. 14,40,375-1-5. As compared with the outlay incurred in 1898-99 there was a

decrease of Rs. 1,26,811-0-5. In the following statement the expenditure of the past two years is contrasted under each separate head :—

			Net Increase ...	1,26,811 0 5

12. The causes of the fluctuations indicated in the foregoing statement are explained below.

18. Administration.—The increase of Rs. 2,125-12-2 occurred in all Districts except Poona and Sholápur and is ascribed chiefly to the grant of grain compensation to Local Board Establishments owing to famine and to the transfer to this head from Stationery and Printing in accordance with the orders issued in Government Resolution No. 4509, dated the 28th August last, of charges on account of stationery locally purchased.

22. Education.—The increase of Rs. 2,727-0-11 was caused by heavier expenditure on primary schools in Khándesh and Sátára, more particularly in the latter district. The details of the charges recorded under this head are as follows:—

	Rs. a. p.
Primary schools	4,05,585 15 1
Grants-in-aid	14,820 8 0
Scholarships	17,621 5 8
Miscellaneous	14,0 0 2 3
Refunds	257 2 5

24. Medical—There was a falling off under this head to the extent of Rs. 11,990-5-1. It occurred in the first three of the six component items noted below.

	Rs. a. p.
(i) Bubonic plague charges	65,826 5 5
(ii) Hospitals and Dispensaries	36,687 14 1
(iii) Vaccination establishment and charges ...	34,470 7 0
(iv) Sanitary charges	127 0 0
(v) Medical schools and colleges	200 0 0
(vi) Refunds...	144 0 0

26. Scientific and other Minor Departments.—The rise in the expenditure amounting to Rs. 212 is too small to need detailed explanation. The charges are made up of the four items specified below:—

	Rs. a. p.
Horse fairs	1,000 0 0
Veterinary charges	8,548 15 3
Bull and stallion charges	6,307 5 3
Botanical and other public gardens	89 15 0

29. Superannuation Allowances and Pensions.—The charges under this head are necessarily of a fluctuating nature and the increase of Rs. 369-5-5 recorded under this head needs no further remarks.

30. Stationery and Printing.—Some portion of the decrease of Rs. 2,302-7-9 is nominal, the result of the transfer to the head "18 Administration" of charges on account of stationery locally purchased. The rest is due to smaller expenditure on printing.

32. Miscellaneous.—Nearly the whole of the decrease of Rs. 8,351-6-10 is the result of the transfer from this head to "45 Civil Works" of Staging Bungalow and Serai Establishment charges, agreeably to the orders contained in the Government Resolution quoted above.

33. Famine Relief.—The expenditure under this head is made up of Public Works and miscellaneous charges amounting respectively to Rs. 1,49,753-12-10 and Rs. 148-3-5. The former item represents the cost of the famine test works carried out during the year.

45. Civil Works.—The total expenditure under this head amounted to Rs. 5,47,854-12-0, showing a decrease of Rs. 25,641-13-2. So much was spent on test works during the year that the ordinary outlay had necessarily to be contracted to some extent. It is only surprising that the decrease was not larger than that specified above.

The total outlay recorded comprised a sum of Rs. 1,40,145-11-0 spent on works carried out by Civil Agency and of Rs. 2,55,316-0-3 those executed by the Public Works Department. The details of the expenditure incurred on original works and repairs executed by Public Works or Civil Agency will be observed from the following statement:—

13. The details of the expenditure incurred in each District are summarized below.

KHA'NDESH.

Civil Buildings.

The more important of the original works carried out were the following, the cost on their account being Rs. 2,441-9-0:—

(i) A wire fence for the Pachora Dispensary Compound.

(ii) Servants' quarters for the same building.

(iii) A wire fence for the Nawápur Dispensary Compound.

(iv) Mortuary at Yával.

(v) School-houses, five in number.

The buildings repaired were the following, the cost being Rs. 5,328-4-10:—

One Staging Bungalow.

One Store house.

One Local Board Office.

2 Dispensary buildings.

19 School-houses.

Communications.

Of the total outlay amounting to Rs. 1,01,641-2-10 incurred under this head, a sum of Rs. 36,662-14-0 was spent on the following works:—

5 Dharamshálas.
1 Chavdi.
3 Pavements.
6 Embankments.
13 Roads.
2 Inspection Bungalows.
Planting and preservation of road-side trees.
Wire fencing.
Surveys of 3 roads.

The balance of Rs. 64,978-4-10 was spent on repairs to 49 dharamshálas, 73 roads, 8 chavdis, 1 Inspection Bungalow, 3 travellers' bungalows.

NA'SIK.

Civil Buildings.

Out of a total expenditure of Rs. 6,191-4-9, a sum of Rs. 3,513-6-1 was spent on the construction of a dead-house and a school building and the balance on repairs to school and dispensary buildings.

Communications.

Out of a total outlay of Rs. 43,218-11-10, a sum of Rs. 6,882-2-9 was spent on the construction among other works of 2 dharamshálas, 2 chavdis and a road. The cost of a ferry boat also appears under this head. The balance of Rs. 36,356-9-1 was devoted to the repair of dharamshálas, roads and country tracks, as well as to the preservation of roadside trees.

AHMEDNAGAR.

Civil Buildings.

Expenditure to the amount of Rs. 3,576-13-4 was incurred on 2 new school-houses and on additions and alterations to an existing one; while repairs to school-houses and dispensary buildings cost Rs. 3,072-9-6.

Communications.

Of the total expenditure of Rs. 51,627-9-7 recorded under this head, a sum of Rs. 9,598-13-1 was spent on the following works :—

(1) Road between the Sina river and Jámkhed.
(2) Irrigation drains for the above-mentioned road.
(3) Improvements to the Thugaon-Kotul Road.
(4) Survey of a portion of the Pathardi Moho Road.
(5) Survey of a portion of the Visapur Station Feeder road.
(6) Dharamshálas, six in number.
(7) Improvements to country tracks.

The balance of Rs. 42,028-12-6 was spent on repairs to the existing roads, country tracks, travellers' bungalows and dharamshálas.

POONA.

Civil Buildings.

The whole of the expenditure amounting to Rs. 3,995-7-7 was devoted to repairs to school-houses in the District.

Communications.

A sum of Rs. 10,495-15-6 was spent on the construction of certain roads, 4 dharmshálas and 1 chavdi and on the planting of road-side trees, while repairs to dharmshálas and roads, and the preservation of road-side trees absorbed Rs. 49,223-12-8.

SHOLAPUR.

Civil Buildings.

Expenditure to the amount of Rs. 2,684-10-5 was incurred on the following original works :—

Completion of a school-house.

Construction of a school-house.

Erection of a compound wall round a school-house.

Additions to 2 school-houses.

Addition of a urinal to a school-house.

Repairs, chiefly to school-houses, cost a further sum of Rs. 2,163-5-6.

Communications.

The construction of certain roads and of 4 dharmshálas and 1 chavdi cost Rs. 4,025-4-2, while the expenditure incurred on repairs to roads and dharmshálas and for the preservation of road-side trees amounted to Rs. 23,120-7-3.

SA'TA'RA.

Civil Buildings.

Charges to the extent of Rs. 1,095-8-8 were incurred on the improvement of 2 school-houses and on the conversion of a dharmshála into a schoolroom. A further sum of Rs. 5,778-10-10 was laid out on repairs to school-houses, to a Local Board office and to a dispensary building.

Communications.

A sum of Rs. 9,906-9-2 was devoted to the new works noted below :—

(1) Construction of 2 new roads and improvements to 5 old ones.

(2) Construction of 2 and completion of 3 ferry boats.

(3) Renewal of wire rope to a ferry boat.

(4) Construction of a slab drain.

(5) Construction of 3 culverts.

(6) Survey of one road.

Repairs to existing roads, dharmshalás, &c., involved a further outlay of Rs. 65,873-14-2.

Particulars regarding new buildings constructed during the year are given in the following statement :—

Contributions.

14. This head includes contributions (*a*) to Provincial Revenues and (*b*) to other Boards. The component items are those noted below :—

		Rs.	a.	p.
(*a*)	Contribution on account of Famine Relief (Khándesh) ...	35,965	2	10
	Do. to Hospitals	3,600	0	0
	Do. to Chávdis	1,684	4	3
	Do. to supplement the Government grant for water-supply in the Násik District ...	550	0	0
	Do. on account of moiety of the pay of the Stud Clerk in the Poona District ...	140	0	0
	Total ...	41,939	7	1
(*b*)	Grants to Municipalities	9,038	15	6
	Grants to Sanitary Committees or Boards	1,431	0	0
	Contribution by the Ahmednagar District Board to the Násik District Board for the maintenance of the ferry at Ghoti in the Násik District	150	0	0
	Total ...	10,619	15	6

Taking all the foregoing items together, there is a net increase of Rs. 19,978-0-3 over the previous year's accounts and it is chiefly due to the payment to Government of a sum of Rs. 30,000 by the District Board, Khándesh, as its share of the general expenditure incurred on famine relief in the district in 1896-97. The Collector shows a sum of Rs. 35,965-2-10, but the excess over the sum of Rs. 30,000 referred to above apparently represents other items erroneously included under contributions to famine expenditure.

15. *Debt.*—The expenditure shown under this head is made up of two sums, *viz.*, (*a*) Rs. 4,385-2-9 on account of payment made towards the liquidation of the principal of two loans aggregating to Rs. 40,000 obtained by the District Local Board, Poona, for the construction of a bridge across the Indrayani River, and (*b*) Rs. 21,640-3-8, representing a debit raised by the Public Works Department against the Sátára District Board on account of the cost of Local Fund test works executed under Public Works Agency during the year.

16. *Interest.*—The sum of Rs. 338-13-3 appearing under this head represents the charge on account of interest on the loans mentioned in the preceding paragraph.

17. *Balances.*—The total of the balances to the credit of all the Boards in the Division at the beginning of the year was Rs. 5,28,007-5-6. At the end of the year it was reduced to 2,18,412-10-2. The following table shows separately for each district and for the Division as a whole the opening and closing balances as well as the receipts and expenditure during the year :—

The closing balance in Sholápur shows an increase as contrasted with the corresponding figures pertaining to the preceding year. The Poona and Khándesh Boards had much smaller balances than in the previous year and in Násik, Ahmednagar and Sátára the accounts were closed without any balance whatever. The increase in Sholápur was probably fortuitous because, as exemplified by the accounts of the District Boards in the Division, Local Funds were at a low ebb generally during the year in consequence of the famine.

STATEMENT No. IV.

18. The following table shows separately for each district the total expenditure incurred under different heads for the improvement of village sanitation :—

Districts.	Improvement of water-supply.	Improvement of village sites, &c., including removal of rank vegetation.	Conservancy of towns and villages	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	64,540 12 3	612 6 4	199 0 0	86 0 0	65,438 2 7

19. Inclusive of the sum of Rs. 5,000 annually paid by the Sátára District Board to the Local Municipality, the funds devoted to the improvement of water-supply in the Division during the year amounted to Rs. 64,540-12-3. The expenditure in the preceding year was Rs. 47,946-10-9. The increase of Rs. 16,594-1-6 was due to larger expenditure incurred in sinking new wells or deepening old ones to avert the impending scarcity of water.

20. The outlay of Rs. 612-6-4 on the improvement of village sites represented the cost of the removal of prickly pear in 9 villages of the Násik and 3 villages of the Poona District. The other items are unimportant and require no detailed notice.

21. There is very little to be said about the material progress of the year of which a sketch is to be furished in accordance with the directions given by Government in their Resolution No. 3179 of the 30th July 1895. Owing to famine, which largely reduced the resources of all District Boards, and plague, which entailed more or less heavy expenditure on some of these Bodies, the funds available for useful works were seriously curtailed. This will be clearly observed from the subjoined statement, in which figures for the past five years are given for purposes of comparison :—

	1895-96.	1896-97.	1897-98.	1898-99.	1899-1900.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

Total ...	4,48,347 14 11	3,88,987 3 9	1,50,125 1 10	1,06,751 2 6	1,27,940 9 9

22. It will be seen that in 1895-96, the last year in which Local Funds were administered under normal conditions, the expenditure on original

works (buildings, communications and water-supply projects) amounted to Rs. 4,48,347-14-11. Last year's total was Rs. 1,27,940 and small as it is it must be discounted still further in view of the fact that a considerable portion of the outlay was devoted to works taken up less for their intrinsic utility than for the relief of temporary distress. Much the same remarks are applicable to the preceding three years. Nor is the immediate future very promising. The prospects of the current season are more or less unfavourable throughout the Division and Local Fund receipts will therefore be again adversely affected. Most of the Boards will in all probability have to be accommodated with advances by Government and it may take a year or more to repay them, during which expenditure must be limited strictly to what is unavoidable.

23. I append an account of the more important original works executed during the year, with a view to giving some idea of the objects on which the funds were expended.

(I).—KHA'NDESH.

(*i*).—*Roads.*

Murum surfacing and rolling of 5 miles on the Amalner-Párola road was completed. The murum spread on the road from the 4th to the 8th mile could not be completed for want of rain.

The construction of the slopes at the ford over the Tápti on the Nandurbár-Taloda road was practically completed and the slopes were opened for traffic.

Almost the whole of the earth and masonry work on the Nandurbár-Taloda road was completed.

(*ii*).—*Buildings.*

Only one school-house was completed during the year.

(*iii*).—*Dharmsháles.*

Four were constructed and one commenced last year was completed.

(*iv*).— *Wells.*

Sixty-eight were completed and 70 begun.

The total outlay incurred on original works of all descriptions in the district amounted to Rs. 49,380-12-4.

(II).—NA'SIK.

The following original works were constructed :—

A school-house.

A dead-house.

A stable.

Two dharmsháles.

Two chávdis.

A portion of the Dholbari road.

A concrete circular drain.

A road-dam.

Fifteen wells.

Blocking of the steps of one well.

The total cost on original works of all descriptions in this district amounted to Rs. 15,121-8-8.

(III).—Ahmednagar.

The following original works were either constructed or completed during the year:—

Six dharmshálas.
A section of the Shrigonda-Jamkhed road.
Provision of irrigation drains to the above-mentioned road.
Improvement to one road.
Do. to country tracks in the district.
Survey of three roads.
125 wells.

The total expenditure on original works of all kinds in this district was Rs. 21,521-5-6.

(IV).—Poona.

The following works were either constructed or improved during the year:—

Four dharmshálas.
One chávdi.
Roads.
Sixteen wells.
One tank.
Nine other sources of water-supply.

The total expenditure incurred on original works of all descriptions in this district amounted to Rs. 15,693-10-7.

(V).—Sa'ta'ra.

The following are the works which were carried out during the year in this district:—

Additions and alterations to two school-houses.
Conversion of a dharmshála into a school-house.
Five ferry boats.
Renewal of wire rope to a ferry boat.
A slab drain.
Three culverts.
Survey of the Vita-Kudal road.
Improvements to five roads.
Opening of two roads.
Nineteen wells or other sources of water-supply.

The total outlay incurred on the works referred to above amounted to Rs. 18,533-8-11.

(VI).—Shola'pur.

The following works were carried out during the year:—

A new school-house.
Additions to three school-houses.
Completion of a school-house.
Erection of a compound wall to a school-house.
Roads.
Four dharmshálas.
One chávdi.
Five wells.

The total cost incurred on these works amounted to Rs. 7,689-11-10.

24. There are two other points on which remarks are required by Government, viz., (1) the arrangements in force for the supervision and execution of works and (2) the measure of interest taken by the villagers in works.

With reference to (1) there is nothing to add to what has been stated in paragraphs 40 to 42 of the report for the year 1897-98 as to the division of responsibility for the execution of works between the Public Works Department and the Agency employed by the District Boards. As regards (2) little could be done in a famine year in which the village system was disorganised under the stress of famine. The Collector of Ahmednagar reports however that in two cases in which the construction of wells was entrusted to villagers, the works were not only well executed, but more money than had been assigned from Local Funds was apparently spent by the people in making the wells more permanently useful. This is very satisfactory and shows that with proper encouragement on the part of the Local Fund Executive as well as the Táluka and Sub-divisional officers village communities can be interested in works pertaining to their localities more largely than is the case at present and the Commissioner would strongly recommend this plan to the consideration of Collectors.

As required by Government Resolution No. 779, dated 30th January 1980, I append notes in original from the several Executive Engineers showing the cost, mileage and present condition of the Local Fund roads in their respective Districts.

I have the honour to be,

Sir,

No. 3221 of 1900.

From

THE HONOURABLE MR. A. F. WOODBURN,
Bar.-at-Law, I. C. S.,
Commissioner, S. D.;

To

THE SECRETARY TO GOVERNMENT,
General Department,
Bombay.

Belgaum, 11*th October* 1900.

SIR,

I have the honour to submit the Annual Report on the administration of the Local Boards in the Southern Division for the year 1899-1900, together with the usual Statistical Returns I to IV, compiled in my office in the prescribed form.

STATEMENT No. I.—CONSTITUTION OF THE BOARDS.

Area and population.

2. The area remained the same as last year. The population has been shown according to the Imperial census of 1891.

Number and constitution of the Boards.

3. There was no change in the number and constitution of the Boards, there being 6 District Boards and 50 Táluka Boards as in the preceding year. The former are presided over by the Collectors of their respective districts and the latter by the Assistant and Deputy Collectors in charge of sub-divisions. Kánara is the only district in this division where the elective franchise is not fully availed of. In the six* talukas named in margin, only *ex-officio* members and members nominated by Government and those elected by the Municipalities, where those exist, sit on the Boards. The number of *ex-officio*, nominated and elected members was 15,486 and 397 respectively. Of the total number of members (898), 190 were officials and 708 non-officials against 205 and 691 respectively in the previous year. The number of European and Eurasian members increased from 25 to 29, while the number of natives decreased from 871 to 869.

*Ankola.	Sirsi.
Honávar.	Supa.
Siddápur.	Yellápur.

Total number of meetings and attendance of members.

4. The following table shows the number of meetings held in each district, the number of official and non-official members on the Boards and their average attendance :—

District.	Number of Meetings.	MEMBERS.		AVERAGE ATTENDANCE, 1899-1900.		AVERAGE ATTENDANCE, 1898-1899.	
		Officials.	Non-officials.	Officials.	Non-officials.	Officials.	Non-officials.
Belgaum	32	39	97	3·	4·1	2·6	4·5
Bijápur	46	31	118	1·9	4·8	1·8	5·4
Dhárwár	68	39	173	2·04	5 68	1·8	5·9
Kánara	59	30	77	1·49	4·	1·5	4·3
Kolába	45	22	112	1·4	7·5	1·3	9·2
Ratnágiri	67	29	131	1·46	5·6	·92	6·1
Total ...	317	190	708	1·8	5·3	1·64	5·84

The number of meetings held by the several Boards was 317 against 322 in the preceding year. The number of meetings adjourned for want of a

quorum was 26 against 28 in 1898-99. At Indi the average attendance at each meeting is stated to be 4, while the total number of members there is 15. No meetings adjourned for want of a quorum are, however, shown against the Board in Statement I. It is not clear, therefore, how some, at any rate, of the meetings could have been held without infringing the provisions of the law regarding a quorum. The average attendance of non-official members shows a marked falling off in Bijápur, Kolába and Ratnágiri, due apparently to the difficulties caused by plague. The other districts also show a decrease. The official attendance was slightly better than last year everywhere, except in Kánara, which shows a small decrease. There were only two meetings with a quorum of the Managing Committee of the District Local Board, Dhárwár, during the year.

Meetings of the Táluka Local Boards.

5. A satisfactory number of meetings was held by the Rájápur (11), Mahad (10), Hubli (9), Bankápur (9) and Ron (9) Táluka Local Boards; while the Táluka Local Boards of Athni, Gokák, Parasgad, Indi, Bágalkot, Dhárwár and Karajgi failed to hold even the prescribed minimum number of meetings. The reasons why the Boards in the Belgaum and Bijápur Districts could not meet even four times during the year have not been explained. The failure on the part of the Dharwar Táluka Local Board has been ascribed to the fact that no new works were undertaken by the Board, and it was, therefore, not necessary for it to hold more than two meetings. This explanation is not satisfactory. The Board does not meet only to consider new works. The default of the Karajgi Board is stated to be due to lack of interest and factious tendencies on the part of its members.

6. The District Local Boards held 21 meetings against 20 in the preceding year—14 were general and 7 special. All the Boards complied with the rule regarding the holding of half-yearly meetings. The average attendance was as per margin. There is an improvement in Belgaum, Bijápur and Dhárwár; while Kánara, Kolába, and Ratnágiri show a falling off.

Statement No. II.—Income.

7. The opening balance at the commencement of the year was Rs. 3,44,421-0-11 against Rs. 3,71,952-15-5 in the preceding year. The total income, excluding the opening balance, amounted to Rs. 10,73,286-4-6 against Rs. 10,82,758-7-5 in the year preceding, showing a decrease of Rs. 9,472-2-11.

The following table exhibits the receipts of the year under report as compared with those of 1898-99:—

Heads.	Income during 1899-1900.	Income during 1898-99.	Increase.	Decrease.

			Net Decrease ...	9,472 2 11

The heads under which the decrease principally occurs are (*a*) Provincial rates, (*b*) Education and (*c*) Debt Under (*a*) it was mainly due to the suspension on account of famine of a large portion of the land revenue in the Bijápur District, with which one-anna cess amounting nearly to Rs. 13,000 was also suspended. The decrease under Education is shared in more or less by all the districts except Kolába, and is the result of the decreased attendance at, and the consequent closing of, some of the schools owing to plague. Under (*c*) it was only nominal, there being no considerable advances made to meet emergent famine expenses and consequent repayment of them as in the preceding year. The several sources of income contributed the following percentages—

	Percentage in 1899-1900.	Percentage in 1898-99.
(1) One-anna cess	56·6	56·8
(2) Toll receipts	10·3	9·6
(3) Contributions from provincial funds ...	22·4	22·4
(4) Fee receipts	4·7	5·1
(5) Other receipts	6	6·1

The variations under the several heads of income are explained below :—

VI—Provincial rates.—The net proceeds of the one-anna cess levied under the Bombay Local Funds Act constitute the income under this head. The decrease of Rs. 7,613-9-11 is accounted for above. The following table shows the proportion of the net receipts from the one-anna cess to the total income and the incidence of the cess per head of the population in each district.

District.	Total income of the Boards.	Revenue derived from one-anna cess.	Percentage of column 3 to column 2.	Incidence of one-anna cess per head of population.

Total ...	10,73,616 14 7	6,07,865 6 2	56·6	0 2 ·5

XVII—Police.—The proceeds under this head represent the net receipts under the Cattle Trespass Act. The decrease which has occurred principally in Dhárwár, Bijáppr and Kánara is the result of a decline on account of famine in the number of impoundings in Bijápur and Dhárwár and of increased expenditure on the construction of and repairs to cattle-pounds in Kánara.

XIX—Education.—As explained above the decrease of Rs. 6,641-11-4 under this head is due to a falling off in the attendance at the schools owing to the prevalence of plague and famine.

The details are :—

	Rs. a. p.
(1) School fees	50,865 11 0
(2) Contributions (for purchase of furniture) .	706 13 4
(3) Miscellaneous including receipts of Rs. 4,368-8-2 of the School of Industry, Ratnágiri	4,734 4 1
	56,306 12 5

XX—Medical.—This item consists of contributions from Municipalities for the maintenance of vaccination establishments and of hospital and dispensary receipts. The net decrease of Rs. 3,248-8-3 is made up by the decreases in Belgaum, Bijápur and Dhárwár. The increase in Kánara is only nominal,

being due to the sale of a Rs. 500 Government Promissory Note belonging to the Yellápur Dispensary, the proceeds of which were credited to this head. In Kolába it was due to the opening of a travelling dispensary for Roha and Mángaon tálukas, to which Government paid a contribution of Rs. 500 and the Roha Municipality of Rs. 100. The increase in Ratnágiri is small and calls for no remark.

XXI—Scientific and other Minor Departments.—The receipts under this head occur only in the Belgaum and Dhárwár Districts.

XXV—Miscellaneous.—The large increase of Rs. 11,486-14-0 occurs almost wholly in Dhárwár and is due to cash recoveries on account of advances to Plague officers, and the cost of disinfectants sold to public bodies as well as on account of realization of disinfection charges from the rural public, whose houses were disinfected during the last plague by Plague officers.

XXXII—Civil Works.—The chief items of income under this head are "Tolls on roads and ferries" and "Contributions." The total revenue of Rs. 1,20,981-14-6 consists of:—

Rs.	a.	p.	
1,10,631	0	11	On account of Road and Ferry Tolls.
592	15	3	Do. Rents of buildings and lands.
8,769	15	2	Do. Contributions.
987	15	2	Do. Miscellaneous items.
Total ... 1,20,981	14	6	

The road and ferry tolls show an increase in all the districts except Dhárwár. The recovery of arrears of the previous year swelled the receipts in Belgaum and Kolába, while in Dhárwár there is a decrease of Rs. 3,200 mainly owing to restrictions on traffic imposed by the plague rules. The increases elsewhere were due to higher bids for the farms during the year. The annexed table furnishes particulars of the contributions made by private persons and Municipalities towards the construction of works of public utility. The decrease is accounted for by the fact that last year Rs 4,000 were paid by Dr. Vishram Ramaji Gholey of Poona to the Ratnágiri District Board for a technical school at Wankaoli, which item does not appear during the current year.

* Paid by the Kolhápur State for road-side trees on Nipáni-Mahálingpur Road.

† Rs. 629-3-4 on account of private contributions for school buildings appear in column 24 of Statement II under XIX—Education.

Contributions.—The receipts under this head show a net increase of Rs. 3,004-5-9. Ratnágiri has a large increase of Rs. 9,019 against a more than countervailing decrease in Bijápur, Belgaum, and Kolába. The increase in Ratnágiri is due to Government grants for famine relief works (Rs. 4,000) and for the construction of a school-house at Málvan (Rs. 5,024). The decrease is the result of the absence of Government grants similar to those made last year for water-supply in Bijápur and for school buildings in Bijápur and Dhárwár,

In Dhárwár while there is an increase under contribution in lieu of excise revenue of over Rs. 5,000, there is a decrease of nearly Rs. 8,000 in the Government grants for primary education. The decrease in Kolába is explained by the fact that large arrears for the sand and quarry farm of 1896-97 were recovered and credited during the last year, there being no such unusual item during the year under report.

The following table furnishes details of the items comprising the receipts under this head.

District.	Fees for permission to remove sand or to quarry.	Proceeds from fees, fines and penalties under Bombay Act VIII of 1866.	Fixed contributions in lieu of one anna cess on Excise revenue. Debt.—The receipts under this head represent the repayments of advances made to meet famine and plague expenses.

Incidence.—The incidence of taxation and that of income (excluding balance) per head of population for the division were annas 2 pies ·5 and annas 3 pies 7·3, respectively, against annas 2 pies ·8 and annas 3 pies 7·7 in the preceding year.

Statement No. III.—Expenditure.

8. The total expenditure of the Boards amounted to Rs. 11,05,078-1-10 as compared with Rs. 11,10,290-5-11 in the year 1898-99. There was thus a decrease of Rs. 5,212-4-1. The following statement gives the expenditure under the different heads for the last two years :—

			Net Decrease ...	5,212 4 1

The increases and decreases under the various heads are explained below.

18. Administration.—The expenditure under this head amounted to Rs. 34,526-6-7, against Rs. 34,338-11-9, showing an increase of Rs. 187-10-10. This head includes charges on account of establishments entertained by the several Local Boards under Section 38 of the Local Boards Act as also the pay and allowances of clerks employed on Local Fund work in the offices of the Divisional Commissioner, the Accountant General, the Collectors and the Educational Inspectors.

22. Education.—The outlay under this head aggregated Rs. 4,30,550-13-0 as compared with Rs. 4,27,525-12-0 in the preceding year, and is composed of the following items:—

(*a*) Rs. 7,997-7-9 on account of the Ratnágiri School of Industry (establishment charges) against Rs. 8,687-8-8 in 1898-99. The decrease is not explained.

(*b*) Rs. 3,72,769-4-0 on account of establishment charges of primary and secondary schools.

(*c*) Rs. 12,594-15-2 on account of grants towards primary education against Rs. 13,802-14-4 in 1898-99, the falling off being due to no grants-in-aid having been paid in Dhárwár.

(*d*) Rs. 9,690-9-11 on account of scholarships awarded to students attending training Colleges, special schools and middle and primary schools.

(*e*) Rs. 22,445-7-4 miscellaneous against Rs. 19,591-3-4 in the previous year. The increase occurs in Ratnágiri against the School of Industry, and is due to the purchase of timber worth Rs. 3,022-2-0.

(*f*) Rs. 5,053-0-10 refunds against Rs. 314-4-0 in the preceding year. This excess is due to the fact that in Belgaum and Bijápur several contributions which had been received from private sources towards school houses had to be repaid in consequence of the inability of the Local Boards to provide money for carrying out the works.

The number of primary and secondary schools maintained by the District Local Boards during the year under report as well as in the preceding year is contrasted in the following table:—

*1895-96	... ...	1,195
1896-97	... ...	1,180
1897-98	... ...	1,161
1898-99	... ...	1,149
1899-1900	... ...	1,145

The total number* of the schools in the Division has fallen off from 1,195 in 1895-96 to 1,145 in 1899-1900. This is due to the fact that the country has suffered from plague or famine or both for the last four years and the attendance at schools has consequently declined.

24. Medical.—The charges under this head amounted to Rs. 1,36,682-7-2 against Rs. 1,74,528-0-8 in 1898-99 or a decrease of Rs. 37,845-9-6 against the abnormal expenditure caused by plague in the previous year. The total outlay is still much in excess of the normal as will be seen from the figures given in the margin.* The details for the amount are given below.

* Expenditure of 1896-97, Rs. 55,930-6-4.
Expenditure of 1897-98, Rs. 69,127-2-5.

(1) Hospitals and dispensaries, Rs. 22,354-9-6 against Rs. 24,485-7-5 last year. The decrease appears in Bijápur and is due to Dispensaries remaining closed for the greater portion of the year and the Hospital Assistants doing plague or famine work elsewhere. In Kolába an expenditure of Rs. 1,109-14-5 was incurred on the new travelling dispensary given to the Roha and Mángaon Tálukas.

The subjoined is the statement of grants made to the several dispensaries in the Districts of this Division, during the year under report, and those made during 1898-99.

In Bijápur the balances at the credit of the Dispensary funds are said to be accumulating, and the Collector reports that the necessary steps, either to invest the surplus portions in Government promissory notes or to have them utilized by curtailing the local fund grants, are being taken. The travelling dispensary at Bánkápur was closed during the year owing to want of funds. The Local Board grant to the Civil Hospital at Alibág was paid in May 1900, and is, therefore, not shown in the above table.

26. Scientific and other Minor Departments.—The expenditure amounted to Rs. 5,308-6-5 against Rs. 5,529-11-10 in 1898-99, and occurs only under the sub-head "Veterinary charges," in the Belgaum, Kolába and Ratnágiri districts.

30 Stationery and Printing.—The expenditure under this head declined to Rs. 3,425-14-5 from Rs. 4,122-1-10 in the preceding year. The charges on account of country stationery appear only in Dhárwár and Kolába. The printing charges have decreased in all districts except Dhárwár, where there is a small increase.

32. Miscellaneous.—The increase of Rs. 4,663-5-1 under this head is due to a refund of Rs. 5,000 to Provincial on account of toll collections at Samasgi toll bar in the Dhárwár District, which were wrongly credited to Local Funds in the previous years. The details of the total expenditure under this head are :—

Rs.	a.	p.	
400	0	0	Contribution by the Belgaum District Local Board to the Roman Catholic Chaplain, Belgaum, in support of two leper homes.
12,112	7	4	Staging bungalow establishments.
1,787	6	11	Other petty establishments attached to Dharamshálas.
439	11	6	Miscellaneous unforeseen charges.
5,608	10	9	Miscellaneous refunds.

33. Famine Relief.—This is an unusual item of expenditure. The Bijápur Board spent during the year Rs. 19,843-1-4, the Dhárwár Board Rs. 1,190, and the Ratnágiri Board Rs. 700. No famine relief work, as such was started in Dhárwár during the year, and the expenditure on test works opened for the relief of needy persons which amounted to Rs. 8,295-7-10, is included under Civil Works. The sum of Rs. 1,190 shown under 33—Famine Relief—is on account of advances made to the different Boards to enable them to make emergent payments to coolies on famine test works. As regards the Bijápur Board, Government have, in their Resolutions Nos. 1953 (General Department) and 1825 (Famine Department), dated 6th and 9th April 1900, respectively, promised to exempt it from all famine liabilities, and the expenditure of Rs. 19,843-1-4 incurred by it is only nominal as it will eventually be refunded by Government. Rs. 700 were spent by the Ratnágiri District Board on repairs to a road in the Deogad Táluka, which work was carried out to meet the demand for labour in that táluka.

45. Civil Works.—The amount of expenditure under this head during the year rose from Rs. 4,00,832-14-6 to Rs. 4,12,888-3-11 during the year under

report, exhibiting an increase of Rs. 12,055-5-5 due to some of the Boards having opened test famine relief works. The total expenditure is distributed as shown below :—

(*1*) *Civil Buildings.*—Rs. 20,693-13-4 were spent under this head as shown in the following table, which compares the figures of the year under report with those of 1898-99 :—

Buildings.	1899-1900.			1898-99.

Rs. 4,926-2-5 were laid out on original works, of which Rs. 4,341-6-6 were on account of 6 new school-buildings as shown below, and the remainder on account of special repairs and extensions, &c., to existing school-houses and Rs. 38-11-11 in Kánara on the construction of a store-house at Honawar.

Famine and plague charges prevented the District Local Boards of Bijápur and Kolába from undertaking the construction of new school-buildings. In Dhárwár also, for the same reason, the expenditure on new school-houses was very much less than in 1898-99.

(2) *Communications.*—The total outlay is classified below both for 1899-1900 and 1898-99 :—

Communications.	1899-1900.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.

Total ...	2,95,355	4	9	2,78,457	6	10

The mileage original cost and present condition of the Local Fund roads in the Division in charge of the Public Works Department are given in the notes of the several Executive Engineers, forming Appendix 5 to this report.

The Bijápur Board spent Rs. 38-10-4 on the construction of a chavdi and the Ratnágiri Board Rs. 110 on a dharamsala. In 1898-99, 7 chavdis and 3 dharamsalas were constructed at a cost of Rs. 2,046-5-7.

(3) *Water-supply and Water-works.*—The expenditure on water-supply amounted to Rs. 43,245-9-6 against Rs. 41,411-15-6 in the preceding year. Full details of the works carried out by the several Boards will be found in Statement No. IV.

(4) *Drainage Works.*—Only Rs. 58-14-6 were spent under this head in the Belgaum District.

(5) *Other Works of Public Improvements.*—Rs. 575-5-3 were expended under this head as constrasted with Rs. 919-6-3 in 1898-99, the chief objects of improvements being construction of and repairs to piers and dams, removal of prickly-pear, repairs to ferry boats, &c.

(6) *Establishment and Contingencies.*—Under this sub-head an outlay of Rs. 48,141-11-4 was incurred as compared with Rs. 47,229-3-11 in the preceding year.

(7) *Tools and Plant.*—The tools and plant purchased for the Local Board Establishment and the Government Public Works Establishments cost Rs. 4,493-15-3 against Rs. 5,413 in the previous year.

(8) *Miscellaneous.*—Rs. 323.

In compliance with paragraph 2 of Government Resolution No. 4876 of 8th September 1897, details of the expenditure on public works carried out through the agency of the Public Works Department and through the establishments entertained by the several Boards are given in the annexed table. As compared with the outlay on Civil Works in 1898-99 there are large increases during the year against Belgaum and Dhárwár, due to the famine test works carried out by these Boards in relief of famine-stricken persons within their areas. The figures in the margin show the amounts spent by the several Boards in this direction which are included in their Civil Works expenditure.

Contributions.—The contributions "to Provincial" and "to other Boards" amounted respectively to Rs. 7,652-7-9 and to Rs. 12,117-11-2 against Rs. 8,717-4-10 and Rs. 15,998-4-0 in the preceding year, exhibiting a net decrease of Rs. 1,064-13-1 under the former and of Rs. 3,880-8-10 under the latter head. The amount for the preceding year was swelled by the payment of arrears of contribution to the Sanitary Committees in the Bijápur District

which accounts for the decrease during the year under report. Contributions "to other Boards" consisted of the following items :—

	Rs.	a.	p.
Contributions for medical and sanitary purposes ...	10,033	11	9
Contributions for other objects	2,083	15	5

Debt and interest on debt.—Of the total outlay of Rs. 19,231-1-2 under "Debt," the Bijápur District Local Board paid Rs. 3,597-15-5 in liquidation of the loan of Rs. 50,000 granted to that Board by Government for expenditure on the Begum Tank at Bijápur in the famine of 1876-77, and the Ratnágiri District Local Board paid Rs. 4,461-1-9 towards the payment of the last instalment of the Ambaghát loan. Of the former loan only Rs. 615-2-2 remained to be liquidated on 1st July 1900. The Dhárwár District Local Board also paid Rs. 9,772 in repayment of the loan made to it under Government Resolution No. 1043 of 26th March 1895. On the interest account the following sums were paid during the year under report :—

	Rs.	a.	p.

Balances.—Excluding the amount of deposits and permanent advances to the several Boards in the Division, the total balance amounted to Rs. 3,12,629-3-7 at the close of the year against Rs. 3,44,421-0-11 in 1898-99. The subjoined statement gives the details regarding the income and closing balance of the several Local Boards for the last two years as well as the minimum balance prescribed by Government :—

That there is a steady attempt to reduce the balance is apparent from the fact that the excess of the Divisional balance over the prescribed minimum, which was 46 per cent. on 31st March 1898, was reduced to 35 per cent. at the end of 1898-99, and at the end of the year under report it is only 23 per cent. The balance of the Belgaum Board is much below the minimum. The excess in Bijápur and the defect in Dhárwár are trifling. The other three districts show large surpluses. Prevalence of plague and an impending famine, with the consequent necessity of keeping reserves for expenditure on their account, is, as usual, the reason assigned for the accumulation of the balances in those districts. The Collectors explain that the Budgets were originally framed with a view to keeping the balances up to the prescribed limit, but the occurrence of scarcity led to the curtailment of all avoidable expenditure.

9. The following table shows the proportion of their respective expenditure which the several Boards contributed during the year under report to educational and medical objects, to Civil Works and to administration :—

The above statement shows that as in the past year the Ratnágiri Board incurred the largest proportion of its total expenditure on educational objects and the Kolába Board on medical objects. The percentage of expenditure on public works is highest in Dhárwár and that on administration in Kolába. Dhárwár is lowest in the percentage both under Educational and Medical objects.

Statement No. IV.

10. A comparative statement for the years 1898-99 and 1899-1900 of the expenditure incurred under the principal heads of village sanitation is given below :—

Year.	Improvement of water-supply.	Improvement of village sites, &c., including removal of rank vegetation.	Conservancy of towns and villages.	Sanitary arrangements at fairs and festivals.	Other objects calculated to promote the safety, health, comfort and convenience of rural population.	Total expenditure on sanitary objects.

Special activity in the direction of the improvement of water-supply is noticeable in Dhárwár. Kolába shows a small increase, while the remaining districts all show a falling off. Rs. 210 were spent by the Belgaum District Board on the eradication of prickly pear and rank vegetation and Rs. 836-4-0 by the Kánara Board on conservancy.

Interesting villagers in works near their villages.

12. On the subject of interesting villagers in local works, this year again no progress has been made and the subject is not likely to receive more attention until the return of more prosperous times. From Kolába, however, it is reported that several temporary water-works were executed with the assistance the villagers contributed. The Villagers' Committees in Rajápur and Vengurla are said to have rendered considerable assistance to the *Vice* President.

Progress in material improvements.

13. In material improvements also little progress is observable. All the Boards were handicapped by having to make provision for plague expenditure, even if such expenditure was afterwards found not to be required and useful works had to be postponed. In Dhárwár the increased expenditure on Civil Works represents the outlay the Board had to incur on works undertaken in relief of famine. Generally speaking most of the sum spent on Civil Works was confined to maintenance.

Communications.—In the Belgaum District an outlay of Rs. 3,401-9-7 was incurred on original works and Rs. 68,054-13-4 on repairs. Among the original works carried out were the planting of road-side trees on the Nipáni-Mahálingpur Road, which cost Rs. 1,272, and the completion of the Saundatti Dhárwár Road on which Rs. 827 were expended. It is not understood why the full amount of the contribution of Rs. 2,000 by the Kolhápur Durbár for plant-

ing road-side trees on the Nipáni-Mahálingpur Road has not been expended. The Collector has been asked to report on this point. The most important Local Board Roads in the Bijápur District, *viz.*, the Bijápur-Sindgi, Indi-Sindgi, Bágevádi-Telgi and the Bágewadi-Bijápur Roads, had several material improvements effected on them and the usual repairs to these and other roads were carried out at a cost of Rs. 22,849-13-2. Rs. 853-1-2 were also expended on the planting of road-side trees. The Dhárwár Board spent Rs. 91,666-1-9 on repairs and Rs. 2,005-4-2 on Arboriculture, while about Rs. 4,000 were spent on the construction of the Karajgi-Devárgudda Road and the Advisomapur-Harlápur Railway Station Road and the improvements to certain petty roads. In the Kánara District Rs. 2,991-1-11 were expended on special repairs to roads, bridges, and dharmshálas, and Rs. 32,453-3-4 on repairs. The Sadashivgad-Kadra Road was improved at a cost of Rs. 795, and the survey of Hebankerighát Road was undertaken. The Collector considers the Forest Department contribution of R. 1,800 per annum to the Local Board towards the maintenance of roads to be inadequate and his report on the matter stated to to have been submitted through the Conservator of Forests, Southern Circle, is still with that officer. The transfer from Local to Provincial of the two roads, *viz.*, Ankola-Madras Frontier Road and the Yellápur Kodkani Road, is under the consideration of Government, and if sanctioned will give much relief to the Boards of this district. As the Kolába Board has to provide Rs. 25,000 for meeting plague charges in 1899-1900 it was unable to undertake any important road works. It spent, however, Rs. 26,705-9-5 on repairs, and undertook the surveys of the following Roads, *viz.*, Bhorkas to Patnus, Patnus to Kolád, Kashelle to Khandus, Kudus to Bhivápur, Kashelle to Neral, and Bhivapur to Kashelle. The Ratnágiri Board was greatly hampered by plague charges and could spend only some Rs. 863-2-10 on original works, and Rs. 18,445-7-7 on repairs. It is gratifying to note that the Ambaghát loan has now been fully paid up, the last instalment having been paid during the year under report. Nearly Rs. 7,000 were spent on the following Roads to meet demand for labour, *viz.*, 1 Marsi Bridge to Machemad Creek, 2 Málwan-Sukalwad Road, 3 Phunda-Kadávli Road, 4 Rájápur-Ansura Road, 5 Chiplun-Chickhi Road and 6 Bharve-Amboli Road.

Water-supply, improvement of Village sites, &c.—What progress was made in this direction has been shown in the remarks on Statement IV. Plague made it necessary to limit other expenditure, and Government grants for water-supply having been stopped no material improvement is noticeable.

Schools and other buildings.—Seven new schools, one chavdi and one dharmshála were constructed during the year at a cost of Rs. 4,528-12-9 against 10 schools and 10 chavdis, &c., costing Rs. 15,475-13-11 in 1898-99. On repairs to the existing buildings Rs. 15,767-10-11 were spent.

Medical objects.—In the Dhárwár District the travelling Dispensary at Bankápur was closed during the year for want of funds. It is, however, reported that definite proposals are under consideration for establishing one at Hángal. A dispensary at Ron is reported to be one of the main wants of that táluka, but the necessary popular contributions are not forthcoming. In the Kolába District a new travelling Dispensary for the Roha and Mángaon Tálukas was opened during the year which is expected to prove very useful. The Veterinary Dispensaries at Belgaum, Dhárwár, Ratnágiri and Alibag are much appreciated and largely used.

Works Committees.

14. Works Committees are reported to be in existence in all the Boards. A Code of rules on the lines of the Surat Code, has already been introduced in Kánara, and will be shortly introduced in Dhárwár and Kolába. In Bijápur and Ratnágiri the rules have been drafted and await discussion at the next meeting of the District Local Boards concerned. In Belgaum the draft from the Committee appointed to report on the matter is still awaited. The Collector should expedite the introduction of the Code, the usefulness of which was impressed on the Presidents of all the District Boards by Government so far back as in May 1897 (Government Resolution No. 2843, General Department of 1897, paragraph 16). In Belgaum

the members of the works committees generally inspect works in progress near their homes, but the responsibility for superintending and carrying them out devolves mainly on the Mámlatdár Vice-Presidents, aided by the Local Board sub-overseers and maistries employed under Táluka Boards. The Collector of Bijápur reports that in his district the members apportion the works between them, visit them while under construction and certify to their completion after personal inspection. In the Dhárwár District, the works committees of the Dhárwár, Hubli, Bankápur, Kalghatgi, Navalgund and Gadag Táluka Boards are reported to be taking fair amount of interest in their work, while the Hángal and Ránebennur committees are not favourably mentioned. The Collector states that the members of most of the Committees prefer to get their works executed by contracts rather than departmentally and remarks that the code of rules prepared on the lines of the Surat Code, which is now ready to be introduced, contains provisions calculated to check effectually this tendency. As regards Kánara the Collector reports that in tálukás the Mámlatdárs and in pethas the Mahálkaries have to bear the brunt of the Local Board work, and the majority of the non-official members take little interest in the management. In Kolába the general indifference pointed out in the last year's report was to some extent overcome during the current year and some of the Táluka Committees have been favourably reported on. The works committee of the District Local Board showed zeal and energy in doing its business. The Collector of Ratnágiri states that a works committee of the District Board has been formed, but as important works are usually done by the Public Works Department they have no supervision to do. The committees of Rájápur, Devgad, Málvan, Vengurla, Chiplun and Dápoli are spoken of favourably while the work of the Ratnágiri and Sangameshvar Committees is said not to be very satisfactory.

15. The following table will show at a glance the extent to which Local Boards have been compelled in recent years to defer expenditure on original works on account of their having to provide funds for plague measures:—

16. The remarks of the several Collectors and Presidents of the District Local Boards are summarized below.

Belgaum.—Mr. Bonus states that the Divisional Officers report that little interest is displayed by the villagers in the work of the Boards and that the present position of the District Board is not encouraging. The reduction of the Board's balance below the prescribed minimum and the consequent necessity of abstention from practically all construction of new works (exclusive of those debitable to the educational part of the budget) promise to render the Board's operations of an extremely hum-drum character for some years to come. So far as present indications go there is a probability of saving money on the plague estimates, but this is discounted by the necessity for refunding popular contributions collected for works which the Board is unable to carry out. The leper-house scheme is indefinitely shelved, pending the decision of Government on the question of a new Civil Hospital.

Bijápur.—The Collector, Mr. Drew, reports that the District Board has done its best to keep the existing Local Fund works in proper condition though it has been able to do little new work, and states that Ráo Bahádur A. R. Chitre, Huzúr Deputy Collector and Vice-President of the District

Local Board, and Messrs. Sheshgirrao, Government Pleader, and Basangowda Sadashivagowda Patil of Mangoli, continued to evince the same interest in Local Board affairs as before.

Dhárwár.—Mr. Doderet acknowledges the praiseworthy interest taken in Local Board work by Messrs. Krishnarao Valvekar and Ráo Sáheb Ramrao Desai, non-official Vice-Presidents of the Hubli and Dhárwár Táluka Boards, and the steady work of Mr. Ramráo Bellary, Chairman of the District Board, Dhárwár.

Kánara.—The Collector states that in addition to the inadequate grant from the Forest Department for roads, the Board labours under the difficulty of maintaining the many existing roads at a large cost. If the transfer of the Local Fund roads referred to above to Provincial is sanctioned the Boards will be free to undertake new works of improvement. The sanitary condition and the water-supply of the coast tálukas in this district are always good, but in the above ghat tálukas malaria is always prevalent in the cold season and water becomes scanty in the hot weather. Mr. Brown's predecessor, Mr. Lucas, has recorded a note to the effect that the District and Táluka Local Boards are not in a satisfactory state and that under the pretence of road repairs money is squandered and misappropriated. Mr. Brown is being asked to report what steps he has taken to remedy the state of affairs complained of.

Kolába.—Mr. Bagnell is of opinion that the Local Boards worked more satisfactorily during the year under report than in the preceding year. He states however that there is still room for improvement. Of the seven members of the District Local Board works committee the names of three, Messrs. Kamat, Agarkar and Dosabhoy Shapurji, are mentioned with approval for the zeal and energy displayed by them in looking after the affairs of the Board.

Ratnágiri.—The Collector states that the great want of the district is facility of communication, a want which it is not practicable at present to provide for. The outlook is not a hopeful one, each succeeding year brings to light new wants and emphasizes the necessity for the old ones, while the income is inelastic and shows no signs of increase. Mr. Bomanji further states that to add to the troubles of the Boards, money which could and should have been used to meet some of the needs of the district has for the last three years been diverted to plague and famine expenditure. The relief prayed for by the Board at the hands of Government in the matter of plague charges has been refused and the situation is, in his opinion, very discouraging.

17. The administration of the Boards was, under the peculiar circumstances of the year, on the whole satisfactory. The Boards have loyally co-operated with Government in the campaign against plague and famine and deserve thanks for their public spirit.

I have the honour to be,
Sir,
Your most obedient Servant,

A. F. WOODBURN,
Commissioner, S. D.

No. G-636 of 1900.

GENERAL DEPARTMENT.

Commissioner's Office, Karáchi,
Karáchi, 14th November 1900.

MEMORANDUM.

The Commissioner in Sind has the honour to submit the annual report on the administration of Local Boards in the Province of Sind for the year 1899-1900, together with Statements I to IV, compiled in his office.

2. The subjoined table shows the dates on which the reports were received from the several Collectors and Deputy Commissioners, as also the dates on which their final replies to references asking for further information or explanation were received :—

STATEMENT No. I.—CONSTITUTION OF BOARDS.

3. No change took place in the number and constitution of the Boards during the year under report, there being five District and 49 Táluka Boards as in the preceding year.

4. A slight change was made in the areas of the Tando Alahyar and Mirpur Khas Táluka Boards in the Hyderabad and Thar and Párkar Districts respectively; owing to the transfer to the latter district of the uninhabited portion of the village of Godho in the Tando Alahyar Táluka, comprising 2·10 square miles of waste lands—*vide* Government Notification Nos. 8320 and 8320-A. of the 21st November 1899, published at pages 1723 and 1724 of the *Bombay Government Gazette*, Part I, for 1899. No changes in the areas of the other District Boards took place.

5. The elective franchise was in force in the Karáchi, Hyderabad, and Shikárpur Districts and in the Mirpur Khás Táluka of the Thar and Párkar District, to which it was extended in 1894, when forming part of the Hyderabad District. The members of the other Boards in Thar and Párkar and the whole of the Upper Sind Frontier Districts are nominated, the elective system not having been extended to those areas owing chiefly to the backward condition of the inhabitants.

6. The number of nominated as well as elected members was the same as in last year.

7. The number of meetings held during the year under report was 313, including 19 adjourned for want of a quorum, against 357 in the previous year.

The District Local Board, Karáchi, again held only one half-yearly meeting owing to the prevalence of plague in the early part of the year. The rest of the District Local Boards held two half-yearly meetings. The

Karáchi, Hyderabad and Shikárpur Districts are mainly responsible for the decrease in the number of meetings held by the Táluka Local Boards. The provisions of Section 34 of the Local Board Act were, however, availed of in nearly all the districts.

8. This year the average attendance of the members shows a slight improvement over that of last year, being 5·83 against 5·75.

9. The income of the several District Boards during the year under report amounted to Rs. 8,24,348-5-7 as detailed below, showing a decrease of Rs. 41,451-9-1 as compared with 1898-99, which is distributed generally throughout the whole of the Province :—

10. The causes for the fluctuations in the various items are briefly explained below :—

11. *VI.—Provincial Rates.*—There is a general falling off in the receipts under this head in all the districts, the income this year being Rs. 4,84,398-13-7 as against Rs. 5,42,089-8-3 last year.

The poor inundation and the consequent failure of crops resulting in a decrease of Land Revenue is the principal cause of the decrease. Its effects were felt throughout the Province, but the decrease was most noticeable in the Shikárpur District, where the income under this head fell from Rs. 2,13,213 in 1898-99 to Rs. 1,86,910 in 1899-1900.

12. *XII.—Interest.*—The small increase of Rs. 66 calls for no explanation.

13.—*XVII.—Police.*—The proceeds under this head represent receipts under the Cattle Trespass Act, which this year amounted to Rs. 20,595-4-11, while last year the income was Rs. 18,805-8-1. The increase of Rs. 1,789-12-10 is shared by four out of the five districts, and is due to the impounding of a larger number of cattle which were probably allowed to stray in search of fodder during the scarcity prevailing during the year under review.

XIX.—Education.—The income under this head is derived from the following sources, *viz.* :—

	Rs.	p.	a.
1. School fees	3,081	6	6
2. Contributions	2,300	0	0
3. Miscellaneous	3,780	8	7
Making a total of	9,161	15	1
Last year the income was	5,643	6	2
Resulting in an increase of	3,518	8	9

which is satisfactory.

The increase under (1) school fees is contributed to by the Karáchi, Hyderabad and Shikárpur Districts, and in the two former districts is attributed to improved attendance and in the latter district to the imposition of a "nominal fee" on the scholars of most of the important schools having more than 50 pupils on their rolls. The Commissioner notices with regard to the levy of the "nominal fee" by the Shikárpur Boards that the Educational Inspector was rather averse to the innovation, but doubtless the Resolution now passed by the Board and approved of by the Educational Inspector in regard to this point, by

which certain schools are exempted from paying the fees, will remove the Educational Inspector's apprehension. The arrangement can only be regarded as an experiment and its effect most carefully watched. The only contributions received this year were by the Hyderabad Boards, which aggregated Rs. 2,300 against Rs. 300 in the previous year, the increase being due to receipt of arrear contributions from the Hyderabad Municipality.

There is an increase of Rs. 799-10-8 under (3) Miscellaneous this year, due principally to the refund of a sum of Rs. 616 on account of books supplied to the Indigenous schools, which was erroneously debited to Educational Local Funds in the Hyderabad District.

XX.—Medical.—As compared with the preceding year there is an increase in the income during the year under report of Rs. 2,317-2-8, the receipts during the two years 1899-1900 and 1898-99 being Rs. 3,739-1-0 and Rs. 1,421-14-4, respectively, the details of which are given below:—

Heads.	1899-1900.	1898-99.	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
1. Hospital & Dispensary receipts	190 2 3	117 1 7	73 0 8	.....
2. Contributions	3,329 7 0	499 0 0	2,830 7 0	.....

Total ...	3,739 1 0	1,421 14 4	2,903 7 8 —586 5 0	586 5 0
		Net Increase ...	2,317 2 8	

The chief contributor towards this result is the Shikárpur District, which shows an increase of Rs. 2,967 under "Contributions," due to Ghotki Municipality contributing a sum of Rs. 3,000 towards the construction of a new dispensary at Ghotki, which was completed in 1897-98. The receipts from the other districts, both under "Contributions" and other heads, were normal and require no remarks.

XXI.—Scientific and Other Minor Departments.—The realizations under this head amounted to Rs. 12,113-8-2 as compared with an income of Rs. 11,539-6-5 during the previous year, resulting in an increase of Rs. 574-1-9, for which the receipts under "(1) Botanical and other public gardens" are largely responsible as shown in the subjoined comparative statement:—

Heads.	1898-99.	1899-1900.
	Rs. a. p.	Rs. a. p.
(1) Botanical and other Public Gardens	6,805 8 11	7,830 0 5
(2) Veterinary receipts	1,774 13 7	1,424 2 10
(3) Receipts on account of experimental cultivation ...	867 14 4	1,051 4 3

Total ...	11,539 6 5	12,113 8 2 —11,539 6 5
	Increase ...	574 1 9

The Hyderabad and Thar and Párkar Districts show an increase of Rs. 314-14-0 and Rs. 716-2-6, respectively, due in the case of the former to larger receipts from the Hyderabad Economic Garden and in the case of the latter to higher bids received for garden produce.

XXV.—Miscellaneous.—The revenue derived from this source amounted during the year under review to Rs. 2,810-15-0 as against Rs. 2,878-12-3 last year.

XXXII.—Civil Works.—The income derived from this source decreased by Rs. 5,332-9-8, being Rs. 49,943-0-3 against Rs. 55,275-9-11 in the preceding year, as detailed below:—

Heads.	1899-1900.	1898-99.	Increase.	Decrease.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.

			Net Decrease ...	5,332 9 8

From the above statement it will be seen that the decrease occurs chiefly under the fluctuating heads of "Tolls on roads and ferries" and "Contributions," and call for no comment. It might, however, be added that the decrease under the first named item was common to all districts, and under the latter the Karáchi and Upper Sind Frontier Districts showed increases, which, however, were too small to balance the decrease in the other districts.

Contributions.—These amounted to Rs. 2,39,131-5-11 during the year under report, whereas the contributions received last year totalled Rs. 2,25,758-0-2, showing an increase of Rs. 13,373-5-9; the actual increase, however, should be Rs. 10,437-5-9, as a sum of Rs. 2,936, on account of the educational share of the contribution in lieu of the one-anna cess on Excise revenue in the Hyderabad District, was not taken into account as in the previous year.

The provincial contributions amounted to Rs. 2,28,440-8-8, as shown in the subjoined table, against Rs. 2,20,570-0-2 last year:—

The sum of Rs. 187-13-4 shown in the above statement under "Government grant towards plague charges" was sanctioned in Government Resolution No. 1325 of 15th March 1899 on account of expenditure incurred at the Observation Camp at Mehrabpur in connection with plague.

The contributions from other Boards shown in Statement II amounted to Rs. 10,690-13-3 or almost double the amount realized last year which was Rs. 5,188. The increase is due mainly to the contributions received by the Karáchi District Board towards the Malir Camp expenses which were shared by all the District Boards proportionately to their income, the sum contributed by the other Boards on this account amounting to Rs. 4,538-8-4. The other contributions were for—

	Rs. a. p.
1. Maintenance of the Female Training College, Hyderabad ...	2,600 0 0
2. Pay of care-takers employed to look after the ferry plant lying at Kotri	347 4 11

XV—Post Office.—The expenditure of a sum of Rs. 31-11-9 shown under this head was incurred by the Táluka Board of Umarkot in the Thar and Párkar District and represents the pay of a postal runner, employed from Local Funds from 2nd November 1899 to the 28th February 1900 between the Shadipalli Station on the Hyderabad-Umarkot Railway and Dhengan-Bhurgiri, at which place a branch post office has been opened.

XVIII—Administration.—The expenditure under this head increased by Rs. 647-0-10 during the year under report, the figures for the two years 1898-99 and 1899-1900 being respectively Rs. 25,227-4-11 and Rs. 25,874-5-9.

XXII—Education.—The total expenditure incurred under this head during the year under report amounted to Rs. 2,29,705-0-2 as against Rs. 2,40,492-0-1 in the previous year, the decrease being Rs. 10,786-15-11 for which the Shikárpur, Hyderabad and Thar and Párkar Districts are mainly responsible.

In the Shikárpur as well as the other two districts the principal decrease occurred under "Grants-in-aid" due chiefly to the fact that no special grants were made for repairs to the Madressah building at Karáchi during the year under report. The contributions for that purpose during the previous year amounted to Rs. 6,190.

In 1898-99 the Shikárpur District made a grant, which was not repeated this year, of Rs. 1,500 to the Sind Arts College and the Sind Madressah on behalf of the Sukkur Municipality, as the latter body was unable to pay its annual grants owing to financial embarrassment caused by heavy plague expenditure.

XXIV—Medical.—The following table giving the items which are responsible for the expenditure incurred under this head, shows that the expenditure during the year under report amounted to Rs. 99,187-11-3 against Rs. 1,30,078-11-5 during the preceding year.

Plague charges show a decrease of Rs. 35,873-0-7, due to smaller contributions having been made on this account, chiefly by the Shikárpur Board. There is also a decrease of Rs. 1,026-11-3 under "Sanitation charges," nothing having been spent in this connection by the Shikárpur and Thar and Párkar District Boards.

The amount shown under "Cholera charges" was spent by the Karáchi and Tatta Táluka Boards, on account of the treatment of cholera-stricken patients by the former; and of the preventive measures adopted by the latter.

XXVI—Scientific and other Minor Departments.—Under this head the expenditure amounted to Rs. 48,913-4-2 against Rs. 51,561-6-9 in the preceding year, resulting in a decrease of Rs. 2,648-2-7. The amounts spent under the several items during the year under report are compared below with those spent in the year 1898-99. The transfer of charges on account of feed and keep of Bulls and Stallions from Local Funds to Imperial Revenues under Government Resolution No. 1877 of the 13th March 1899, contributed in a large measure towards the decrease. The actual saving on this account being Rs. 4,614-6-5, which was however more than counterbalanced by the increased expenditure under (1) Veterinary charges (Rs. 3,205-2-9), (2) Botanical and other Public Gardens (Rs. 2,009-5-8), the saving of Rs. 3,277-1-8 under "Public Exhibitions and Fairs" restored the balance and the result was a net saving of Rs. 2,648-2-7 as reported above.

The Shikárpur and Karáchi Districts are mainly responsible for the increase under Veterinary charges, due in the case of Shikárpur to the payment, in addition to other minor charges, of a sum of Rs. 1,926-5-4 as compensation on the resumption of the old Post Office site, which was let on lease, for the Veterinary Dispensary.

In the Karáchi District the increase is due to the entertainment of an Itinerating Veterinary Assistant. The increase under Botanical and other Public Gardens is general throughout the districts and is especially noticeable in the Karáchi, Hyderabad, and Thar and Párkar and Shikárpur Districts where scarcity in fodder, &c., increased the charges on account of the feed and keep of the live-stock employed in the gardens.

XXX—Stationery and Printing.—The expenditure under this head amounted to Rs. 3,865-15-1 against Rs. 2,219-3-11 in 1898-99. As the items are of a fluctuating nature no remarks are called for.

XXXII.—Miscellaneous.—The total expenditure incurred amounted to Rs. 24,568-14-1 during the year under report as compared with Rs. 21,966-9-3, showing an increase of Rs. 2,602-4-10, which occurs chiefly under (1) "Miscellaneous and Unforeseen Charges," (2) "Miscellaneous Refunds," and (3) "Staging Bungalows and Serai Establishment Charges."

XLV.—Civil Works.—In accordance with the orders of the Government of India conveyed in Bombay Government Resolution No. 2584 of the 19th June 1899, the revised set of sub-heads under "45—Civil Works" in Statement III have been substituted for the former set; the details of the amount expended on Public Works carried out (*a*) through the agency of the Public Works Department and (*b*) through the agency of Establishments entertained by the Boards, have been given in the body of the several reports, as directed.

The total amount expended under this head during the year under report was Rs. 3,44,269-9-4 against Rs. 4,21,488-1-11 in the previous year.

The decrease may be attributed mainly to the orders contained in Government Circular No. 4086 of the 30th August 1899, on the subject of husbanding all resources—Imperial, Provincial and Local—with a view to meeting the then impending scarcity.

Contributions.—These amounted to Rs. 40,552-2-11 during the year under report, of which Rs. 18,044-13-11 were contributed to "Provincial" and Rs. 22,507-8-0 to "Other Boards," respectively.

The contributions to "Provincial" were on account of—

The balances of the Karáchi, Hyderabad and Thar and Párkar, respectively, show a decrease, while those of the Shikárpur and Upper Sind Frontier Districts have increased, which is due to their resources having been husbanded in accordance with Government orders. The strengthened balance in the case of the Shikárpur District Board is satisfactory, as its opening balance was somewhat low. The other Boards had adequate opening balances, and in no case was there any undue reduction. The Upper Sind Frontier Board, as remarked last year, shows a tendency to maintain an unnecessarily large balance; the closing balance now exceeds its normal annual income.

The expenditure incurred this year shows a decrease of Rs. 5,853-4-6 as compared with the amount spent last year. The decrease occurs in all the districts except that of the Upper Sind Frontier, in which there was a slight increase of Rs. 265-14-6, which does not call for comment.

A sum of Rs. 19,992-6-2 was spent on the improvements of water-supply, which included the sinking of 22 new wells and the excavation of a drain, at a total cost of Rs. 6,857-14-1; repairs to existing wells, tanks, &c., cost Rs. 11,565-6-9; and a sum of Rs. 1,369-1-4 was spent by the Shikárpur District Local Board in paying the establishment entertained in guarding the sources of drinking water.

Under "Improvements of village sites, &c.," a sum of Rs. 666 2-8 was spent, of which Rs. 616-2-8 was on account of the laying out of streets, drains, &c., the remainder, Rs. 50, being for the removal of "prickly-pear and rank vegetation" in two villages in the Karáchi District.

The conservancy of towns and villages cost Rs. 327-1-7 against Rs. 1,222-3-2 in the previous year.

A sum of Rs. 548-3-4 was spent by the Shikárpur Board on sanitary arrangements at fairs and festivals.

15. The number of Local Fund Roads in charge of Public Works Officers are three in the Indus Right Bank Division under the care of the Executive Engineer, Karáchi Canals, and 7 in the Indus Left Bank Division under the Executive Engineer, Central Hyderabad Canals. All the other roads are in charge of the Mukhtyárkars, who, under the orders of the Assistant and Deputy Collectors, carry out the necessary repairs. The reports of the Chief and Superintending Engineers, Indus Right and Left Bank Divisions, respectively, as well as the statements accompanying them are attached as required by Government Resolution No. 779 of the 30th January 1890.

16. The progress made in material improvements and a description of the more important works undertaken are shown in the sub-joined resumé of the reports of the Collectors and Presidents of the District Local Boards in Sind, in accordance with the orders contained in Government Resolution No. 3179 of the 30th July 1895 :—

18. The reports from the several Collectors and Presidents of District Local Boards in the Province of Sind are appended.

19. The system under which the execution and supervision of works is carried out in the whole Province is the same as hitherto followed and described in the report for 1897-98, and need not be repeated here.

20. The administration of the Local Boards during the year under report may be considered satisfactory. Plague preventive measures again entailed some expenditure of Local Funds, mainly on the Malir Medical Examination Camp, but the total amount was comparatively small, and the incomes of the Boards were almost entirely available for the more ordinary objects of Local Fund expenditure. The falling off in receipts owing to the unfavourable season, together with the admonition of Government that resources should be husbanded on account of possible famine expenditure, restricted the outlay on new works to some extent, but, as shown above, a number of useful new works were undertaken. The expenditure on water-supply and sanitation appears small, and shows a general tendency to decrease.

LOCAL FUND DEPARTMENT.

FROM

THE COLLECTOR AND PRESIDENT,
District Local Board, Karáchi;

To

THE COMMISSIONER IN SIND.

Collector's Office,
Karáchi, 18th June 1900.

SIR,

I have the honour to submit my report on the administration of the Local Boards in this district for the year 1899-1900 together with the Statistical Tables I to IV, and to offer the following remarks on the same.

Local Boards' Administration Report for 1899-1900.

STATEMENT No. I.

2. The area and population of the district and the number of members of the several Boards are the same as in the previous year, and there has been no change in the constitution of the Boards during the year.

3. The number of meetings held was 63 against 71 in the previous year including those adjourned for want of a quorum (during both years), showing a decrease of 8 as detailed below.

Names of District and Táluka Local Boards.	1899-1900.	1898-99.	More in 1899-1900.	Less in 1899-1900.	Remarks.

The District Board did not, as explained in the last report, hold more than one meeting owing to the prevalence of the plague in Karáchi in the early part of the year, which made it inconvenient to convene the meeting generally held in May every year, but the provisions of Section 34 of the Act were largely availed of, and the business, which was ordinary throughout the year, was transacted by circulating papers among the members. The attention of the Sháhbandar Táluka Local Board has been invited to the standing orders which require that each Táluka Board should at least hold four meetings every year.

4. There is a slight increase in the average attendance during the year under report which is satisfactory.

STATEMENT No. II.

5. The opening balance on 1st April 1899 was Rs. 81,935-4-8 for the whole district.

6. *VI.—Provincial Rates—Local Rates.*—Receipts under this head amounted to Rs. 66,098-8-8 against Rs. 76,186-1-6 in the previous year, showing a decrease of Rs. 10,087-8-10, which is chiefly due to failure of crops caused by low inundation and absolute want of rain last year.

7. *XII.—Interest on Dispensary Securities.*—Under this head there is an increase of 40-12-10, the receipts during the year being Rs. 595-14-8 against Rs. 555-1-10, in the previous year. The increase is due to interest accrued on Rs. 2,400 of the Johi Dispensary Fund invested in Government Securities during the year under report.

8. *XVII.—Police Receipts under Cattle Trespass Act.*—Receipts under this head amount to Rs. 3,042-0-11 against Rs. 2,285-2-1, showing an increase of Rs. 756-14-10. The increase, which occurs chiefly in Sujáwal and Mirpur Bathoro Tálukas, is due to a large number of cattle having been brought into these tálukas for grazing from Cutch and Thar and Parkár District.

9. *XIX.—Education.*—Receipts under this head amount to Rs. 1,212-7-8 against Rs. 1,162-11-2, showing an increase of Rs. 49-12-6 which occurs chiefly in School Fees and is explained by the Educational Inspector in Sind to be due to increased attendance in schools.

10. *XX.—Medical Hospital and Dispensary Receipts.*—Receipts under this head, which are composed of Hospital Stoppages and sale-proceeds of old and unserviceable articles, amounted to Rs. 21-4-0 against Rs. 15-15-3 in the previous year, showing an increase of Rs. 5-4-9, which is chiefly due to more old and unserviceable articles of the Jerruck Dispensary having been sold in 1899-1900.

Contributions.—Rs. 110 were recovered and credited in 1899-1900 on account of popular contributions towards the Johi Dispensary Fund in addition to Rs. 2,395-8 credited in previous years.

Miscellaneous—Rs. 70-15-1.—This is composed of the following items :—

	Rs.	a.	p.
Sale-proceeds of Vaccinators' old boxes, &c. ...	1	14	0
Unexpended balance out of Rs. 2,495-8-0 belonging to the Johi Dispensary Fund remitted to the Accountant General for investment in Government Securities ...	56	5	1
Value of fever mixture sold to Zamindars by the Sujáwal Taluka Board	12	12	0

11. *XXI.—Scientific and other Minor Departments.—Botanical and other Public Garden Receipts—Rs. 205-3-9.*—This represents sale-proceeds of fruit and vegetables in gardens not connected with roads.

12. *Veterinary Receipts—Rs. 1,090-4-0.*—This sum is made up of the following items :—

	Rs.	a.	p.
Fees on account of treatment of horses against Rs. 728 in 1898-99	557	6	0
Shoeing forge receipts against Rs. 673 in 1898-99 ...	532	14	0

As compared with the previous year the figures under both the heads show a total decrease of Rs. 310-12-0 which is due to the unsettled state of Karáchi for the last three years owing to the prevalence of the plague.

Fair held at Pir Patho, Ghorábári Taluka ...	Rs.	14-1-0
Fair held at Sháh Yakik, Sháhbandar Táluka	„	143-14-1
Fair held at Mughil bin Jati, Sháhbandar Táluka	„	67-9-2

13. *Other Exhibitions or Fairs.*—Rs. 225-8-3 against Rs. 138-14-1 in the previous year. The receipts for 1899-1900 comprise the fees for stalls erected at the fairs named in the margin, while those for 1898-99 are on account of the fairs held at Pir Patho and Sháh Yakik only.

14. *XXV.—Miscellaneous Receipts.*—Receipts under this head amount to Rs. 654-1-5 against Rs. 981-1-7 in the previous year. The latter amount includes Rs. 60, being the amount of contribution paid by the Mahomedan com-

munity of Tatta towards the pay of the caretaker, Tatta Jamai Masjid, which was subsequently refunded to the Tatta Municipality under the Commissioner in Sind's order No. 4517, dated 26th November 1898. Deducting this amount, the ordinary receipts of the previous year amount to Rs. 921-1-7, while those for the year under report amount to Rs. 654-1-5, showing a decrease of Rs. 267-0-2, which is distributed as under :—

	Rs.	a.	p.
Sale of old materials and stores	11	0	0
Staging bungalow fees	153	12	0
Rents, Market fees	15	0	0
Other items	87	4	2

All the items are of a fluctuating nature and call for no explanation.

15. *XXXII.—Civil Works.—Tolls on Ferries*, Rs. 17,977-6-11.—This amount consists of :—

1. District Ferries, Rs. 4,560-6-10, against Rs. 5,553-15-0 in 1898-99.
2. Kotri Gidu Ferry, Rs. 3,843-0-1, against Rs. 5,185-9-9 do.
3. Syedpur Tanka Ferry, Rs. 9,574-0-0, against Rs. 7,734-0-8 do.

From the figures given above it will be seen that there is a decrease in district and Kotri Giddu Ferry receipts, and increase in Syedpur Tanka Ferry tolls which are explained as under : —

	Rs.	a.	p.
(1) District Ferries, decrease	993	8	2
(2) Kotri Gidu Ferry, decrease	1,342	9	8
(3) Syedpur Tanka Ferry, increase	1,839	15	4

(1) The decrease in the District Ferry receipt occurs chiefly in Tatta Táluka, which the Mukhtyárkar reports to be due to outstanding balance due by the farmer for the recovery of which steps are being taken.

(2) Kotri Gidu Ferry is managed by the North-Western Railway authorities, who, after deducting working expenses, make over half of the net profits to the Karáchi and Hyderabad District Boards.

(3) The increase in the Syedpur Tanka Ferry receipts is explained by the fact that all the instalments due by the farmer were recovered and no remission was applied for or granted during the year under report.

16. *Sale of Stores and Materials, Rs. 18.*—This represents sale-proceeds of old materials of Traveller's Bungalows and Dharmsháls.

17. *Miscellaneous.*—Rs. 1,782-5-5. This comprises the following items : —

	Rs.	a.	p.
(1) Sale-proceeds of roadside trees and their loppings ...	1,002	15	0
(2) Do. produce of nurseries connected with roads ...	205	9	6
(3) Recoveries on account of over-payment made to overseers.	2	9	10

There is an increase of Rs. 4,603-3-4 in fishery receipts, which occurs chiefly in collections of this district made in the Hyderabad District, and is explained by the Huzur Deputy Collector, Hyderabad, to be due to the recovery during 1899-1900 of arrears due for the year 1898-99.

20. The incidence of taxation and of the income per head of population for the last two years is compared as follows:—

	1899-1900. Rs. a. p.	1898-99. Rs. a. p.
Incidence of taxation per head of population ..	0 2 5	0 2 9
Do. income do. ...	0 6 2	0 6 1

The decrease in incidence of taxation is proportionate to the decrease in the cess, and the slight increase in that of income is due to increase in receipts caused by crediting to Local Funds of this district contributions received from other districts towards Malir Camp expenses.

STATEMENT No. III.

21. *18.—Administration, Office Establishment.*—The expenditure under this head amounts to Rs. 3,089 against Rs. 3,025-8-0, showing an increase of Rs. 63-8-0, which is due to the second increment earned by the Accountant during the year, and to the payment of grain compensation to the peon attached to the establishment.

22. *Office Contingencies.*—This item amounts to Rs. 394-11-9 against Rs. 236 in the previous year. The increase of Rs. 158-11-9 is chiefly due to the purchase of dead stock articles by the Sujáwal and Dadu Táluka Local Boards.

23. *Payments of establishments for the offices of accounts, control and audit.*—Rs. 933-0-8 against Rs. 945-0-8 in the previous year. This represents the expenditure on account of the following establishments:—

	Rs.	a.	p.
Establishment in the Commissioner in Sind's office...	314	1	0
Do. Accountant General's „ ...	524	0	0
Do. Educational Inspector in Sind's „ ...	94	15	8

The decrease, Rs. 12, is due to decrease in the claim preferred by the Accountant General on account of contribution towards his office establishment.

24. *22.—Education.*—(*1*) *Training and Special Schools.*—Rs. 1,769 against Rs. 1,756-15-0 in the previous year. The increase, Rs. 12-1-0, is too small to need any remark.

25. (*2*) *Primary Schools.*—Rs. 26,971-6-4 against Rs. 26,732-14-1 in the previous year. The increase of Rs. 238-8-3 is explained by the Educational Inspector in Sind to be due to the appointment of new trained teacher.

26. *Grants-in-aid.*—The following grants amounting to Rs. 6,810 were paid during the year as contrasted with those made in the previous year.

From District Board General.

		1899-1900. Rs.	1898-99. Rs.
(1)	Grant to Dayaram Jethmal Sind College ...	2,000	2,000
(2)	Do. Sind Madressah	2,000	2,000
(3)	Do. Karáchi Museum	600	600

From Educational Local Funds.—

		Rs.	Rs.
(4)	Grant to the Karáchi Municipality for Female Normal School	1,100	1,100
(5)	Do. Tatta Municipality for their schools ...	560	560

		1899-1900.			1898-1899.		
		Rs.	a.	p.	Rs.	a.	p.
(6)	Grant to the Sehwán Municipality for their schools	200	0	0	200	0	0
(7)	Do. Bubak do. ...	300	0	0	300	0	0
(8)	Do. Manjhand do. ...	50	0	0	50	0	0

27. *Scholarships.*—Scholarships amounting to Rs. 1,886-11-9 were paid as under:—

		Rs.	a.	p.
(1)	Stipends to students in the Training College at Hyderabad	1,124	11	10
(2)	Do. do. in secondary schools ...	225	0	0
(3)	Do. in Technical School at Talti ...	536	15	11
	Total ...	1,886	11	9

Expenditure under this head in the previous year amounted to Rs. 1,614-10-11. The increase, Rs. 272-0-10, is due to the fact that stipends to the Talti Technical School students were paid throughout the year.

28. *Miscellaneous.*—Expenditure under this head amounts to Rs. 3,224-13-11 against Rs. 2,580-11-3 in 1898-99, showing an increase of Rs. 644-2-8, which the Educational Inspector in Sind explains to be due to more books and articles of furniture purchased for schools, owing to increased want thereof during the year under report.

24.—Medical.

29. *Hospitals and Dispensaries.*—Expenditure under this head amounts to Rs. 11,362-11-4. It consists of the following items, which are contrasted below with those of the previous year:—

		1899-1900.			1898-99.		
		Rs.	a.	p.	Rs.	a.	p.
(1)	Grant to the dispensary at Sehwán ...	800	0	0	800	0	0
(2)	Do. Tatta ...	700	0	0	700	0	0
(3)	Do. Kotri ...	600	0	0	600	0	0
(4)	Do. North-Western Railway Dispensary at Dádu ...	400	0	0	400	0	0
(5)	Do. Lady Dufferin Hospital at Karáchi... ...	2,000	0	0	2,000	0	0
(6)	Expenditure on account of the Ward attached to the North-Western Railway Dispensary at Dádu ...	29	12	3	95	7	6
(7)	Amount of the Johi Dispensary Fund remitted to the Accountant General, Bombay, for investment in Government Securities	2,495	8	0	.....		
(8)	Expenditure of the Local Board Dispensaries	4,337	7	1	2,053	14	11
	Total ...	11,362	11	4	6,649	6	5

The grants-in-aid to the several dispensaries are the same as those in the previous year. The decrease of Rs. 65-11-3 in the charges of the ward attached to the North-Western Railway Dispensary at Dádu is due to the fact that the figures for 1898-99 include the cost of Dead Stock articles purchased during that year to furnish the ward. The increase of Rs. 2,283-8-2 in the expenditure of the dispensaries is due (1) to the expenditure incurred on account of the Jati Dispensary with a Branch Dispensary at Ladiun, which were opened to the public in April 1899, and (2) to all the dispensaries having, unlike the two next preceding years, remained open almost throughout the year 1899-1900, as the Hospital Assistants in charge thereof were not deputed to plague duty for long periods, and were in some cases replaced by temporary Hospital Assistants.

Sanitation and Vaccination.

30. (*1*) *Vaccination Establishment and Charges.*—Rs. 5,709-0-1 against Rs. 5,707-6-5 in the previous year. The increase, Rs. 1-9-8, is too small to need explanation.

31. (*2*) *Sanitation Charges.*—Rs. 50-0-0 against Rs. 94-0-0 in the previous year. This represents expenditure incurred by the Mirpur Batoro Táluka Board in removing rank vegetation.

32. (*3*) *Medical Schools and Colleges.*—Rs. 500-0-0. This is on account of the annual grant towards the Medical School at Hyderabad.

33. (*4*) *Plague Charges.*—Rs. 11,589-9-8 against Rs. 9,936-9-7 in the previous year. The expenditure incurred during the year under report consists of the following items:—

	Rs.	a.	p.
(1) Balance of the contribution of Rs. 20,000-0-0 payable to Government under Government Resolution No. 5624, dated 9th December 1898	4,456	7	4
(2) Malir Camp charges directly debited to Local Funds...	6,426	0	11
(3) Grant-in-aid to Keti Municipality on account of charges incurred by that Body on plague operations.	271	5	3
(4) Contribution to Government for erecting Bowman's Patent Disinfector and Shed at Malir ...	118	0	0
(5) Pay, etc., to Hospital Assistant employed in the districts, cost of disinfectants and construction of huts.	317	12	2
Total ...	11,589	9	8

34. (*5*) *Cholera Charges.*—Expenditure under this head amounts to Rs. 163-9-1, out of which Rs. 137-3-1 were spent by the Karáchi Táluka Board on account of the treatment of cholera-stricken people, and Rs. 26-6-0 by the Tatta Táluka Board on preventive measures against the epidemic.

26.—Scientific and other Minor Departments.

35. *Veterinary Charges.*—The expenditure under this head amounts to Rs. 6,430-10-0 against Rs. 5,084-13-5 in the previous year, showing an increase of Rs. 1,345-12-7, which is due (1) to the employment of an Itinerating Veterinary Assistant, and (2) to the payment of value of medical stores for 1898-99 during the year under report. The dispensary has completed the eighth year of its existence, and it is a very useful institution.

36. *Botanical and other Public Gardens.*—The expenditure under this head consists of:—

	Rs.	a.	p.
(1) Grant to the Public Garden at Karáchi	1,000	0	0
(2) Do. Sehwan Garden	200	0	0
(3) Expenditure on arboriculture not connected with roads, *i.e.*, gardens	2,419	5	7
Total ...	3,619	5	7

The grants are the same as in previous year, while the expenditure on Local Fund Gardens shows an increase of Rs. 291-14-6, which is chiefly due (1) to the additional plague water-tax charged by the Karáchi Municipality on account of water supplied to the nurseries in the Katcheri and Karáchi Táluka Mukhtiárkar's office compounds, and (2) to purchase of live stock, *e.g.*, bullocks and camels, to work the Persian wheels in the gardens at Kotri Allahrakhio Shah and Pir Patho in Ghorabari Táluka.

37. *30.—Stationery and Printing.*—Expenditure under this head amounts to Rs. 1,890-15-4 against Rs. 1,154-5-6 in the previous year. The increase of Rs. 736-9-10 is chiefly due to cost of printing election forms for the fresh elections held for the new Táluka Boards, which commenced their terms of office from the 1st April last.

38. *32.—Miscellaneous Staging Bungalows and Serai Establishment and Charges.*—Expenditure under this head amounts to Rs. 1,396-7-11 against Rs. 1,226-2-1 in the previous year, showing an increase of Rs. 170-5-10, which is chiefly due (1) to purchase of furniture for the staging bungalow at Gharo, and (2) to purchase of cots for dharmshálas.

39. *Other Petty Establishment and Charges.*—The amount expended under this head is Rs. 10,598-2-10 against Rs. 12,062-4-5. The decrease, Rs. 1,464-1-7, is due (1) to the North-Western Railway having given up its claim to the rent of Steamer Tug D plying between Syedpur and Tanka for the period she was undergoing repairs at Kotri, and (2) to a bill, amounting to Rs. 693-12-8, on account of the value of stores purchased for the use of the ferry steamer in the year under report having been presented for payment in the current year 1900-1901.

40. *Miscellaneous and Unforeseen Charges.*—Expenditure under this head amounts to Rs. 2,438-5-5. It consists of the following items, which are contrasted below with those of the previous year :—

	1899-1900.			1898-99.		
	Rs.	a.	p.	Rs.	a.	p.
Amount assigned to Municipalities under Section 47 of the Local Boards Act, I of 1884, on account of cess on lands ...	2,372	11	8	863	9	8
Cost of medicines	55	9	9	7	11	3
Law and suit charges	10	0	0	*Nil.*		

The increase in item No. 1 is proportionate to the increase in cess on land collected within Karáchi municipal limits, which was caused by the recovery of the arrears due by Sardár Mahomed Hashim Khán. The increase in the cost of medicines is due to the fact that several Táluka Boards purchased medicines during the year in replenishment of the stock of previous years, which had run out during the year under report. The sum of Rs. 10, on account of law and suit charges, represents the amount drawn by the Mukhtyárkar of Kotri for payment of arrears of pleaders' fees, &c., in the civil suit filed against a contractor in 1895-96.

41. *Miscellaneous Refunds, Rs. 36.*—This represents the amount refunded to Government on account of sale-proceeds of the fruit of date-palm trees erroneously credited in Kotri Táluka to Local Funds in 1898-99.

45.—Civil Works in charge of Civil Officers—Rs. 50 675.

	Rs.	a.	p.
(1) Maintaining the road from Junsghai to Baghar Mouth.	1,869	9	9
(2) Special repairs to do. do. ...	2,432	6	1

The work of special repairs to the Jungshai-Baghar road, estimated to cost Rs. 3,668, was commenced in 1898-99, and the Executive Engineer, Karáchi Canals District, states that it will be completed in the current year.

44. The total expenditure on account of works and repairs, &c., both by Civil and Public Works agencies, amounts to Rs. 65,608-7-1 against Rs. 85,570-1-7, showing a decrease of Rs. 19,961-10-6, which is due to (1) the figures for 1898-99, including Rs. 8,485-7-3 incurred in completing the dispensary building at Jati, and Rs. 2,268 paid to the North-Western Railway towards the construction of the ward attached to the Railway Dispensary at Dadu, and (2) to the orders of Government restricting expenditure from Local Funds to emergent works and unavoidable charges.

Arrangements for the Execution and Supervision of the Works carried out by the Local Boards.

45. The arrangements for the execution and supervision of the works are the same as those reported in paragraph 43 of the report for 1898-99, *viz.*, that all works requiring professional skill are carried out on behalf of the Local Boards by Government Executive Engineers; road repairs and other works not requiring professional skill being, as usual, carried out by the Boards concerned by contracts under the supervision of Mukhtyárkars, who are also Vice-Presidents of Táluka Local Boards. The Mukhtyárkars are assisted by members of

Local Boards in checking measurements and by maistris temporarily employed to superintend the works, while in progress.

46. As directed by Government in paragraph 2 of their Resolution No. 2870, dated 19th May 1898, efforts are being made by the District Officers to encourage villagers to take interest in the execution of works in progress in their villages. The leading residents of larger villages, most of whom are Local Board Members, take interest in superintending works in progress.

47. *Contributions to Provincial Rs. 2,668-3-9.*—This comprises the following items:—

		Rs.	a.	p.
1	Contribution on account of repairs to Bago-Toro Road ...	415	0	0
2	do. towards the maintenance of Protective Bunds at Kotri	2,223	2	3
3	do. on account of repairs to Gungro embankment	30	1	6
	Total ...	2,668	3	9

48. *Contributions to other Boards Rs. 11,470-8-0.*—This is made up of the following items:—

		Rs.	a.	p.
(1)	Contribution to the Hyderabad District Board towards the pay of the care-takers of Tag D and the old barges, the joint property of the Hyderabad and Karáchi District Boards	132	0	0
(2)	do. to the Tatta Municipality towards the pay of care-taker Jamai Masjid ...	78	8	0
(3)	do. towards the Diamond Jubilee Fund ...	10,000	0	0
(4)	do. towards the Female Training College at Hyderabad	500	0	0
(5)	do. paid by the Sehwán Táluka Board to Sanitary Boards and Committees under Section 40 of the Village Sanitation Act 1889 as per details given below.	568	0	0

	Rs.	a.	p.

Do. Committee, Jhangara ...	212	0	0
Do. do. Bajar ...	100	0	0
Do. do. Bhan ...	116	0	0

(6)	Contribution paid by the Johi Táluka Board to Johi Sanitary Committee	192	0	0
	Total ...	11,470	8	0

49. The total receipts of the year including balance amounted to Rs. 2,51,350-3-0 and the expenditure to Rs. 1,80,515-12-10 leaving a closing balance of Rs. 70,834-6-2. The balance at the close of the year would have been much smaller if Government had not issued orders restricting expenditure from Local Funds to emergent works and unavoidable expenditure. The District and Karáchi Táluka Local Boards have, however, since the close of the year appropriated Rs. 17,310, and 1,200, respectively, by means of Supplementary Budgets for the current year, and almost all the other Táluka Boards have also to provide funds for such works as are urgently needed within the area subject to their authority.

I have the honour to be,

Sir,

Your most obedient Servant,

R. GILES,

Collector and President,

District Local Board,

Karáchi.

District Local Board, Karáchi.

No. 621 OF 1900.

LOCAL FUND DEPARTMENT.

From

THE COLLECTOR OF HYDERABAD.

To

THE COMMISSIONER IN SIND.

Collector's Office,
Hyderabad, 25th June 1900.

SIR,

I have the honour to submit the Annual Report on the Administration of the Local Boards in the Hyderabad District for the year ending the 31st March 1900, together with statistical tables I to IV.

Local Board Administration Report for the year 1899-1900, together with statistical tables I to IV.

2. I was in charge of the District throughout the year, except from 1st April to 16th July, when Messrs. Steele, Page and Lucas successively held charge.

3. The District Local Board held two meetings.

4. A comparative statement showing the number of meetings and the average attendance is given below :—

The number of meetings held by each Board during the year, which were adjourned for want of a quorum, is noted against each in the remark column of Statement No. I in terms of Government Resolution No. 3954 of 12th July 1898.

5. A slight change in the area of the district has been affected, as shown below, as the uninhabited portion of the village of Godho of the Tando Allahyar Táluka, comprising waste lands, was transferred to táluka Mirpurkhás of the Thar and Párkar District under Government Resolution No. 8320, dated 21st November 1899.

Táluka.	Area in square miles.	Population.
Tando Allahyar	2·10	.....

During the year there has been no change in the constitution of the Boards nor in the number of members sitting on each.

Statement II.

6. The year opened with a balance of Rs. 59,456-13-10 as shown below :—

	Rs.	a.	p.
General	6,136	14	7
Educational	20,594	10	11
Dispensaries	3,621	4	10
Veterinary Dispensaries	7,102	2	3
Tálukas	25,651	13	3
Advances	—3,650	0	0

The following remarks explain the causes of increase and decrease under the various heads as compared with those of the previous year.

7. *VI.—Provincial Rates—Local Rates.*

	Rs.	a.	p.
1898-99	1,39,483	14	0
1899-1900	1,22,657	9	0
Decrease ...	16,826	5	0

The decrease is due to the unfavourable inundation, according to the nature of which the receipts under this head must vary. The following amounts were transferred by the District Local Board during the year :—

	Rs.	a.	p.
Contributions towards the Sind Arts College and Madressah.	4,000	0	0
Contribution to the educational portion on account of share of cost of establishment employed in the office of the Educational Inspector in Sind	198	6	2
Dispensaries	3,775	0	0

	Rs.	a.	p.
Badin...	550	0	0
Tharushah	750	0	0
Naushahro	1,150	0	0
Shahdadpur	900	0	0
Tando-Bago	425	0	0
Veterinary Dispensaries	3,100	0	0
Do. , Hyderabad ...	1,600	0	0
Itinerating Dispensary, Naushahro ...	1,500	0	0

Rs. 5,000 which were allotted to the Veterinary Dispensary Funds during 1895-96 out of the District Local Board Funds for the construction of the Dispensary Building, were transferred to the District Local Board, the cost of construction having been wholly met from its funds.

8. *XII—Interest.*—The receipts under this head were the same as last year, *viz.*, Rs. 883-4-10, and represent the interest received on investments of Dispensary Funds.

9. *XVII.—Police.*

Receipts under Cattle Trespass Act—	Rs.	a.	p.
1898-99	3,384	4	5
1899-1900...	2,988	2	8
Decrease ...	396	1	9

The decrease is due to smaller number of cattle having been impounded during the year under report.

10. *XIX.—Education—School-fees.*

	Rs.	a.	p.
1898-99	1,334	1	6
1899-1900...	1,839	3	0
Increase ...	505	1	6

The increase is due to improved attendance at schools.

Contributions, Rs. 4,900.—These constitute the amounts received from the following Boards towards the maintenance of the Female Training College :—

	Rs.
Karachi Local Board	500
Thar and Parkar do.	500
Shikarpur do.	1,100
Upper Sind Frontier	500
Hyderabad Municipality	2,000
Shikarpur do.	200
Larkhana do.	100
Total ...	4,900

The increase of Rs. 2,000 as compared with the figures of the last year is due to the receipt of the arrear contribution from the Hyderabad Municipality.

Miscellaneous Rs. 3,110-5-3.—This sum is made up of the following items:—

	Rs.	a.	p.
Sale-proceeds of dead stock articles and old materials ...	93	4	5
Refund on account of books supplied to the Indigenous Schools erroneously debited to the Educational Local Funds	616	0	0
Industrial Schools produced	2,291	6	5
Batta received from Court by school-masters	0	6	0
Undisbursed pay of school-master, Darbelo	1	2	8
Undisbursed stipends of a scholar in Female Training College	42	0	0
Refund of scholarship of a Middle School scholar of Upper Sind Frontier	45	0	0
Unexpended balance drawn on a contingent bill by Educational Inspector for July 1899	21	1	4
Refund of excess amount paid for School Ghotana ...	0	0	5

The increase of Rs. 838-9-4, as compared with last year's figures, is partly due to the erroneous debit of Rs. 616-0-0 as shown above, and partly to the increase in sale-proceeds of articles manufactured at Industrial Schools.

11. *XX.—Medical.*—The sum of Rs. 152-12-1 shown under this head is made up of the following items:—

	Rs.	a.	p.
Dispensary receipts	58	7	1
Municipal contribution for vaccination	52	0	0
Contribution by the Panchâyat towards the pay of the Hospital Assistant, Shâhdâdpur	33	7	0
Other receipts	8	14	0
Sale-proceeds of boxes by vaccinators	0	14	0
Refund of pay of vaccinator, Kandiâro, drawn in excess ...	8	0	0

12. *XXI.—Scientific and other Minor Departments—Garden Receipts.*

	Rs.	a.	p.
1898-99	2,674	11	1
1899-1900...	2,989	9	1
Increase ...	314	14	0

The receipts under this head show an increase of Rs. 314-14-0, which is due to larger realizations from the Economic Garden, Hyderabad, which, along with the farm, is in charge of the Húzur Deputy Collector, Hyderabad. The Tâluka Gardens, on the other hand, yielded less than in the previous year.

Veterinary Receipts.

The receipts under this head amount to Rs. 325-0-10, which are made up of the following items:—

	Rs.	a.	p.
(1) Contribution by the Hyderabad Municipality towards the Veterinary Dispensary, Hyderabad	300	0	0
(2) Cost of medicines supplied for Government Stallions by the Veterinary Dispensaries, Hyderabad and Naushahro	4	14	10
(3) Sale-proceeds of old materials of the Veterinary Dispensary, Hyderabad	10	2	0
(4) Fees for treatment of animals at the Veterinary Dispensary, Hyderabad	10	0	0

Receipts on account of Experimental Cultivation.

	Rs.	a.	p.
1898-99	867	14	4
1899-1900...	1,044	12	3
Increase ...	176	13	11

The increase is due to the fact that a greater portion of the farm land was brought under cultivation during the year.

Public Exhibitions and Fairs—Horse Shows.

The receipts under this head amount to Rs. 330, which form the unexpended balance of the amount provided for horse shows.

Other Exhibitions and Fairs.

	Rs.	a.	p.
1898-99	1,341	10	0
1899-1900...	1,250	5	0
Decrease ...	91	5	0

The decrease is accounted for by the prevalence of plague, which naturally affected business done at the fairs.

13. *XXV.—Miscellaneous.*—Rupees 24-4-0 were realized from the sale of old materials, and Rs. 495-12-0 on account of staging bungalows.

14. *XXXII.—Civil Works—Tolls on Ferries.*

	Rs.	a.	p.
1898-99	8,944	0	10
1899-1900...	7,388	0	5
Decrease ...	1,556	0	5

The above sum of Rs. 7,388-0-5 is composed of the following items :—

	Rs.	a.	p.
(*a*) Gidu Kotri Ferry receipts	3,843	0	2
(*b*) Other ferry receipts in the district	519	0	0
(*c*) Ferry receipts collected in other districts	3,026	0	3

As compared with last year, there has been a decrease under all these heads This decrease amounted under (*a*) to Rs. 58-4-8, under (*b*) to Rs. 1,250-5-0 and under (*c*) to Rs. 247-6-9.

The decrease in the earnings at the Gidu Kotri Ferry is partly due to the fact that for a portion of the year the launch ceased to ply at night, owing to the recrudescence of the plague at Hyderabad and Karáchi, and partly to the fact that during the previous year permanent way material crossed the river for the Shadipali Balotra Railway.

It may here be noted that the North-Western Railway makes over half of the net profits to this department, and of this half a moiety is credited to the District Local Board, Karáchi.

Rent of Buildings Rs. 138-12-0.—The receipts under this head represent the amount of rent realized from shops in the Tando Bago market.

Miscellaneous.

receipts under this head are composed of the following items :—

	Rs.	a.	p.
Sale-proceeds of trees and copping thereof	1,067	14	6
Batta received by Local Fund employé	0	8	0
Refund on account of pay of garden coolies	4	3	7
Do. peon of Local Fund Sub-overseer ...	4	6	11
Amount drawn in excess on account of Local Fund Works by the Táluka Local Boards	525	12	10
Cost of tender forms supplied to contractors	25	0	0
Sale of sand purchased for Guni Bridge	36	11	0
Sale of unserviceable materials of bridge over Ghaluwah...	37	0	0
Sale of a bullock belonging to the Táluka Local Board, Guni.	6	8	0
Sale of lotus from tank at Kandiáro	10	0	0
Refund of Chowkidár's pay at Vesakhi fair	2	0	0
	1,718	0	10

Contributions—Rs. 51-4-7.

This sum is on account of contribution by Mr. Mathradas for the construction of a bridge over his Karria—Rs. 51-4-7.

15. Provincial Contributions.

	Rs.	a.	p.
Provincial contribution in lieu of one anna cess on excise revenue	5,874	0	0

Do. do. sand and quarry fees.	4,846	12	0
Poisons fees	15	0	0
Fishery fees	29,895	5	0
Grant on account of expenditure incurred at the observation camp at Mahrabpur in connection with plague under Government Resolution No. 1325, dated 15th March 1899, F. D.	187	13	4
Grant in lieu of one anna cess on excise revenue—Educational Share	2,936	0	0
Grant towards Vernacular Schools	27,699	9	10
Grant for construction of school buildings	3,052	0	0
Government grant to Badin Dispensary	500	0	0
Do. to Boulton do.	300	0	0
Do. to Thárushâh Dispensary ...	400	0	0
Do. to Naushâhro do.	300	0	0
Do. to Shahdádpur do.	500	0	0
Do. to Veterinary Dispensary Hyderabad.	775	0	0
Do. to Itinerating Dispensary, Naushâhro	480	2	0
Do. to Moro Horse Show	700	0	0
Total ...	79,846	10	2

Contributions from other Boards.

The sum of Rs. 347-4-11 was received as follows :—

	Rs.	a.	p.
Pay of care-takers employed to look after the ferry plant, the joint property of the District Local Board, Karáchi, and Hyderabad received from the former Board	132	0	0
From Tando Adam, Matiari, Hála, Nasarpur and Tando Allahyar Municipalities on account of their works supervised by the Local Fund Overseer	215	4	11

STATEMENT III.

The total expenditure during the year amounted to Rs. 2,46,318-14-2 as under, against Rs. 2,65,970-4-10 last year.

	Rs.	a.	p.
General...	84,447	11	11
Educational	90,189	3	9
Dispensaries	11,165	4	10
Tálukas...	60,516	9	8

16. *18.—Administration—Office Establishment.*

	Rs.	a.	p.
Local Board Establishment—			
1898-1899	1,787	8	2
1899-1900	1,942	6	0
Increase ...	154	13	10

The increase under the Local Board Establishment arises partly from the employment of a temporary Local Fund Clerk in the Collector's Local Fund Office throughout the year, and partly owing to the increase in the travelling allowances of the Local Fund Clerks in the Divisional Offices.

Office Contingencies.

	Rs.	a.	p.
1898-1899	661	3	9
1899-1900	691	2	3
Increase ...	29	14	6

The increase being small calls for no explanation. The total expenditure on account of payment of establishment for offices of account control and audit during the year amounted to Rs. 4,682-7-0 against Rs. 4,722-15-1 last year. The decrease is partly noticeable in the Collector's Office Establishment and partly in the amount of share of contribution towards the cost of establishment employed in the Commissioner's Office. The sum of Rs. 4,682-7-0 is made up of the following items :—

	Rs.	a.	p.
Collector's Office Establishment	3,474	5	6
Share of Establishment in the Office of the Commissioner in Sind...	471	1	6
Share of Establishment in the Office of the Accountant General	737	0	0

17. *22.—Education.*

The sum Rs. 90,189-3-9 was expended by the District Local Board on Education, and is made up of the following items :—

	Rs.	a.	p.
Training and Special Schools—			
1898-1899	13,346	13	5
1899-1900	13,149	5	6
Decrease ...	197	7	11

The decrease is due to reduced expenditure in connection with materials supplied to the Industrial Schools.

Middle Schools.

	Rs.	a.	p.
1898-1899	1,274	0	0
1899-1900	1,250	0	0
Decrease ...	24	0	0

The decrease being small, calls for no remark.

Primary Schools.

The total expenditure on account of these schools amounted to Rs. 49,510-8-4 against 49,237-14-2 in the previous year, showing an increase of Rs. 272-10-2, which is due to the appointment of new trained teachers.

Grant-in-aid.

	Rs.	a.	p.
1898-1899	6,976	0	0
1899-1900	4,645	0	0
Decrease ...	2,331	0	0

The latter sum of Rs. 4,645 was spent as follows :—

	Rs.	a.	p.
Grant to Nasarpur Municipality	645	0	0
Do. Dayaram Jethmal Sind College ...	2,000	0	0
Do. do. Sind Madressah ...	2,000	0	0
Total ...	4,645	0	0

The decrease is mainly attributable to the fact that in 1898-99 a special grant of Rs. 2,301 was made torwards the cost of repairs to the Madressah building, whereas in the year under report no such expenditure was incurred.

The total sum on account of scholarships amounted to Rs. 4,119-12-11 as compared with Rs. 4,531-1-9 in the previous year, showing a decrease of Rs. 411-4-10 which is due to smaller expenditure under this head on the Female Training College and Industrial Schools.

Miscellaneous.

	Rs.	a.	p.
1898-1899	6,357	12	5
1899-1900	6,138	12	10
Decrease ...	218	15	7

The decrease is due to the discontinuance of boarding allowance to Mir's children at Mir Alimardan jo Tando school. The details of Rs. 6,138-12-10 are as follows :—

	Rs.	a.	p.
Rent	1,028	6	5
Books	819	5	6
Furniture	544	11	0
Fixed contingencies and miscellaneous ...	1,973	4	5
Prizes	540	13	0
Printing charges	616	4	6
Cost of books supplied to indigenous schools erroneously debited to Educational Local Funds	616	0	0
Total ...	6,138	12	10

A sum of Rs. 11,375-12-2 was spent on Educational works as detailed in paragraphs 22 and 23.

18. *24.—Medical Hospitals and Dispensaries.*—The expenditure under this head amounted to Rs. 13,329-2-0, and consists of the following items :—

	Rs.	a.	p.
Women's Hospital and Dispensary	4,250	0	0
Tando Mahomed Khan Dispensary	200	0	0
Hala do. do.	300	0	0
Tando Allahyar Dispensary	425	0	0
Tando Adam do.	250	0	0
Matiari	400	0	0
Private Dispensary, Sakrand	500	0	0
Do. Moro	500	0	0
Do. Kandiaro	400	0	0
Cost of Badin, Boulton, Tharushah, Naushahro and Shahdadpur Dispensaries	5,987	2	0
Purchase of medicines	117	0	0
Total ...	13,329	2	0

Vaccination Establishment and Charges.

A sum of Rs. 5,198-12-8 was spent under this head during the year as against Rs. 5,222-3-7 in 1898-99.

Sanitation Charges.

The sum of Rs. 35-8-0 spent under this head is on account of clearing jungle in and around the sites of villages.

A sum of Rs. 1,500 was granted towards the maintenance of the Medical School at Hyderabad. The sum of Rs. 1,449-11-3, shown under expenses during epidemics, is on account of cost of disinfectants, construction of landhies, plague and conveyance allowances to medical subordinates deputed on plague duty in connection with plague operations.

19. *Scientific and other minor Departments.*

	Rs.	a.	p.
Experimental Cultivation—			
1898-1899	295	1	5
1899-1900	320	14	6
Increase ...	25	13	1

The increase being small does not call for any special comment.

Horse and Cattle Shows.

This year the only horse show held was that at Moro on the 18th, 19th and 20th January 1900.

The total sum placed at the disposal of the Horse Show Committee was Rs. 3,700, of which Government contributed Rs. 700 and the District Local Board Rs. 2,000. The Táluka Local Boards provided the balance of Rs. 1,000 in the following proportions:—

	Rs.
Moro	400
Naushahro	150
Kandiaro...	450
Total ...	1,000

The details of expenditure were as follows:—

		Rs.	a.	p.
1.	Prizes	2,980	0	0
2.	Races and wrestling	100	0	0
3.	Miscellaneous expenditure incurred in connection with the show	300	0	0
4.	Savings credited to Moro Táluka	320	0	0

The show was not so successful as that of the previous year owing to the general failure of crops, consequent of the deficiency of canal water, low floods, want of rain and scarcity of grass, all of which had a depressing effect on exhibitors. This was shown by the number of exhibits, which fell from 942 to 659. Only 76 exhibits were brought from other districts, inclusive of His Highness the Mir's Territory. There were 64 mules and 95 foals and yearlings, sired by Government stallions, posted in the Naushahro Division. The Hyderabad and Thar and Párkar Police obtained 10 remounts, and it is said that the other stock fit for police work was available but was not purchased owing to the high prices asked by owners. After very careful consideration it was decided not to hold the Talhar show, the Zamindárs being very averse to the usual show on account of their having experienced a very bad season, and fodder being very scarce.

A sum of Rs. 548-3-4 was spent on sanitary arrangements on fairs this year against Rs. 252 last year.

Veterinary Charges.

The total expenditure incurred under this head amounted to Rs. 4,431-12-4 against Rs. 4,296-1-9 last year. Government contributed Rs. 775 towards the maintenance of the Veterinary Dispensary at Hyderabad and Rs. 480-2-0 for the Itinerating Veterinary Dispensary at Naushahro. The total sum of Rs. 1,255-2-0 has been shown under the head of Provincial contributions.

Veterinary Dispensary at Hyderabad.

In and out-patients numbered 131 and 883 as against 134 and 977 respectively last year. Of those treated—

903 were cured.
34 relieved.
4 pronounced incurable.
27 results unknown.
27 died.
19 remaining.

The total number of cases during the year was 1,014 against 1,111 last year. The decrease of 94 cases in the attendance of out-patients may probably be ascribed to the prevalence of plague at Hyderabad, which almost emptied the town for several months. The work of the construction of the new dispensary was completed by the end of July, and the building was occupied in the following month. The total amount expended on the construction of the building was Rs. 13,526-11-9, inclusive of the sum of Rs. 1,500 contributed by private persons

on the understanding that the dispensary be named after Mr. Steele, late Collector of Hyderabad, and that the following additional accommodation be provided :—

1. A dog shed.
2. Sweepers' quarters.
3. Water service.

4. Additional accommodation for the Veterinary Graduate in charge of the Dispensary. The dispensary was formally opened by the Commissioner in Sind, Mr. R. Giles, C.I.E., in August last.

The levy of fees at the dispensary is a new experiment, which was commenced in the month of November last. So far it appears to have had no ill effect, but a more definite judgment on the result of the experiment can be given when next year's report goes in.

Mr. Asudamal, the Veterinary Graduate who has remained in charge of the dispensary throughout the year, continues to take the greatest interest in his work, and to him is due the success which has attended the opening of the dispensary.

Itinerating Veterinary Dispensary.

The number of in-patients and out-patients was 15 and 302 as against 25 and 371 respectively last year. Of those treated—

235	were cured.
54	relieved.
8	died.
10	pronounced incurable.
4	results unknown.
6	remaining.
317	

The Veterinary Graduate in charge of this dispensary castrated seven horses during the year without any casualties. Of the seven, two horses belonged to the Mounted Police, Naushahro Division, and the remaining five were private property. Efforts to induce Zamindárs to have their horses castrated are being made, but no noteworthy headway has yet been made. No cases of rinderpest occurred in the Naushahro Division during the year. Anthrax and foot-and-mouth disease were prevalent in the division. The number of attacks and deaths from each are given below :—

Anthrax.

Number attacked	38
Do. died	38

Foot-and-mouth disease.

Number attacked	232
Do. died	6

Bull and Stallion charges.

The expenditure under this head was Rs. 982-4-11 against Rs. 2,218-11-1 last year. The large decrease under this head is due to charges on account of feed and keep of Government stallions having been transferred to Imperial Revenues in terms of Government Resolution No. 1877, dated 23rd March 1900, Revenue Department. The expenditure of Rs. 982-4-11 shown above represents the maintenance charges of Local Board stallions which number 3. During the year under report the undermentioned stallions were received :—

Horses.

Name.	Date of receipt.
Quicksilver	18th February 1900.
Quelrada	Do.
Oakwood Tower	4th November 1899.

Donkeys.

Name.	Date of receipt.
Khyber	28th April 1899.
Loharpur	Do.

The following stallions were transferred from the district during the year—

Name.	Date of Transfer.
Minstrel to Jacobabad ...	... March 1900.

Printing.

A sum of Rs. 375-15-1 was spent during the year against Rs. 298-5-9 last year.

The increase of Rs. 77-9-4 is due partly to the purchase of forms by Taluka Local Boards, and partly to the purchase of revised forms introduced by the Accountant General.

21. 32.—*Miscellaneous Petty Establishments.*

Staging Bungalows and Serai Establishment charges were Rs. 164-8-0 against 110-6-0 last year. The increase of Rs. 54-2-0 is on account of the entertainment of sweepers for the Musafirkhanas at Kazi Ahmed and Lal Udero.

Miscellaneous and Unforeseen Charges.

The sum of Rs. 749-10-6 spent under this head is made up of the following items :—

	Rs.	a.	p.

STATEMENT IV.

27. This statement shows the number of wells sunk, the sources of water-supply repaired and the improvement effected in sanitation at a cost of Rs. 3,813-6-3, details of which are given in Statement III.

28. The following is the progress made in material improvements in the district during the year under report:—

(1) A sum of Rs. 649-8-2 was spent on renewing the roof of the school-house at Husri. Rs. 75-3-0 were spent on building an examination room in the Dispensary, and providing ventilators in the dead-house at Tando Bago.

(2) Rs. 3,714 were spent on constructing quarters for students in the Kandiáro Technical School.

(3) A new verandah to out-houses and additional stable and syce's room in the Female Training College were built at a cost of Rs. 1,042-7-8.

(4) Rs. 14,308-4-11 were paid towards the cost of completion of the bridge over Guni at Tando Mahomed Khán.

(5) Rs. 809 were paid towards the cost of a bridge over the Ghaluwah and Rs. 310 for constructing a culvert over Karrio Kulveri in Tando Alahyar Táluka.

(6) Rs. 986-2-0 were spent on constructing four culverts over Karrias crossing Local Fund Roads.

(7) Rs. 4,663-11-1 were paid for the completion of the Veterinary Dispensary Building, Hyderabad.

(8) Rs. 332-9-0 were paid for completing the cattle pound at Madd.

(9) Rs. 2,385-3-11 were spent on the construction of Musafarkhánás at the undermentioned places:—

		Rs.	a.	p.
(1)	Kandiaro Road Station	1,172	11	11
(2)	Bhiria do.	1,212	8	0

(10) A landhi for the stallions located at Hala was constructed at a cost of Rs. 188.

(11) A new well was constructed at Shahdádpur at a cost of Rs. 420.

(12) Additions and improvements and repairs of existing sources of water-supply were carried out at an outlay of Rs. 2,809-10-11.

(13) Repairs to existing roads and bridges were carried out at a cost of Rs. 38,220-1-6. The work of planting and preservation of trees also received attention and Rs. 7,910-2-11 were spent on it.

(14) Additions, alterations and repairs to the existing School Buildings were carried out at a cost of Rs. 5,357-3-10.

(15) Repairs to Musafarkhánás and other buildings were carried out at an outlay of Rs. 3,293-9-6.

(16) Repairs to Dispensary Buildings were carried out at a cst of Rs. 755-2-7.

29.—*Execution and Supervision of works.*

The works undertaken by the Boards are carried out either by Public Works Agency at a charge of 12 per cent. or by the overseers employed by the Board. The system is regulated by the Bombay Local Board Act, I of 1884, and the rules framed thereunder by which—

(1) Works costing Rs. 500 and less are executed by the Boards who make their own plans and estimates.

(2) Works costing over Rs. 500 up to Rs. 2,500 are also executed by the Boards, but the plans and estimates are reviewed by the Public Works Department at a charge of 1 per cent. on the cost of the work.

(3) Works costing over Rs. 2,500 are executed by the Public Works Department at a charge of 12 per cent. on the cost of the works.

(4.) In the case of roads, the cost of which exceeds Rs. 50-0-0 per mile, the plans and estimates are reviewed by the Public Works Department at a charge of 1 per cent. To assist the Boards in carrying out their own works, Overseers, Sub-Overseers, and Maistries are employed, and these prepare the plans and estimates for the works to be carried out either by Public Works or Civil Agency.

(30.) Works Committees are appointed to superwise works in progress and to attest the certificates of completion of the works. Experience has shown that non-official members rarely take any interest in this matter; the supervision consequently falls practically on the Mukhtyárkars, who are the Vice-Presidents of the Boards. The Collector and President of the District Local Board, and the Presidents of the Táluka Local Boards, *i.e.*, the Assistant and Deputy Collectors, also inspect the works during the touring season, and the initiative in works of improvement is in reality taken by them.

(31.) The work of the Local Fund office has been carried on by Mr. Narainsing, the Local Fund Accountant, whose services have been retained permanently now that the former incumbent has retired. He has continued to work with the same zeal as hitherto, and has brought the Local Fund work to a highly efficient state.

I have the honour to be,
Sir,
Your most obedient servant,
R. P. BARROW,
Collector of Hyderabad.

LOCAL FUND DEPARTMENT.

From

J. SLADEN, ESQUIRE, B.A., I.C.S.,
Collector of Shikárpur;

To

H. E. M. JAMES, ESQUIRE, C.S.I., I.C.S.,
Commissioner in Sind.

Collector's Office,
Sukkur, $\frac{6th}{12th}$ July 1900.

Sir,

I have the honour to submit my annual report on the working of the Local Boards in this district for the year 1899-1900, together with the usual statements I to IV, *i.e.*,—

I—Showing constitution of the Boards.
II— Do. income do.
III— Do. expenditure do.
IV— Do. sanitary improvements.

STATEMENT No. I.

Constitution.

2. The area and population of the district and the number and constitution of the Boards underwent no change. The vacant seat of the representative of the holders of entire alienated villages in the Lárkhána Táluka referred to in the last year's report remains still unfilled, the President of the Board stating that the holders of such villages could not find a competent and fit person to represent their interests on the Board.

One elected member of each of the Táluka Local Boards of Kambar and Rato-dero, representing those Boards on the District Board, as also one nominated member of the Nasirabad Táluka Board died during the year, and their places were filled up in due course.

The foregoing statement shows that the number of meetings held was 85 against 99 in the preceding year. The Táluka Local Boards responsible for the decrease are those of Shikárpur, Nausharo, Rohri, Mirpur, Labdaria, Rato-dero, Mehar and Nasirabad. In the absence of any rule fixing the number of meetings for the Táluka Local Boards in the Sukkur Division, the meetings held by the Shikárpur and Nausharo Táluka Local Boards are not too few, nor those held by the Boards of Rohri and Mirpur Tálukas, for whom four meetings only are prescribed by their rules. The remaining Boards, which ought to meet every month, account for the deficiency by stating—Labdaria and Nasirabad that they had no work, and Rato-dero and Mehar that their Vice-Presidents were absent. The provisions of Section 34 of the Local Boards Act were resorted to twice only by the District Board owing to the difficulty of calling a meeting for urgent business.

STATEMENT No. II.

Income.

4. The opening balance was Rs. 29,845-12-7, and the closing balance Rs. 49,776-6-7 for the whole district.

5. The figures under various heads of receipts and the causes of their increase and decrease are explained as follows :—

6. *IV.—Provincial Rates—Local Rates.*—This is the principal source of revenue, and receipts from it amounted to Rs. 1,86,910-6-8 against Rs. 2,13,212-15-7 in the preceding year, showing a decrease of Rs. 26,302-8-11 due to the decrease in land revenue.

7. *XII.—Interest.*—The interest on Government Securities belonging to Dispensary Funds was Rs. 97-12-2 against Rs. 98-3-2 in the previous year, showing a decrease of Rs. 0-7-0 only, a sum too insignificant to require explanation.

8. *XVII.—Police.*—Receipts under the Cattle Trespass Act fall under this head. They amounted to Rs. 8,070-14-2 against Rs. 7,248-10-5 in the preceding year, showing an increase of Rs. 822-3-9, due to the fact that less expenditure was incurred on the construction and repair of cattle pounds in the year of report than in the previous year. This is an item of assigned revenues, and is credited to Local Funds after the expenditure is deducted.

9. *XIX—Education.*—Under this head there are only two sources of income, *viz.*, "School Fees" and "Miscellaneous." The former amounted to Rs. 309-13-6 against Rs. 193-12-0 in the preceding year, showing an increase of Rs. 116-1-6 due to the imposition of a "nominal fee" on the scholars of most of the important schools having more than 50 pupils on their rolls. The Deputy Educational Inspector in his Administration report states that no less than five Local Board schools get numbers of pupils from adjoining villages about a mile or two distant (which shows the desire of the people of outlying villages to give primary education to their children), and expresses a fear that the introduction of the system of fee-levy will affect this desire considerably, specially when full fees are charged. This question was brought before the Shikárpur District Local Board also in their half-yearly meeting held on the 26th May last, when the Educational Inspector in Sind, *R. B.* Seth Alumal, was present, and after a protracted discussion the following resolution was unanimously passed :—

Resolution.—"The District Local Board adopt the general principle that in all schools under their control fees should be levied from the scholars, with the exception suggested by the Educational Inspector, *viz.*—

I—Girls' schools.
II—All new schools for the first two years.
III—Partial exemption of schools in specially backward and poverty-stricken areas.

"The rates (as per margin) suggested by the Educational Inspector are accepted and should be levied from the 1st October next. As prescribed by rules 4, 5 and 6 of draft II under Section 48 (*b*) of the Local Boards Act, the visiting committees of the Táluka Local Boards should settle the free list of the several schools within the limits prescribed by the Educational Department. The free list may extend at present to 30 per cent. in villages of over 500 inhabitants and 50 per cent in villages of 500 and fewer inhabitants.

1st Standard and infant class, 6 pies per mensem.
2nd, 3rd and 4th Standards, 1 anna per mensem.
5th and 6th Standards, 2 annas per mensem.

With reference to exception III above, the Táluka Local Boards should be at liberty to make recommendations to the District Local Board for the entire as well as the partial exemption from payment of fees in schools in specially backward parts of the country, regarding which the Educational Department will be consulted by the District Local Board."

Miscellaneous receipts amounted to Rs. 197-7-7 against Rs. 293-13-0, showing a decrease of Rs. 96-5-5 due to the fact that, unlike last year, no recovery of excess payment was made from contractors.

10. *XX—Medical.*—The receipts under the head Hospitals and Dispensaries amounted to Rs. 84-6-2 against Rs. 35-1-5, showing an increase of Rs. 49-4-9 due partly to the fact that savings were effected in the purchase money of a promissory note for the Ubauro Dispensary sent in advance, the note having been bought at a discount, and partly to the fact that privilege leave allowance to a Hospital Assistant payable usually from Provincial Fund was erroneously paid from Local Funds, and subsequently re-adjusted by the order of the Accountant General.

(*b*) Contributions amounted to Rs. 3,068 against Rs. 101 only, which latter representing municipal contributions to vaccination remains the same every year. The difference this year is accounted for by the facts that Rs. 33 due by the Garhi Yasin Municipality has not yet been credited, and the Ghotki Municipality contributed Rs. 3,000 towards the construction of a new dispensary at Ghotki completed in 1897-98.

(*c*) There were no receipts under "Miscellaneous" (other receipts), because no disinfectants or other medicines were sold during the year.

11. *XXI—Scientific and other Minor Departments.*—Botanical and other garden receipts amounted to Rs. 2,576-1-7 against Rs. 2,566-7-3 in the preceding year, showing an increase of Rs. 9-10-4, a sum too insignificant to require explanation.

II—Veterinary Receipts.—The receipts under this head amounted to Rs. 8-14-0 against Rs. 9-14-0 in the previous year, the former representing the

cost of medicines supplied for Government stallion recovered from the Superintendent, Civil Veterinary Department, Beluchistan and Sind, and the latter the travelling allowance of the Veterinary Graduate recovered from the Khyrpur State as shown in the last year's report.

XXV.—Miscellaneous.

12. This head has three sub-heads, *viz.* :—

I.—Sale of old stores and materials.
II.—Fees of staging bungalows.
III.—Other items.

The receipts from the first (sale of old stores and materials) amounted to Rs. 11 against Rs. 102 in the last year, showing a decrease of Rs. 91, due to the fact that none of the Boards sold anything of the kind during the year, and the materials belonging to their schools were also sold to a less extent in the year of report.

(ii) The receipts realized from staging bungalows amounted to Rs. 41-8-0 against Rs. 8 only in the preceding year. The increase is mostly in the receipts of the Pano Akil bungalow which was occupied for a longer period in the year of report than in the preceding year.

(iii) The receipts under other items amounted to Rs. 1,083-3-0 against Rs. 457-1-5 in the last year. The increase of Rs. 626-1-7 is due to the following facts :—

1. that owing to change in the management of Government stallions and transfer of the charge entirely to Government, as per Government Resolution No. 1877, dated 13th March 1899, one moiety of the cost of feed and keep of stallions paid by the Local Board was recovered from Government during the year ;

2. that the cost of disinfectants for Rádhan Camp paid from Local Funds at the time was recovered from Government during the year;

3. that proportionate share of charges incurred on the printing of forms for Rádhan Camp was recovered from several Municipalities during the year.

XXXII—Civil Works.

13. The total realizations under this head amounted to Rs. 15,998-10-5 against Rs. 17,340-1-6, and is made up of—

I.—Tolls on ferries.
II.—Rent of buildings and lands.
III.—Sale of lands—Sale of old stores and materials.
IV.—Miscellaneous.
V.—Contributions.

(i) The receipts from tolls on ferries amounted to Rs. 10,532-0-2 against Rs. 11,911-2-11 in the last year. The decrease of Rs. 1,379-2-9 is due to the fluctuating nature of the receipts, and can hardly be explained.

(ii) The receipts from the rent of buildings and lands amounted to Rs. 1,379-0-9 against Rs. 1,403-10-0 in the last year. The decrease of Rs. 24-9-3 is a fluctuation, which needs no comment.

(iii) Rs. 800 were realized from the sale of Bugri garden land in the Rohri Táluka. The sale of old stores and materials fetched Rs. 48-5-6 against *nil* last year, owing to none having been sold in that year.

(iv) Miscellaneous receipts or receipts from road-side trees, as in the heading, represent sale-proceeds of road-side trees, babul pods and dead-wood. They amounted to Rs. 2,229-4-0 against Rs. 2,329-10-6 in the preceding year. The small decrease of Rs. 100-6-6 is due to the fluctuating nature of the receipts.

(v) Contributions amounted to Rs. 1,010 only against Rs. 1,695-10-1 in the last year. The net decrease of Rs. 685-10-1 is explained as follows :—

Rs.	a.	p.	
807	10	1	credited by the Rátodero Municipality in the last year for the construction of the dispensary there.
288	0	0	on account of popular contributions towards sanitary works, credited in the preceding year. There was no such credit in the year of report owing to the sanitary committees having kept their own accounts.
230	0	0	represents the decrease in the recovery of municipal contributions towards the maintenance of the Veterinary Dispensary; as in the last year Rs. 600 were recovered from the Shikárpur Municipality on account of contribution for two years, and in the year of report Rs. 370, in all, were recovered from that and the Rohri and Kambar Municipalities as the contribution for one year.
1,325	10	1	Total decrease.
600	0	0	credited by the Shikárpur Municipality as contribution for repairs to roads in the Shahi Bagh at Shikárpur for two years, *i.e.*, Rs. 300 for the last year and Rs. 300 for the year of report, the last year's contribution having remained in arrears.
40	0	0	popular contributions in the Sukkur Táluka for the sinking of a well There is no sanitary committee in this táluka.
640	0	0	Total increase.
685	10	1	represents the net decrease as above.

Contributions.

14. Contributions from Provincial to Local—

	Rs.	a.	p.
In 1899-1900	54,688	6	2
In 1898-99	48,374	9	7
Increase ...	6,313	12	7

The subjoined statement will show in detail the several objects for which these contributions were granted, with the figures of each for the year under report and the previous year, and with the amounts of increase and decrease in the same, as, without such a statement, the expression "contributions from Provincial to Local" does not convey any idea as to the nature of the grants :—

Nature of Contributions.	1899-1900.			1898-99.			Increase.			Decrease.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
I. Sand and quarry fees ...	14,909	1	9	9,522	9	8	5,386	8	1	.....		
II. Fishery fees ...	21,439	9	6	23,416	5	0	.....			1,976	11	6
III. Provincial contributions towards the repairs of roads.	2,491	0	0	2,491	0	0	.....			.....		
IV. Grants to Primary Schools.	8,863	10	11	5,863	10	11	3,000	0	0	.....		
V. Grants in lieu of one-anna cess on excise revenue.	3,630	0	0	3,630	0	0	.....			.....		
VI. Grants to Local Board Dispensaries.	3,355	0	0	3,355	0	0	.....			.....		
VII. Provincial Grant to Village Sanitation.	.....			96	0	0	.....			96	0	0
	54,688	6	2	48,374	9	7	8,386	8	1	2,072	11	6
Net Increase ...	6,313	12	7									

It will be seen from this statement that there is a variation under "sand and quarry fees" and "fishery fees," both of which are of fluctuating nature, the former showing an increase owing to greater competition, and the latter a decrease owing to less competition.

Another item in the statement which requires an explanation is the "grant to Primary Schools." It shows an increase of Rs. 3,000, which, according to Government Resolution No. 592 of the 11th May 1899, was added to the original grant of this District, being taken from the grant of the Upper Sind Frontier District on the ground stated in the preamble of that resolution that the grant of that District was in excess of their wants and that of the Shikárpur District was inadequate.

The Sanitary Committees having kept separate accounts the grants to village sanitation no longer appear in this report.

During the year under report as in the previous year Rs. 3,355 were recovered from Government on account of contribution towards the maintenance of Dispensaries as below :—

	Rs.
Mehár Dispensary	700
Dokri „	600
Ubauro „	600
Veterinary „	1,455
	3,355

But Government in their Resolution No. 5792, dated 14th December 1899, while revising triennially the grants to Dispensaries reduced those of the Ubauro and Dokri dispensaries by Rs. 100 each, which will be adjusted in the current year, *i.e.*, the year 1900-1901.

Local Funds also contributed the following amounts to these dispensaries :—

	Rs.
Mehar Dispensary	1,000
Dokri „	600
Ubauro „	600
Veterinary „	2,900
	5,100

15. The incidence of taxation and of the income per head of population for the last two years is compared as follows :—

	1899-1900. Rs. a. p.	1898-99. Rs. a. p.
Incidence of taxation per head of population ...	0 3 9	0 4 3
Incidence of income per head of population ...	0 5 6	0 5 10

The decrease in incidence is due to the decrease in income in the year under report, the population figure being taken as recorded at the last census.

STATEMENT III.

Expenditure.

16. The expenditure of all the Boards taken together amounted to Rs. 2,53,215-13-5 as compared with Rs. 3,19,338-8-0 in the previous year, the decrease of Rs. 66,122-10-7 is explained under the several heads of expenditure as follows :—

Administration.

17. Office contingencies—

	Rs. a. p.
In 1899-1900	790 15 8
In 1898-99	1,109 8 9

The decrease of Rs. 318-9-1 is accounted for by the fact of certain payments having been made by the Rohri Táluka Local Board last year which do not re-appear in the year of report.

ESTABLISHMENT.

Rs. 84-13-3 represent the pay of the temporary clerk appointed in the Mehar Divisional Office as a tentative measure from January 1900, there being no such charge in the preceding year.

18. *Establishments of Offices of accounts, control and audit.*

	Rs.	a.	p.
In 1899-1900	6,129	12	6
In 1898-99	5,942	15	8

The increase of Rs. 186-12-10 was chiefly in the amount paid on account of the Collector's Local Fund Establishment as determined by the Accountant General, Bombay.

Education.

19. The total charges under this head amounted to Rs. 71,045-13-0 as compared with Rs. 77,824-10-5 in the preceding year. The decrease of Rs. 6,778-13-5 is spread over several sub-heads and explained in their proper places as under :—

	Rs.	a.	p.
Primary Schools	56,192	1	6
As against	57,377	2	1
Decrease ...	1,185	0	7

This sub-head includes pay and allowances as also travelling allowance of Head Masters and teachers and the pay of servants. The decrease falls chiefly under sub-head " Masters and teachers " due to the decrease in the average pay of untrained Head Masters which the Deputy Educational Inspector, Shikárpur, states in his annual report to be Rs. 10 against Rs. 13-14-7 in the last year, and the reduction in the number of that class of teachers with a proportionate increase in the number of untrained and unpassed assistants drawing Rs. 8 and odd, the number of teachers as a whole remaining the same. There was an increase of 75 in the number of pupils.

(*b*) *Grants-in-Aid.*

	Rs.	a.	p.
In 1899-1900	7,710	0	0
In 1898-99...	12,292	0	0
Decrease ..	4,582	0	0

	Rs.
To the Sind Arts College	2,000
To the Mahomedan Madressah	2,000
To the Sukkur Technical School	2,500
To Municipal Schools	1,210
	7,710

No contribution to special or other repairs to Madressah were paid and none to that institution or the Sind Arts College on behalf of the Sukkur Municipality as was done in the last year, which accounts for the decrease of Rs. 4,582 shown above.

(*c*) *Scholarships.*

	Rs.	a.	p.
In 1899-1900	2,159	9	2
In 1898-99	2,363	6	5
	203	13	3

The decrease is accounted for by the fact that the Training College at Hyderabad had to draw no arrears for any period of the preceding year as was done in the last year.

The Veterinary student of the Bombay College remained sick throughout the year and drew no scholarship. Only Rs. 60 were paid on account of his College fee against last year's expenditure of Rs. 235-4-11.

(*d*) *Miscellaneous.*

	Rs.	a.	p.
In 1899-1900	4,982	1	4
In 1898-99	5,792	1	11

The decrease of Rs. 810-0-7 is detailed below :—

	Rs.	a.	p.
Less paid for books than last year ...	223	3	3
Do. contingencies last year ...	650	6	8
Do. furniture do. ...	795	5	0
Total, Decrease ...	1,668	14	11

	Rs.	a.	p.
More paid for rent	24	11	6
Do. for prizes	500	0	0
Do. for printing	334	2	10
Total, Increase ...	858	14	4

—leaving a net decrease of Rs. 810-0-7 as above.

Refunds—Rs. 2-1-0. This represents the refund of travelling allowance received by Mr. Abu Bakar, Head Master, Vernacular School, Bichanji, from the Sub-Civil Court, Sukkur, and erroneously credited to Local Funds.

20. *XXIV—Medical.*—The payments under this head are made up of—

1. Grants to hospitals and dispensaries Rs. 6,800 the same as in the last year.

		Rs.	a.	p.
2.	Purchase of Quinine	569	8	0
	Against	570	1	0
		0	9	0

The decrease has no significance and requires no explanation. This drug is purchased every year for distribution among the poor population of the District who are out of reach of the public dispensaries.

3. Maintenance of the Local Fund Dispensaries Rs. 4,201-11-6 against Rs. 3,143-13-8 in the preceding year, showing an increase of Rs. 1,057-13-10 due to the Ubauro Dispensary having purchased a five hundred rupees Promissory Note, having paid their Hospital Assistant at a higher rate of pay and having purchased Medical Stores, and to the Dokri Dispensary having had to pay more than in the last year on account of petty supplies and petty repairs.

4. Vaccination Establishment charges, Rs. 6,313-3-6, against Rs. 6,398-5-0 in the last year, showing a decrease of Rs. 85-1-6, a sum too small to require explanation.

5. Medical Schools and Colleges Rs. 500, the same as was contributed in the last year to the Medical School at Hyderabad.

6. Plague charges Rs. 9,668-13-8 as compared with Rs. 40,745-5-9, spent in the previous year, the decrease of Rs. 31,076-8-1 being due to the fact that no contribution was made to the Karáchi or Sukkur Municipality as was done in the last year. The expenses incurred in the year of report were on account of the camps opened at the Rádhan and Rohri Railway stations against arrivals from Hyderabad and Karáchi for the protection of the Shikárpur District as also on account of some small quota paid towards the Malir camp expenses. There was no plague in the Shikárpur District in the year under report.

21. *XXV—Scientific and other Minor Departments.*—The Board contributed Rs. 1,000 as usual to the Sind Horse show held at Jacobabad in 1900.

The succession of three years in which Government Resolution No. 6237, dated 21st August 1897, decided the show to be held at Jacobabad is over, and it has to be considered whether the former rotation should again be resorted to. Mr. Mules, however, made a suggestion, in which the Superintendent, Civil Veterinary Department, Beluchistan and Sind, and the Veterinary Inspector General concurred, that there should be an annual local show at Shikárpur. The Board at their last meeting approved of the suggestion, and the Collector is in correspondence with the Superintendent, Civil Veterinary Department, who has fixed 18th February 1901, and the following days as the dates on which the show will be held. The prospectus is in course of preparation and will be sent to the Commissioner's Press to be printed with the sanction of the Commissioner in Sind. Owing to the institution of the District Horse Show the grant to the Upper Sind Frontier District has been reduced by half, *i.e.*, Rs. 500, of which the Deputy Commissioner of that District has been informed.

(*b*) *Veterinary Charges.*

	Rs.	a.	p.
In 1899-1900	4,653	5	4
In 1898-99	2,586	0	8
Increase ...	2,067	4	8

This item consists of the pay and allowances of establishment contingencies and travelling allowance; and the increase is due (1) to the leave allowance paid to the Veterinary Graduate, who was granted privilege leave during which time another graduate was appointed to act for him; (2) to the travelling allowance paid to that graduate from Bombay to Shikárpur; and (3) to Rs. 1,926-5-4 paid as compensation on the resumption of the old post office site originally intended for the dispensary, but subsequently let on lease till it was finally decided to use it as the Veterinary Dispensary.

The work done at the Veterinary Dispensary is compared with the previous year's record below :—

Number of Animals.	1899-1900.	1898-99.
Admitted	846	932
Relieved	38	49
Cured	761	844
Died	10	8
Unknown	9	2
Incurable	3	3
Remaining	25	26

Of the number admitted, 84 were in-patients against 115 in the last year. There were no stables for the last three months, the materials of the stables having been removed to be utilized in building new stables, and this is alleged to be the reason for the serious falling off in the number. The complaints most common among the animals were :—

Bronchitis.
Colic, Flatulent.
Contusions.
Colic, Spasmodic.
Fever.
Indigestion.
Lampas.
Mange.
Sprain.
Symponitis.
Ulcers.
Wounds.

In the year under report as in the preceding year no case of rinderpest was treated by the Veterinary Graduate. The attendance was not satisfactory, but as the Dispensary has now been removed to a more convenient spot nearer the town, it is likely to improve and the institution to become more popular.

(*c*) As regards bull and stallion charges, Rs. 265-3-11 were spent as a moiety of the feed and keep of Government stallions, but, as stated in paragraph 12 of this report, owing to the transfer of the charge entirely to Government, the amount was recovered during the year

(*d*) *Botanical and other Public Gardens.*—Rs. 4,969-14-11 were expended under this head during the year under review against Rs. 4,663-10-2 in the preceding year, showing an increase of Rs. 306-4-9 chiefly, in the contingencies of the Mirpur Táluka Local Board, due to the scarcity of fodder in that táluka.

The cost of seeds ordered annually from England and distributed among Municipal and Local Fund Gardens and private growers usually comes under this head. The prices of seeds supplied to Municipalities are recovered from them.

22. *XXIX.—Superannuation allowances and pensions.*—Rs. 441-0-11 against Rs. 240 in the preceding year. The increase is due to the fact that one more pensioner was added during the year, and 3 persons received gratuities under Article 858 of the Civil Service Regulations, the latter aggregating Rs. 87-8-2.

23. *XXX.—Stationery and Printing.*—Stationery purchased in the—

	Rs.	a.	p.
Country	405	10	10
against	401	7	10

The increase is too insignificant to require explanation.

	Rs.	a.	p.
Under printing the expenditure amounted to ...	951	1	2
against	111	0	2
	840	1	0

The increase is almost entirely due to the election of members for new boards, for which lists A and B were printed and published during the year under review.

24. *XXXII.—Miscellaneous*—(*a*) Staging bungalow and serái establishments and charges—

Rs.	a.	p.	
1,692	11	2	against
1,692	2	7

The decrease is too small to require comment.

(*b*) Other petty establishments and charges—

Rs.	a.	p.	
1,369	1	4	against
1,390	0	0	
20	14	8	

The decrease in this case is also insignificant.

(*c*)—*Miscellaneous and unforeseen charges.*

In 1899-1900	978	11	0
„ 1898-99	1,195	11	0
	217	0	0

This represents the amount of the one anna cess assigned to Municipalities under Section 47 of the Bombay Local Boards Act, I of 1884. The decrease in the amount of the year under report is due to less cultivation having been undertaken within Municipal limits.

(*d*) There was no refund in the year under report.

45.—Civil Works in charge of Civil and Public Works Officers.

25. The total expenditure under this head amounted to Rs. 1,28,519-5-9 againstRs. 1,56,719-7-1, showing a decrease of Rs. 28,200-1-4, which is explained by the details of expenditure given below for each separate sub-head.

The expenditure under this sub-head amounted to	6,801	1	0
Total ...	10,038	2	6
against	12,144	3	10

in the preceding year. The decrease is due to the fact that agreeably to Government Resolution No. 4086, dated 30th August 1899, and the Commissioner in Sind's No. 5500, dated 6th September 1899, several original works, which could without difficulty be suspended, were postponed in view of the possible scarcity in Sind.

No expenditure was incurred on new construction under "Miscellaneous Public Improvements"

Water-supply or water-works.

The expenditure under this head, as compared with the previous year, was as follows:—

	Rs.	a.	p.
1899-1900	4,000	14	1

In 1898-1899	9,880	7	3

These figures represent the cost of Overseer's Establishment entertained for the preparation of plans and estimates and for repairs and supervision of Local Fund Works. The decrease is due to the pay of certain emyloyes remaining in arrears at the end of the year, being under correspondence till then. It will be seen from the foregoing details that Arboriculture absorbs a large share of expenditure.

The following table gives the number of avenues that existed before the year of report and those that were planted during the year :—

Works in charge of Public Works Department Officers.

Original Works—Civil Buildings.

Construction of two stables, one at Dokri and the other at Kambar, Rs. 1,783-10-2. This was formerly a Provincial Charge and Local Funds had only to pay a moiety of the cost of feed and keep of the stallions. The Government of India, in their orders embodied in Government Resolution No. 2377, dated 13th March 1899, made "feed and keep" entirely an Imperial charge and transferred the construction and repair of stables to Local Funds. This is, therefore, the first report in which the charge has appeared.

Do. from Shikárpur to Jagan ...	3,245	7	9
	6,807	9	3

Thus the total expenses incurred on works carried out by Public Works Agency amounted to Rs. 8,591-3-5 against Rs. 18,444-15-5 in the preceding year, the decrease being due to the opening of plague observation camps at Rádhan and Rohri, to provide for the maintenance of which some of the works provided for in the budget were postponed. The amount of percentage on account of establishment charges and audit fees for works carried out by the Public Works Department was Rs. 1,030-15-2 against Rs. 2,328-11-5.

Contributions.

26. Rupees 17, under Provincial, represents contributions towards the maintenance of the Ghar Canal embankment, paid to the Public Works Department.

Out of Rs. 2,788-0-0 (contributions to other Boards), Rs. 1,000 was paid towards the Sind Horse Show held at Jacobabad, Rs. 1,100 to the Hyderabad Female Training College as usual, and the remainder to the several Sanitary Committees in the District.

The closing balance of the year under report was Rs. 49,776-6-7 as against Rs. 29,845-12-7, the increase being due to the fact that the funds had no sudden call on them as they had last year in the shape of a large contribution of Rs. 35,000 to aid the plague expenses incurred by the Karáchi Municipalty and also to the fact that in accordance with Government orders all non-emergent works were postponed on account of the famine. The balance will probably be fully utilized in the current year.

STATEMENT No. IV.

This statement shows in detail the works undertaken for the improvement of village sanitation..

Eleven new wells were sunk during the year, and one drain was constructed at a total cost of Rs. 3,800-14-1 against 15 wells in the preceding year at a cost of Rs. 5,778-4-0. Also one tank was dug in the Kákar Táluka during the year of report at a cost of Rs. 200.

Rs. 4,625-14-4 were spent on improving 110 wells, one khuhado and 8 tanks with steps, against Rs. 5,401-0-3 on 121 wells and 8 tanks in the preceding year. Rs. 1,369-1-4 were spent on the entertainment of watchmen for watching the sources of water-supply against Rs. 1,390 in the last year.

Local Funds contributed Rs. 688 to Sanitary Committees in the District for the maintenance of their conservancy establishments and for village sanitation in general, against Rs. 1,902 in the preceding year, the share of the Kákar Táluka Committee remaining undrawn. The decrease is due to the decrease in popular contributions.

I have the honour to be,

Sir,

Your most obedient servant,

J. SLADEN,

Collector of Shikárpur.

No. 357 of 1900-1901.

LOCAL FUNDS DEPARTMENT.

From

W. H. LUCAS, ESQUIRE, I. C. S.,
Deputy Commissioner, Thar and Párkar;

To

THE COMMISSIONER IN SIND,
Karáchi.

Deputy Commissioner's Office,
Hyderabad, 29th June 1900.

SIR,

I have the honour to submit my report on the administration of Local Boards in this District for the year 1899-1900, together with the statements Nos. I to IV, and to offer the following remarks on the same.

STATEMENT I.

2. With the exception of the Mirpurkhás Board transferred from the Hyderabad Collectorate with effect from 1st August 1894, the District and Táluka Boards were constituted under Government Resolution No. 1293, dated 12th February 1885, as modified by Government Resolution No. 4389, dated 29th June 1891.

3. The total population and area within the limits of the district shown in columns 4 and 5, is the same as shown last year, the area and population of the Municipal towns of Umarkot and Mithi having been omitted from these columns.

4. The total number of members constituting the several Boards has been the same as last year, *viz.* 68, of which 60 are nominated and 8 are elected. The extension of the elective franchise to this district (exclusive of the Mirpurkhás Táluka transferred from the Hyderabad District during the year 1894), was not considered expedient, owing to the comparatively backward condition of the people. Out of the 8 elected members, 6 were returned on the Mirpur Board in which táluka the elective system is in force, the remaining two members are representatives of the Municipalities of Umarkot and Mithi.

5. The number of meetings held during the year was 57, showing an increase of 1 as compared with the last year. The following details will show the increase and decrease in the number of meetings held by each Board as compared with 1898-99:—

No.	Name of Board.	1899-1900.	1898-99.	More.	Less.
1	District Board	2	2	...	...
2	Umarkot	16	16	...	...
3	Cháchro	4	4	...	...
4	Khipro	6	8	...	2
5	Sanghar	9	9	...	...
6	Thar	5	5	...	...
7	Párkar	8	6	2	...
8	Mirpurkhás	7	6	1	...
	Total ...	57	56	3	2

A sufficient number of meetings has been held in consideration of the work to be done. The funds at the disposal of some of the Táluka Boards were, however, so insignificant that it was not necessary to hold more meetings.

The provisions of Sections 34 of the Act were also availed of on 28 occasions for the circulation of propositions amongst the members of the District Board. The business of the Board is practically carried on by the official members. The non-officials as yet take but little interest in their duties and content themselves with attending the meetings and agreeing to the proposals brought forward by the official members, who have worked satisfactorily.

6. The inadequate attendance of members at the meetings is due to the fact that some of them live in villages situated at a considerable distance from the head-quarter station.

STATEMENT II.

7. The year opened with a balance of Rs. 40,111-15-11. The income of the several Boards during the year under report amounted to Rs. 67,935-5-3. The total amount at the disposal of the Boards was thus Rs. 1,08,047-5-2. The items of income and the reasons for increases and decreases as compared with the last year are given below.

VI.—Provincial Rates—Local Rates.

8. Receipts under this head amounted to Rs. 48,659-1-0 against Rs. 49,246-12-0 in the previous year, showing a decrease of Rs. 587-11-0, which is due to the failure of crops in the Desert Tálukas.

XII.—Interest.

9. The sum of Rs. 715-11-2 is on account of the interest on the closing balances of certain minor Municipalities which have been abolished. These balances were invested in Government paper, and the interest is annually credited to Local Funds, in consideration of which the Local Boards have undertaken to maintain certain institutions in the villages concerned.

The sum of Rs. 130-4-0 against Dispensaries under the same head is on account of the interest on Rs. 4,000 invested in Government paper on account of the following Dispensaries:—

	Rs.	a.	p.
Cháchro	112	12	8
Sanghar	17	7	4
	130	4	0

The increase of Rs. 26-2-5 under this head as compared with the last year's figures is owing to the investment of Rs. 1,000 more in Government paper at 3½ per cent. of the Cháchro Dispensary Fund.

10. *XVII—Police.—Receipts under Cattle Trespass Act.*—The receipts under this head amounted to Rs. 4,516-11-6 as against Rs. 4,373-3-10 in the previous year, showing an increase of Rs. 143-7-8 which is due to the trespass by cattle brought by the people of the desert in the Nara Valley owing to failure of crops in the desert.

11. *XIX—Education.*—The sum of Rs. 60-6-0 represents fees levied in Khan and Mirpur schools in Táluka Mirpurkhás. In other tálukas of this district no regular school fees are levied, as the district is generally in a backward condition as compared to other parts of Sind.

As compared with the last year's figures there is an increase of Rs. 10-0-6 under this head which is owing to the increased attendance at the above mentioned schools.

12. The amount of Rs. 125-13-10 shown under Miscellaneous is made up as follows:—

	Rs.	a.	p.
1. On account of stipends of two scholars drawn on 19th January 1899 by the Principal, Hyderabad Training College, and subsequently refunded	16	0	0
2. Sale-proceeds of unserviceable articles belonging to the school at Khipro and Nagar Párkar ...	0	7	7
3. Amount erroneously credited to the Indigenous Schools of the Thar and Párkar District and subsequently refunded	106	6	3
4. On account of Examination fees levied under the Middle and Special School Scholarship Rules ...	3	0	0
Total ...	125	13	10

13. *Hospitals and Dispensaries.*—The sum of Rs. 9,060-13-1, including balance and other receipts against Dispensaries, is composed of the following items :—

Dispensaries.	Balance.	Grant-in-aid from Government.	Contribution from Local Funds.	Interest.	Hospital Stoppage Fees.	Miscellaneous.	Total.
	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.	Rs. a. p.
Nagar Párkar ...	247 1 1	400 0 0	600 0 0	.....	...	2 4 0	1,249 5 1
Chachro	201 0 2	550 0 0	700 0 0	112 12 8	...	112 10 6	1,676 7 4
Khipro	494 5 9	500 0 0	654 0 0	.....	7 15 0	4 13 0	1,661 1 9
Sánghar	701 7 9	700 0 0	700 0 0	17 7 4	...	...	2,118 15 1
Mirpur	723 13 10	400 0 0	1,203 0 0	.....	8 7 0	19 11 0	2,354 15 10
Total ...	2,367 12 7	2,550 0 0	3,857 0 0	130 4 0	16 6 0	139 6 6	9,060 13 1

As compared with the last year's figures, there is an increase of Rs. 308-0-9 only, which is chiefly due to larger actual balances during the year under report.

14. *XX.—Medical Contributions, Rs. 66.*—This sum was received from the Umarkot and Mitti Municipalities towards the vaccination charges under orders conveyed in Government Resolution No. 975, dated the 14th March 1891, General Department.

15. The sum of Re. 0-4-2, shown under XX—Medical, Miscellaneous, other receipts, is on account of the pay of the peon of the vaccinator at Khipra refunded for one day, *i.e.*, for 29th October 1899, by the vaccinator at Khipra.

16. *XXI.—Scientific and other Minor Departments.*—Botanical and other public garden receipts amounted to Rs. 2,000-14-1 as against Rs. 1,284-11-7, showing an increase of Rs. 716-2-6, which is due to higher bids received for garden produce during the year under report.

17. The sum of Rs. 6-8-0, shown under head "Receipts on account of experimental cultivation," is on account of the cost of vegetable and lawn grass seeds supplied to the Vice-President, Umarkot Municipality. The sum of Rs. 2-3-5, shown under the head "Miscellaneous," is on account of bull and stallion charges erroneously paid from Local Funds and subsequently refunded, as charges of such a nature are from 1st April 1899 debitable to Imperial Funds under the orders contained in Government Resolution, Revenue Department, No. 2184 of 26th March 1898.

18. *XXV.—Miscellaneous.*—The sum of Rs. 2-10-0 is on account of sale-proceeds of old materials. The amount shown under "Serái Fees," *viz.*, Rs. 233, represents rents paid by Government servants for occupying quarters built by Local Boards and also rent realized from the market at Nagar Párkar. As compared with the last year's figures, there is a decrease of Rs. 115-4-10, which is chiefly due to the diminished occupancy price received for the market in consequence of failure of crops in the desert.

The total Rs. 21-9-5 under "Other items" is made up as follows:—

		Rs.	a.	p.
1.	On account of pay of boatmen erroneously drawn for March 1899 and subsequently refunded ...	15	15	6
2.	Recovery of pay drawn in excess for the Local Fund servant employed for watching dharmshála at Rahimki	0	14	6
3.	Do. do. for watering trees in Umarkot and Cháchro Tálukas	4	11	5
	Total ...	21	9	5

19. *XXXII.—Civil Works—Miscellaneous.*—The sum of Rs. 166-15-0, shown under this head, is made up as follows:—

		Rs.	a.	p.
1.	On account of sale-proceeds of road-side trees and their loppings	158	4	0
2.	On account of establishment charges for preparing estimates by the Local Fund Overseer, Thar and Párkar, for repairs to the private buildings of minors, Ghulam Mahomed, and others ...	8	11	0
	Total ...	166	15	0

As compared with the last year's figures, there is a decrease of Rs. 9-3-3, which is due to a larger number of trees having been sold during the year 1898-99 than 1899-1900.

20. The sum of Rs. 394 represents the contributions received from the following Zamindárs for constructing bridges:—

		Rs.	a.	p.
1.	By Sado Malhi, for constructing bridge on Karia crossing Sufi Fakir road, Táluka Umarkot. ...	94	0	0
2.	By Kazi Abdul Kavi, for constructing bridge on Karia crossing road from Sánghar to Mirpur in Sánghar Táluka	300	0	0
	Total ...	394	0	0

Contributions.

21. The total Rs. 10,677-9-2 from Provincial to Local is made up of the following items:—

		Rs.	a.	p.
1.	Net proceeds of fees and fines and penalties under Bombay Act VIII of 1866 ...	20	0	0
2.	Fees for permission to remove sand or to quarry	496	5	6
3.	Grant in lieu of one-anna cess on Excise Revenue	433	0	0
4.	Do. to Primary Schools	6,345	3	8
5.	Do. to Provincial roads	833	0	0
6.	Do. Dispensaries	2,550	0	0
	Total ...	10,677	9	2

As there is no special column provided for the above items in Statement No. II, they have been shown under this head as directed by Government Resolution No. 3847, dated 5th June 1891.

As compared with the last year's figures, there is a decrease of Rs. 5,082-4-6, which is due to the Government grant for the Primary Schools in this district having been decreased from Rs. 7,345-3-8 to Rs. 6,345-3-8; owing to the closure of the English school at Miranjo Tando in Táluka Mirpur Khás, and also to the fact that the Special Salt Inspector in May 1899 brought to the notice of the Collector of Salt Revenue that the mineral locally known as Kharo or Chaniho (the farm of the right of excavating which is leased out annually) dug

and collected by the farmer in the Khipro and Sánghar Tálukas, was greatly impregnated with salt, and was consequently fit for human use as salt. The Collector thereupon, apprehending danger to Government revenue, addressed my predecessor, Mr. J. L. Rieu, on the subject, who issued orders preventing the contractor from removing the mineral, pending inquiries into the question, which have now resulted in its being shown beyond all doubt that it cannot be used as salt. The matter has been reported by you to Government (*vide* your No. C—319 of 2nd May 1900). The farm for the next year will, it is hoped, be let out as usual.

22. The incidence of taxation and that of income per head of population is shown against each Board. The incidence of taxation on the whole district population is Re. 0-2-4 per head and that of income (excluding opening balance) is Re. 0-3-3 per head. This shows a decrease of 4 pies on the latter as compared with that of the previous year. The decrease is due to the decrease in total amount of income.

STATEMENT III.

23. Owing to the opening of a branch post office at Dengan, Bhurgiri, Táluka Umarkot, a sum of Rs. 31-11-9 was spent by the Board for the convenience of the people during the year under report on account of pay from 2nd November 1899 to 28th February 1900 of a postal runner employed from Local Funds between Shadipalli station and Dengan, as the District Post Funds were not available for that purpose.

24. The sum of Rs. 2,990-9-0, under Office establishment, by the sub-head of 18—Administration, is on account of pay and bhátha to the establishment entertained in the following offices:—

	Rs.	a.	p.
1. Local Fund Establishment in the office of the Deputy Commissioner, Thar and Párkar ...	2,459	12	0
2. Local Fund Establishment in the office of the Deputy Collector, Nára Valley ...	530	13	0
Total ...	2,990	9	0

Office Contingencies.

25. There is an increase of Rs. 32-8-8 under this head, which is chiefly due to the purchase of dead-stock articles.

26. The sum of Rs. 356-13-9 shown under payments of establishments for offices of accounts, control and audit, is made up as follows:—

	Rs.	a.	p.
1. Share of establishment in the office of the Commissioner in Sind	130	13	9
2. Share of the establishment in the Accountant General's office	226	0	0
Total ...	356	13	9

22.—EDUCATION.

Middle and Primary Schools.

27. As compared with the last year's figures, there is a decrease of Rs. 387-12-2, which is chiefly due to the closure of the English school at Miranjo Tando, Táluka Mirpur Khás.

Grants-in-aid.

28. The sum of Rs. 1,966-6-3 is on account of the following grants made during the year under report:—

	Rs.	a.	p.
1. Contribution towards the Medical School, Hyderabad	300	0	0
2. Contribution towards the Midwifery School, Hyderabad	200	0	0
3. Contribution towards the Mahomedan Madressah, Karáchi	100	0	0

		Rs.	a.	p.
4.	Contribution towards the Dayaram Jethmal Sind College, Karáchi	200	0	0
5.	Contribution towards the Umarkot Municipal School	430	0	0
6.	Contribution towards the Technical School, Umarkot	210	0	0
7.	Contribution towards the Vernacular School, Mitti	120	0	0
8.	Contribution towards the Indigenous schools.	106	6	3
		1,966	6	3

As compared with the last year's figures there is a decrease of Rs. 1,018-9-9 which is chiefly due to the sum of Rs. 807 having been given in the year 1889-99 as an extra grant for the repairing and improving of the Madressah building.

Scholarships.

20. The sum of Rs. 646-3-7 represents the pay of students at the Training College, Hyderabad, and Ahmedabad, as also the scholarships given to the Primary, Middle and Special Schools.

30. The sum of Rs. 2,253-6-0 under miscellaneous is composed of the following items :—

		Rs.	a.	p.
1.	Rent	265	7	1
2.	Cost of books	322	7	10
3.	Furniture	246	0	0
4.	Fixed contingencies and miscellaneous ...	953	14	6
5.	Printing charges	102	2	6
6.	Prizes	363	6	1
		2,253	6	0

As compared with the last year's figures there is a decrease of Rs. 217-9-4, chiefly due to the small amount of furniture purchased during the year under report.

24.—Medical.

Hospitals and Dispensaries.

31. The sum of Rs. 1,082-8-0 shown against the District Board, General, represents the following grants to Charitable Dispensaries and on account of the cost of medicines.

		Rs.	a.	p.
1.	Umarkot Municipal Dispensary ...	600	0	0
2.	Mitti do. ...	300	0	0
3.	On account of the cost of medicines ...	182	8	0
		1,082	8	0

32. The sum of Rs. 6,951-5-0 represents the total expenditure on the following Government Grant-in-aid Dispensaries :—

Dispensaries.	Hospital Assistant's Pay and Allowance.			Second Class Servants.			Miscellaneous.			Total.		
	Rs	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.

Total ...	2,039	12	8	923	5	10	3,988	2	6	6,951	5	0

As compared with the last year's figures there is an increase of Rs. 566-5-3, which is due to the purchase of promissory notes and the making of additions and alterations to the dispensary building at Mirpur Khás.

33. The sum of Rs. 3,431-15-9 represents the cost of the vaccination establishment which consists of a vaccinator and a peon for each of the 8 tálukas. As compared with the last year's figures there is a decrease of Rs. 4-7-9 which calls for no explanation.

Plague charges—Rs. 1,654-4-0.

34. As in previous years the district was fortunately free from plague, Owing to the re-appearance of plague at Karáchi, precautions were, however, taken at Mirpur Khás, where all passengers were carefully examined before they could enter the district.

The total expenditure incurred by the Board during the year under report in connection with plague charges amounted to Rs. 1,654-4-0 as per details given below, the main item of expenditure being the contribution of Rs. 986 paid by the Board towards the maintenance of the Málir Camp which is felt in the Thar and Párkar District to be an inestimable boon. It is in great measure due to it that the district has continued to enjoy immunity from plague.

		Rs.	a.	p.
1.	Establishment	58	13	0
2.	Constructing observation sheds	256	7	2
3.	Allowance to Hospital Assistants ...	226	7	10
4.	Contribution towards the maintenance of the Málir Camp	986	0	0
5.	Contribution towards erecting Bowman's Patent Disinfector at Málir	53	0	0
6.	Miscellaneous	73	8	0
		1,654	4	0

26.—Scientific and other Minor Departments.

35. The sum of Rs. 89-8-0 shown under experimental cultivation is on account of the cost of English vegetable seeds obtained for experimental purposes.

Veterinary charges.

36. The sum of Rs. 373-0-0 shown against the District Board, General, is on account of the pay and contingencies of a student, by name Wahidbuksh walad Faiz Mahomed, who has joined the Veterinary College on the condition that on finishing his course at the College he will serve this district for a period of not less than 3 years on a salary of Rs. 50 plus travelling allowance admissible under the rules when proceeding from one Táluka Head-quarter station to another. As compared with the last year's figures there is a decrease of Rs. 168-4-2 which is chiefly due to the purchase of books and instruments for the student's second year's course of study during the year 1898-99.

37. The sum of Rs. 2-3-5 shown under "Bull and Stallion charges" is on account of the feeding charges of the donkey stallion. As this amount was debitable to Imperial Funds it was subsequently refunded to Local Funds during the year under report.

38. The sum of Rs. 2,230-7-7 shown against Botanical and other Public gardens is made up as follows:—

		Rs.	a.	p.
1.	On account of contribution towards the Zoological garden at Karáchi	50	0	0
2.	Expenditure on Public gardens... ...	2,180	7	7
		2,230	7	7

As compared with the last year's figures, there is an increase of Rs. 258-8-11, which is chiefly due to the grant on account of grain compensation paid to Local Fund servants drawing salary less than Rs. 16, and also on account of miscellaneous contingencies.

30.—STATIONERY AND PRINTING.

39. The sum of Rs. 47-8-0 represents the cost of forms. The decrease of Rs. 43-3-10 under this head is due to a smaller number of forms having been purchased during the year under report than the previous year.

32.—MISCELLANEOUS.

40. The sum of Rs. 2 shown under the head "Rewards for the destruction of dogs" is on account of killing stray dogs.

41. The sum of Rs. 1,313-11-5 represents the pay of the watchmen employed at dharmshálas.

As compared with the last year's figures, there is an increase of Rs. 310-12-2, which is due to the grant of grain compensation to Local Fund servants and also to the appointment of new watchmen for the dharmshálas in tálukas Umarkot, Diplo and Sanghar, and to the increment in the pay of the dharmshála servant at Shadipalli.

42. The sum of Rs. 275-8-0 under "Other petty establishment" represents the expenditure for the maintenance of two boats at the 18th and 24th miles of the Mithrao Canal and at Gher Sihojee on Nára Dhora. As compared with the last year's figures, there is an increase of Rs. 102-2-10 under this head, which is chiefly due to the appointment of two boatmen at Rs. 8 each per mensem at Gher Sihojee, táluka Khipra, from the 1st October 1898, in order to cross Marwari immigrants free of charge in consequence of the prevalence of famine, and also to the grant of grain compensation to boatmen.

43. The sum of Rs. 1,350 shown under "Miscellaneous Refunds" was at first credited to the Thar and Párkar Local Funds on the 20th March 1899 by the contractor of the mineral alkali on account of the third instalment of the farm, but the amount was subsequently refunded to him—*vide* your letter No. 3642, dated 22nd June 1899.

45.—CIVIL WORKS, PUBLIC WORKS.

As compared with the last year's figures, there is an increase of Rs. 1,164-7-7 under this head, which is chiefly due to the construction of the Dispensary building at Khipro.

45. As desired in your No. 1733, dated the 6th August 1895, I here mention the progress made in material improvements in this district during the year under report.

The construction of the Dispensary building at Khipro was undertaken as per standard plan and estimate sanctioned by the Government of Bombay.

The cost of the building amounts to Rs. 8,022-4-9, of which Rs. 13-5-5 were spent in 1898-99 and Rs. 8,008-15-4 during the year under report. The work was completed during the month of March 1900 and the new Dispensary building was occupied by the Hospital Assistant on the 1st April 1900. Out of the above amount of Rs. 8,022-4-9, the sum of Rs. 2,000 was paid as a contribution towards the construction of the building by Haji Khudabuksh Khan Mari, one of the most influential Zamindárs of the Nára Valley, on the condition that this Dispensary be named after him, and the balance, Rs. 6,022-4-9, was paid from the District Board General. Four bridges were constructed on the road from Shadipalli to Pir Pithoro at an aggregate cost of Rs. 1,273-11-0, and the sum of Rs. 2,299-9-3 was spent in improving the same road in order to facilitate traffic between Shadipalli and Umarkot.

Two new schools at Adhigam and Kasbo and a school-room at Virawah and Nagar in Nagar Táluka and one school-room at Chore in Umarkot Táluka were constructed, and additions and alterations to the school-house at Islamkot in Mithi táluka were made, and a compound wall, privy and additional room for the school-house at Shadipalli in táluka Khipro was constructed at an aggregate cost of Rs. 1,822-0-9.

A verandah to the Dispensary building at Mirpur Khás was constructed at a cost of Rs. 161.

In order to improve village water-supply a sum of Rs. 507 was spent in constructing two wells in táluka Khipro.

A sum of Rs. 1,248-13-10 has been spent in repairing the road along the banks of the Mithrao and Thar Canals to facilitate communication with the railway.

Contributions.

To other Boards.

46. The sum of Rs. 1,372 is on account of contributions to the following Boards under Government Resolution No. 1171, dated 11th March 1896, General Department:—

		Rs.
1.	Sanitary Board at Mirpur Khás	224
2.	Do. Chachro	216
3.	Do. Diplo	136
4.	Do. Khipro	268
5.	Do. Sanghar	112
6.	Do. Nabisar	138
7.	Do. Nagar	278
		1,372

A sum of Rs. 500 shown against Educational is on account of contribution towards the Female Training College, Hyderabad.

Debt Account—Rs. 1,500.

47. The debt account consists merely of the permanent advance for Local Fund works given to the following Boards:—

		Rs.
1.	District Local Board, Thar and Párkar	50
2.	Umarkot Board	200
3.	Khipro do.	50
4.	Párkar do.	150
5.	Chachro do.	300
6.	Mirpur Khás do.	300
7.	Sanghar do.	300
8.	Thar do.	150
		1,500

47. The closing balance on the 31st March 1900 at the disposal of the Boards, including the sum of Rs. 1,500 on account of the permanent advance placed at the disposal of the Mukhtyárkars, was Rs. 40,157-3-4. The minimum balance required to be maintained by the District and Táluka Local Boards is Rs. 8,000 only. The heavy balance is due to non-execution of several works provided for in the budget for 1899-1900, in accordance with the instructions contained in Government Resolution No. 4086, dated the 30th August 1899. These works have again been provided in the current year's budget.

Arrangements for the execution and supervision of the works carried out by Local Boards.

48. Under Section 61 of the Bombay Local Boards Act I of 1884, the works costing over Rs. 2,500 are carried out by the Executive Engineer, Public Works Department, and those below that amount are carried out under the supervision of the Mukhtyárkars of the tálukas, who give works to petty contractors. Where, however, professional agency is necessary, as for instance in construction of wells, bridges, new buildings, &c., up to Rs. 2,500, the Local Fund Overseer, who is employed in this district, prepares plans and estimates, and also supervises and measures up the works. The Deputy Collector, Nára Valley, and of the Desert Tálukas, exercises supervision, and the Deputy Commissioner general control.

STATEMENT IV.

49. In the year under report two wells were sunk and eleven wells repaired.

50. A statement of the mileage of old and new avenues, as required in your No. 1223 of the 10th April last, will be forwarded shortly.

GENERAL REMARKS.

51. I consider the administration of the Local Funds of this district to be perfectly satisfactory. The want of a really competent Local Fund Overseer has for long been felt, but it is difficult to get a highly trained man on the salary which the Board can afford to give, and frequent changes have somewhat gone against the efficient carrying out of some of the Local Fund works. However, I am glad to say that a trained man has been procured since the close of the year.

The Local Fund Establishment have, as usual, worked very well, and special praise is due to Mr. Ghanshamdas, the Local Fund Accountant, whose experience, industry and integrity have been as conspicuous as ever.

I have the honour to be,
Sir,
Your most obedient servant,
W. H. LUCAS,
Deputy Commissioner, Thar and Párkar.

LOCAL FUND DEPARTMENT.

From

M. D. MACKENZIE, ESQUIRE,
Deputy Commissioner, Upper Sind Frontier;

To

THE COMMISSIONER IN SIND.

Deputy Commissioner's Office,
Jacobabad, 12th June 1900.

SIR,

I have the honor to submit the annual administration report on the working of the Local Boards in the Upper Sind Frontier District for the year 1899-1900, together with the statistical tables I to IV in the forms prescribed by the Government of India.

Report on the administration of the Local Boards in the Upper Sind Frontier District for the year 1899-1900.

STATEMENT No. I.

2. This statement shows the strength of each Local Board, the number of meetings held and the average attendance at each.

The Local Boards of this district are constituted in accordance with Government Resolution No. 9547, dated the 3rd December 1884.

3. The total population and the area of the district remained unchanged in the year under report.

4. The number of meetings held during the year was sufficient.

5. The District Local Board held two half-yearly meetings. On 22 occasions the provisions of Section 34 of the Local Boards Act were availed of.

6. The business of the Board is, as usual, carried on by the official members; the others do little more than attend and acquiesce in proposals placed before them. They occasionally make suggestions, but, with one or two exceptions, they do no supervision work, and are apathetic to a degree. They have been addressed on this subject, and, with a considerable change in the constitution of the Board, it is hoped that some improvement will be shown in next year's report. A new triennial term of office of all the District and Táluka Boards, sanctioned under your notification No. G-155, dated 17th April 1900, published at page 22, Part I-A of the *Sind Official Gazette* dated 19th April 1900, has been commenced from 10th April 1900, the old term of the Boards having expired on the 31st March 1900, and certain useful members have been appointed instead of illiterate ones. The result of the change will be noted in next year's report.

STATEMENT II.

Income.

7. The year opened with a balance in hand of Rs 71,676-6-6 against Rs. 69,410-9-9, opening balance of the previous year. The items of income and the reasons for increases and decreases, as compared with the previous year, are given below :—

8. *IV.—Provincial Rates.*

	Rs.	a.	p.
Local rates, 1899-1900	60,073	4	3
Local rates, 1898-99	63,959	13	2
Decrease ...	3,886	8	11

This represents the net proceeds of the one-anna cess levied under the Sind Local Fund Act, 1865. This shows a decrease of Rs. 3,886-8-11, which is due to insufficiency of water-supply.

9. *XII.—Interest.*

	Rs.	a.	p.
On dispensary securities, 1899-1900	31	6	10
Do. 1898-99	31	6	10

The receipts relate to interest received on investments of dispensary funds.

10. *XVII.—Police.*

	Rs.	a.	p.
Receipts under Cattle Trespass Act, 1899-1900 ...	1,977	7	8
Do. do. 1898-99 ...	1,514	3	4
Increase ...	463	4	4

The receipts under this head represent the net profits of the pounds in non-municipal towns. The increase is due to the impounding of many cattle during the year under report.

11. *XIX—Education School Fees.*—The income under this head is composed of the following items :—

	Rs.	a.	p.
1. Examination fees	3	0	0
2. Other items	3	6	3
	6	6	3

12. *XX—Medical.*—The sum of Rs. 9-11-0 shown under this head is on account of hospital stoppages.

Botanical and other Public Garden Receipts.

13. The sum of Rs. 58-3-11 represents the sale-proceeds of the táluka nursery garden produce not connected with roads.

14. *XXV—Miscellaneous Receipts.*—Staging Bungalow receipts amounted to Rs. 143-8-0 as compared with Rs. 122-8-0 collected last year.

15. The sum of Rs. 100-7-2 shown under "other items" is made up of the following items:—

		Rs.	a.	p.
1.	Recovery of pay drawn in excess from Beldars of road establishment	6	15	1
2.	Sale of boxes of medicines	1	13	3
3.	Sale of old beams, &c., of Musáfarkhanas	2	0	0
4.	Compensation on account of repairs to roads inundated by Zemindári Canals	38	8	0
5.	Sale of bricks saved out of the construction of bridges, Thul Táluka	15	0	0
6.	Recovered from Contractors failing to complete the portion of repairs to school-house at Mirpur	20	8	0
7.	On account of sale of old chicks of stables	0	3	10
8.	On account of sale of old boxes belonging to Vaccination Department	0	8	0
9.	On account of sale of a Bullock	10	0	0
10.	On account of sale of three chairs	2	7	0
11.	Recovered from labourers on account of cost of a lost axe and a spade	2	8	0
	Total ...	100	7	2

16. *XXXII.—Civil Works.*

	Rs.	a.	p.
Tolls and Ferries for 1899-1900	1,146	0	0
Do. do. for 1898-99	1,198	8	0
Decrease ...	52	8	0

The decrease is due to the sale of the farm at a lower bid than last year.

17. *Rent of Buildings and lands.*

	Rs.	a.	p.
1899-1900	165	14	0
1898-99	119	14	8
Increase ...	45	15	4

The increase is due to more competition for occupancy of the market stalls during the year under report.

The sum of Rs. 24-10-0 shown under "sale of materials and stores" subordinate to XXXII Civil Works is on account of sale-proceeds of old dead stock articles.

18. The sum of Rs. 260-8-0 shown under "Miscellaneous" subordinate to "XXXII Civil Works" is on account of sale-proceeds of trees.

19. *Contributions.*

	Rs.
1899-1900	1,775
1898-99	1,603
Increase ...	172

The sum of Rs. 1,775 is made up of the following items :—

	Rs.
Grant by the Jacobabad Cantonments on account of repairs to roads	1,000
Contribution by Sajan Khan Banglani towards the construction of a bridge over his Karia	100
Contribution by the Panchayat of Thul towards the cost of conservancy establishment	122
Contribution by Ahmedkhan valad Kambirkhan Sundrani towards the construction of a bridge over his Karia	100
Contribution by Mir Hassam valad Sobdarkhan Bijarani towards the construction of a bridge over his Karia	100
Contribution by Tulsiomal towards the construction of a bridge over his Karia	353
	1,775

The increase is due to more contributions from private persons.

20. *Contributions.*

(*a*) Contribution from Provincial to Local—

	Rs.	a.	p.

Total ...	14,598 2 7	16,222 3 7	1,682 0 0	3,306 1 0

The decrease in the Government grant to schools is due to Rs. 3,000 having been transferred to the Shikárpur District. The increase in grants to Dispensaries is due to opening a new Dispensary at old Thul.

The increase in the fishery receipts is due to more bid having been offered at the auction-sales during the year under report.

Sand and Quarry Fees.—The item is of a fluctuating nature and calls for no explanation.

(*b*) Contribution from other Boards.—Under this head are shown grants to the following Dispensaries paid from Local Funds :—

	Rs.
Káshmore	600
Shahdádpur	800
Old Thul	800
	2,200

In addition to these items a sum of Rs. 1,000 received from the Shikárpur District on account of Horse Show grant is shown under this head.

21. The income of the year from all sources was Rs. 81,370-9-8 as against Rs. 86,597-12-11, which when added to the closing balance of the last year Rs. 71,676-6-6 gave a total of Rs. 1,53,047-0-2.

22. The incidence of taxation and that of income per head of population is shown against each Board.

The incidence of taxation on the whole district population is Re. 0-5-11 and that of income, excluding opening balance, is Re. 0-8-0. This shows a decrease of 5 pies in the former and 7 pies in the latter as contrasted with preceding year.

STATEMENT III.

23. The following details are explanatory of each of the items in Statement III as stand in need of further elucidation.

XVIII.—Administration.

24. Office Contingencies—

	Rs.	a.	p.
In 1899-1900, amounted to	303	9	0
In 1898-99 do.	300	1	9
	3	7	3

The increase being insignificant calls for no explanation.

25. *Payment of establishment for office of Accounts, Control and Audit—*

	Rs.	a.	p.
1899-1900	2,817	3	3
1898-99	2,501	3	8
Increase ...	315	15	7

The amount expended under this head represents cost of Deputy Commissioner's and Commissioner's Local Fund Establishments and the Accountant General's audit fee.

The details of the amounts expended during the two years are given below.

	1899-1900.			1898-99.			Increase.			Decrease.		
	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.	Rs.	a.	p.
(1) Deputy Commissioner's Local Fund Establishment ...	2,385	0	0	2,092	3	2	292	12	10	.....		
(2) Commissioner's Local Fund Establishment	183	3	3	157	0	6	26	2	9	.....		
(3) Accountant General's Audit fee	249	0	0	252	0	0	.....			3	0	0
	2,817	3	3	2,501	3	8	318	15	7	3	0	0

The consolidated sum of Rs. 1,898-12-0 fixed in terms of Government Resolution No. 1536, dated 2nd April 1892, was credited to Government in April 1897, on account of Deputy Commissioner's Local Fund Establishment instead of the actual expenditure. The remaining sum of Rs. 486-4-0 was according to the Accountant General's intimation credited subsequently to Government. The increase is due to the permanent incumbent having received increment of Rs. 5 per mensem during the year under report.

The increase or decrease for the charges shown against items 2 and 3 above requires no explanation as they are of a fluctuating nature and are based on the income of the year.

XXII.—Education.

26. The expenditure on Primary Schools amounted in—

	Rs.	a.	p.
1899-1900	16,134	15	1
1898-99	16,236	5	3
	101	6	2

The decrease being insignificant calls for no explanation.

Grant-in-aid.

	Rs.
1899-1900	2,018
1898-99	800
	1,218

The increase is due to the contribution made towards the Madressa buildings last year.

The items comprised under this head are—

	Rs.
1. Sind Arts College	250
2. Mahomedan Madressa	1,068
3. Medical School	200
4. Midwifery School	200
5. Technical School	300
	2,018

The sum of Rs. 500 was contributed to other Boards as usual towards the Female Normal School, Hyderabad.

Scholarship.—The expenditure on this head amounted in :—

	Rs.	a.	p.
1899-1900	1,166	12	1
1898-99	1,054	11	6
Increase ...	112	0	7

The sum of Rs. 1,166-12-1 shown under this head is composed of the following sums :—

	Rs.	a.	p.
1. Hyderabad Training College	959	12	1
2. Scholarships, Middle and Special Schools	207	0	0
Total ...	1,166	12	1

The increase is due to the Local Board scholarships having been filled to a fuller extent and to the amount of contribution on account of medical supervision of the College having been raised.

The amount shown under sub-head "Miscellaneous Subordinate to 22—Education," represents the cost of prize books. The expenditure under this head amounted in—

	Rs.	a.	p.
1899-1900	239	6	3
1898-99	326	0	6
Decrease ...	86	10	3

XXIV.—Medical.

27. The expenditure under this head amounted in—

	Rs.	a.	p.
1899-1900	8,052	6	10
1898-99	14,918	10	7
Decrease ...	6,866	3	9

The decrease is due to more contribution having been made last year towards the plague expenses than this year.

XXVI.—Scientific and other Minor Department.

28. Under the head "Horse Fairs" the expenditure was as follows:—

	Rs.	a.	p.
1899-1900	5,226	11	0
1898-99	5,000	0	0
Increase ...	226	11	0

The increase is due to some sleeper Landhis having been constructed on the Horse Show ground during the year under report.

29. The sum of Rs. 40-15-0 shown under "Botanical and other public gardens" represents the cost of vegetable and flower seeds purchased for planting in the nursery gardens in the táluka head-quarter stations in this district.

30. Under "Printing" the expenditure during the year under report amounts to Rs. 81-13-2 against Rs. 63-2-1 in 1898-99. The increase is due to more number of forms required.

XXXII.—Miscellaneous.

Other Petty Establishment Charges.

	Rs.	a.	p.
1899-1900	844	8	9
1898-99	844	6	5

Three Stallion stables	do.	do.	98	7	0
21 school-houses	do.	do.	888	14	11

Communications.

Repairs to 870¾ miles of roads and bridges cost Rs. 16,310-1-10 and a sum of Rs. 4,040-14-1 was also expended on planting and preservation of road-side trees. The latter sum has been shown under this head in accordance with the instructions contained in Government Resolution No. 2843, dated 25th May 1897.

Water-supply and Water-works.

32. The following expenditure was incurred in connection with works constructed wholly at Local Fund cost :—

	Rs.	a.	p.
Constructing a bathing ghat on Kur Dato, Shahdádpur Táluka.	143	0	0
Repairs to 43 wells	1,356	5	1
Total ...	1,499	5	1

The full details are given in the statement No. 4 herewith attached.

33. The sum of Rs. 1,329-9-10 shown under the sub-head "Establishment and Contingencies" appertaining to Public Works subordinate to "45 Civil Works" in charge of Civil Officers represents the pay, travelling allowance and contingencies of the Overseer's establishment.

The Overseer prepares plans and estimates and inspects works and thereby causes a distinct saving to the Board of 12 per cent.

Public Works Charges.

The works under each Board in my District are inspected by Works Committees appointed for each Táluka Local Board in terms of Rule 2 of the Local Board Rules consisting of not less than 5 members.

The several works in progress in each táluka are inspected by them at the request of the Presidents and Vice-Presidents. In consequence however of the members being very illiterate, the measurement of works and assistance of every

description such as is obtainable in the more advanced districts of the Province is unobtainable here.

34. The total expenditure on Civil Works amounted to Rs. 29,453-15-9 against Rs. 39,110-0-9 last year, showing a decrease of Rs. 9,656-1-0.

In view of the prevailing famine and plague several works, which were provided in the Budget estimate of the year under report, were held in abeyance in order to reserve as large a balance in the treasury as possible as decided by Government in their Resolution No. 4446, dated 28th November 1896.

35. The entire expenditure of the year under report was Rs. 67,969-4-2 against Rs. 84,332-0-2 last year, leaving a balance of Rs. 85,077-12-0 at the close of the year.

STATEMENT IV.

36. This statement shows the number and cost of new wells and other sources of water-supply repaired by each Board and requires no comment.

37. The Village Sanitation Act is not in force in any of the villages in this district though in certain selected villages sanitary books are kept.

38. No special grants were made by Government during the year for water works in this district.

39. The progress made in material improvements in this district during the year under report is detailed below.

Water-supply and Water-works.			
The existing sources of water-supply were improved at an outlay of	1,499	5	1

40. A statement showing the mileage of old avenues and new ones planted in the year under report is herewith submitted.

Summary of the present arrangement for execution and supervision of the works carried out in the District Local Board.

41. The present arrangement for the execution of Local Fund works in the Upper Sind Frontier in the case of bridges over karias crossing the roads and such other original works as require professional skill is that they are carried out by the Board themselves by the trained Overseer. Whilst works of petty construction such as landhis for travellers, repairs to roads, musafirkhánas, travellers' bungalows, bridges, schools, &c., are executed through the local contractors or through establishment entertained by the Boards and superintended by the Vice-Presidents and members of the Boards.

Plans and estimates for all original works which require engineering skill are prepared by the Board's Overseer, and those estimated to cost over Rs. 500 each are sent to the Government Executive Engineer for review under the rules, for which a percentage of rupee one is paid to the Public Works Department.

General.

42. The chief wants in the district are bridges and wells. These are gradually being secured.

I have the honour to be,

Sir,

Your most obedient Servant,

M. D. MACKENZIE,

Deputy Commissioner, Upper Sind Frontier.

DHA'RWA'R.

Statement showing the Original Cost, Mileage and present condition of Local Fund Roads in charge of the Executive Engineer, Dhárwár District, for 1899-1900.

No.	Name of Road.	Length in Miles.	Original Cost.	Remarks as to present condition.
			Rs.	
	(I)—METALLED ROADS.			
	A.—Bridged and drained throughout.			
1	Dhárwár-Haliyál Road between Dhárwár and Mavinkop.	16 M. 2,640 ft.	21,980	Is in fair condition. Portions requiring repair will be attended to from the current repair grants.
2	Karajgi to Southern Marátha Railway Station, Karajgi.	3 M. 239 ft.	14,300	Is in fair condition. Two of the drains need repairs, for which funds have been provided during 1900-1901.
3	Motebenur-Byádgi Road ..	3	6,720	Owing to heavy traffic, the road is badly rutted. A special Repair Estimate was submitted, but returned for want of funds. Attention is being paid to the road so far as funds permit.
	B.—Partially bridged and drained.			
4	Dhárwár-Saundatti Road *viâ* Aminbhavi between Dhárwár and Hirebelwadi.	11 M. 1,320 ft.	29,825	Is in fair condition.
5	Navalgund-Annigeri Road ...	11 M. 2,640 ft.	1,10,226	Is in good condition. Three unbridged nálas give some trouble during the rains.
	(II)—UNMETALLED ROADS.			
	A.—Bridged and drained throughout.			
	Nil.			
	B.—Partially bridged and drained.			
6	Harihar-Sámasgi Road ..	51 M. 1,980 ft.	Not known.	Is in fair condition. Portions have been metalled and others will be attended to in like manner as funds permit. Miles 18, 32, 33, 36, 42 and 43 were metalled during 1899-1900.
7	Byádgi-Hávasbhávi Road ..	10 M. 3,960 ft.	24,690	Is a fair weather road only. Mile No. 14, which was in a bad state, was metalled during 1899-1900.
8	Tadas-Gundi Road ..	34 M. 3,960 ft	Not known.	The road starts from Tadas in Bankápur Táluka and runs *viâ* Dhundshi and Hángal southward to Gundi. Portions have been metalled and others will be attended to as funds permit. Miles 15, 16, 17 and 19, and 5 furlongs in each of 28 and 36 were metalled during the year. The road has suffered much owing to most of the allotments for reserve metal being withdrawn for famine and plague purposes during the past years.

APPENDIX V—*continued.*

No.	Name of Road.	Length in Miles.	Original Cost.	Remarks as to present condition.
			Rs.	
9	Masur-Mundargi Road ...	47 M. 600 ft.	32,248	Portions of this road near Dandkihalli and Halgeri and from Guttal to Bilhatti which pass through Native States are unmade and forms a serious break. Miles 4, 5, 18, 19, 20, 21, 22, 24, 25 to 32 are metalled.
10	Palla-Bádámi Road ...	78 M. 1,980 ft.	1,45,600	This is a fair weather road metalled in parts. Miles 34, 35 and portions of miles 32, 31, 46 and 48 were metalled during 1899-1900, and metal has been collected for further repairs in miles 52, 54, 61, 62, 64 and 66. Some crossings and nálas between Mulgund and Kotumchgi have been improved.
11	Dhárwár-Tadas Road ...	27 M. 600 ft.	37,138	Portions of the road are metalled. Miles 29, 23 and portions of 21, 22 and 31 and the whole of the 3rd mile were improved.
12	Navalgund-Ron Road ...	28	1,49,007	This is a fair weather road, in pretty good order. Certain nálas require bridges and drains.
13	Kotumchgi-Gajendragad Road .	20	Still incomplete.	The portion from Naregal to Gajendragad was constructed during the Famine of 1896-97. Dips and drains have yet to be constructed. A portion of about 3 miles lying in the Nizám's territory is unmade.
14	Nargund-Mallapur Road ...	13 M. 1,675 ft.	Do. ...	This road was also started in 1896-97 to afford labour to the famine-stricken people is in fair order, but incomplete so far as drains and dips are concerned.
15	Ron-Gajendragad Road ...	16 M. 3,168 ft.	Do. ...	Was started as a semi-famine relief work in 1896-97, and the earth-work and spreading and consolidating murum up to Sudi only have been completed. Road in fair order.
16	Harlapur Railway Station to Advisomapur Road.	10½	Do. ...	The construction of this road was started to afford relief during the year. The 1st Section from Harlapur Railway Station to Harlapur village, and part of the 2nd Section from Harlapur to Lakkundi have only been completed.

HUGH WRAY,
Acting Executive Engineer, Dhárwár District.

KA'NARA.

Statement showing the Cost of Construction, Maintenance and Length of Local Fund Roads in charge of Public Works Department during 1899-1900, with a short note on their present condition (in the Kánara District).

No.	Classification and Names of Roads.	Length of roads maintained.	Original cost of construction.	Cost of maintenance during the year.	Average cost of maintenance during the last 5 years per mile.	Short note on present condition.
	Village or cleared roads with some Nálas drained and bridged.	M.	Rs.	Rs.		
1	Road from Aminhally to Kumta *vid* Nilkund.	32 M. 1,870 ft.	Unknown ...	3,245	93·41	Moderate, except in Nilkund Ghát, which is very bad and is being improved. Bridges that were in bad order are being put in order. River crossing bad.
2	Road from Yellápur to Kodkani *vid* Sirsi...	63	Do. ...	4,860	86·41	Moderate. Steep gradients require improvement between Yellápur and Sirsi. Some culverts require renewal.
3	Road from Siddápur to Nilkund ...	19 M. 3,750 ft.	Do. ...	1,521	85·84	Fair, except at a place where a very large slip has occurred. A deviation line is surveyed and the project is under preparation.
4	Road from Ankola to Madras Frontier *vid* Mirjan, Kumta and Honávar.	62 M. 2,248 ft.	Do. ...	4,536	80·92	Fair, except steep gradients at Hebbankeri and Vandoor. A deviation line has been surveyed and the project is under preparation.
5	Road from Sadáshivgad to Kadra ...	19	Do. ...	600	32·84	Surface partly fair and partly indifferent. It is being improved. It is quite impassable in rains owing to large unbridged nálas crossing it.

N.B.—The roads were constructed by Local Fund Agency and transferred to this Department for maintenance.

No. 3230 OF 1900.

Kárwár, 10th July 1900.

Forwarded to the Commissioner, S. D.

G. V. GAYATONDE, L.C.E.,
Executive Engineer, Kánara District.

RATNA'GIRI AND KOLA'BA.

Statement showing the Local Fund Roads in charge of the Executive Engineer, Ratnágiri and Kolába Districts, with the Original Cost, Mileage and present condition for the year 1899-1900.

No.	Names of Roads.	Length in Miles.	Original Cost.	Present condition.	Remarks.
			Rs.		
1	Road from Alibág to Revas.	15	1,54,188	In good order; bridged and drained throughout. Last three miles embanked through salt marsh. The pitched embankment is gradually setting in some places.	Good in all season. It would be well if the pitching is thoroughly renewed by special repairs as much cannot be done at a time from current repairs allotment. The 15th mile is submerged under water at high tides and is much cut up thereby: it should be raised slightly.
2	Alibág-Revdanda Road (portion from Sakher to Revdanda).	8	Not knowr.	This road is in some places merely a narrow lane winding through the villages and gardens of the locality; the road being in some places lower than the girders and compounds. The water in rainy weather collects in pools over its surface or becomes a running stream.	Good in fair weather and fairly good in rains. Some encroachment of the creek at Rayawari is going on and threatens to affect the embanked road. A plan and estimate for remedial measure was lately submitted, but this has not been sanctioned for want of funds.
3	Salao-Korlai Road .	2¼	5,359	In good order	Passable at all times.
4	Pen-Panvel Road (portion from Pen to Kharepáda).	8	Not known.	In very good order, but crosses three unbridged creeks which at some time, in rainy season, are quite impassable, and in fair season at high tides are more or less so. The approaches of the first creek on the Pen side are much cut up. They require to be made with a coat of blasted metal. The bed is also very rocky and uneven.	Good in fair weather.
5	Pen-Pnvel Road (portion from Duswiford to Palaspe).	9⅛	Do.	This road from the creek at Kharepáda is bridged and drained and completed in every respect as a murum road and is in very good oder.	Good road throughout.
6	Pen-Panvel Road (portion from Palaspe to Kolkha).	1	Do.	A good fair weather road, requires one nála to be bridged and, owing to defect in constructions, is susceptible of much improvements, especially. the Palaspe village portion, which is narrow and rocky.	Good road in fair weather. There is a famine project prepared for a much better and shorter line, which might be taken up without waiting for the next famine.

APPENDIX V—*concluded.*

No.	Names of Roads.	Length in Miles.	Original Cost.	Present condition.	Remarks.
			Rs.		
7	Uran-Karanja Road.	5	Not known.	In good order, but the masonry of drains and culverts is old and has a dilapidated appearance, most likely owing to faulty or very cheap class of construction originally adopted.	Good in all seasons. The surface is in course of further improvement by substituting blasted metal for murum when annual repairs are made.
8	Road from Guhágar to Chiplún, Section from Guhágar to Chikli.	8	20,163	The length of the road from Chiplún to Guhágar is 27 miles, out of which a portion of 8 miles from Guhágar to Chikli has been improved by this Department. The first portion is bridged and drained throughout, except No. 7 place, where watercourses are large and, therefore, causeways are built over them.	
9	Road over Mutholi Khind (Section from Indápur-Tale Road).	2½	17,066	The road commences from a point about one mile west of Nágothna-Mahád Road near Indápur, and runs towards Tullah through Mutholi Khind. The length through the hills, which is repaired by the Public Works Department, is surfaced with murum and is bridged and drained throughout, and is in good condition.	

P. H. PATUCK,
Executive Engineer, Ratnágiri and Kolába Districts.
